COLUMBIA UNIVERSITY COMPLETING GREAT WAR HOSPITAL

On a nineteen-acre tract in the Bronx, New York City, Columbia University is rapidly completing its great base hospital. Eleven of the squat, one-story portable buildings have already been erected. All of the administrative buildings are up and the wards, twenty-two in number, are following fast. It is the intention to use the hospital during the war as a receiving and distributing center for the wounded that are brought to the port of New York. The photograph shows one of the wards, where plenty of light and air will be one of the principal features.

ENGINEERS OF GUARD SURVEY NEW CAMP SITE

Have Island Staked Out For Placing Canvas Village Sunday

Sunday morning at 9 o'clock the National Guardsmen of the city will meet at the armory, Second and Forster streets. At that time all the details necessary to complete mobilization will be attended to and it is not likely that anything will be done for some days. The First Troop, Philadelphia, and the Governor's Troop, Harrisburg, have both been mentioned for the honor.

Appointments in the Guard announced to-day include: Harry S. Barton, captain; Abraham S. Genard, first lieutenant; and Floyd A. Bradstreet, second lieutenant, Company I, Thirteenth Infantry; Paul S. Wynne, captain, quartermaster's department; to administrative staff; George N. Dietrich, captain Battery A, and Harry L. Probst, captain Battery F, Third Artillery; Raymond A. Brown, first lieutenant, Second Brigade Headquarters; Edward Brown, first lieutenant, Battery D, Third Artillery; Henry James Kernick, second lieutenant, and assistant veterinarian, First Artillery; Major Frederick O. Waage, retired.

The strength report of the Eighth Infantry as made to the Adjutant General shows the Eighth to have 56 officers and 1,875 men. It needs 147 men to complete it.

Signal Recruiting Booms Yesterday proved to be a busy day for signal corps recruiting in room 5 of the Victoria building, under Lieutenant Amthor. The lieutenant reports a daily increasing number of young men who are anxious to be told all about the corps branch and the work they want to enter. He also reports many of the men who want to enlist evidently believe they have sufficient qualifications for commissions immediately.

When one recruit was told that he stood an excellent opportunity of getting a commission after he had experience at the training camp he wouldn't mind trying it only the people at the office where he was employed would think him a fool to take such a chance when he had a good job.

Lieutenant Amthor is anxious to get more untrained men who are anxious to specialize some particular branch. Most of the applications have been from men already trained in some branch of the work but even more vacancies exist for the untrained man who wishes to become proficient.

Daniel Zorger, Jr., 409 Kelker street, who has had several years experience as an electrician and is wireless operating yesterday went to a wireless school in New York City. He intends to become even more proficient and be assured of a good appointment when the corps is called into service.

Other men who have enlisted or whose enlistments are pending are: Edgar M. Smith, Hagerstown, Md.;

LIFE IS A FUNNY PROPOSITION AFTER ALL

Always Full of Surprises

"I am going to tell to you a little story, which, if you are a sufferer, will interest you," says Mrs. Ruth Palmer, 114 Chestnut street, Harrisburg. "For a long time I was bothered with liver, stomach and intestinal troubles, was also very nervous, suffered intensely with heartburn, my head ached severely at times and I simply had no strength to do anything. "In the morning I felt worn out and just as tired as when I went to bed. "Candidly, I didn't think a person could feel so miserable and recover as quickly as I have, and I feel that I owe it to Sanpan. "I had never had any faith in patent medicines, but since I have taken Sanpan, have changed my mind, it certainly does the work. "I am glad to recommend it. "Sanpan is now being introduced at Keller's Drug Store, 405 Market street, Harrisburg, where the Sanpan man is explaining it to the people. "Sanpan will be sent postpaid upon receipt of price.—Adv.

Payroll Snarl Awaits Return of Mr. Snyder

Capitol Hill is to-day awaiting the return of Auditor General Charles A. Snyder to see what he is going to do about the payrolls and regulations for expenses which the heads of departments who were reappointed after being rejected by the Senate are sending to him. Mr. Snyder has been at Pottsville attending the convention of county commissioners, and no one is authorized to speak for him.

Attorney General Brown, who returned here to-day, says that he will probably see Mr. Snyder in a short time, but did not intimate what course would be taken in event that payments are refused.

Men connected with the auditor general's department have refused to talk in the absence of the auditor general about the demand made by Mr. Snyder on ex-Auditor General A. W. Powell for certain papers which he said to have been placed there subject to Mr. Powell's order. Mr. Powell has declined to talk and the auditor general before he left the city said that he thought some papers had been taken from the capitol by men who retired when Powell went out and that he wanted them returned. The papers are said to relate to corporation taxes and have been much in the rumors going about the Capitol for three or four months.

City Solicitor to Ask Court to Fix Date For Hardscrabble Appeals

City Solicitor Fox will probably ask the Court on Monday to fix a date in the fall for the trial of the pending Hardscrabble appeals from the viewers' awards.

The cases have been pending for months, and the trial has been prepared by the city and tendered to the property owners. The first issue was refused because they were signed by Commissioner William L. Grogan, then acting Mayor. Some of the second issue have been refused also, and the Court will be asked to settle the question of whether the city can furnish its own security.

Thirty-Seven Girls Go Into Island Camp

Thirty-seven girls were taken to McCormick's Island this afternoon for the first week of the summer camp held by the City Park Department. The girls were from the Reservoir and Lincoln playgrounds. They were taken to the shore landing, at Riverside, in a big auto truck, and then to the island by boat. Everything was in readiness there and the girls began preparing for their first meal at camp.

Leisurely games were started to-day at the Maclay, Boas, Sycamore and Penn playgrounds. The schedule for the championship game will be played between the uptown and downtown winners.

Expect More Recruits It is expected that the new order from the War Department making the height 5 feet 1 inch and the weight 110 pounds, will greatly increase the number of recruits at the regular training camp. Enlistments have been maintaining a good average for weeks, but they have been forced to turn away many men anxious to enter the service who lack the necessary height.

Recent enlistments from Harrisburg and vicinity are: William A. McWilliams, Main street; Emrick, infantry; Edward L. Hinkle, 164 South Summit street, Harrisburg; John F. Hubley, 1407 Regina street, Harrisburg; John K. McCauley, 630 South Second street, Steelton, infantry; Emid Dicarilo, Anville, medical department.

Cutting Fray Settled; Indictment Withdrawn

Stunko Vucoic, scheduled to be heard yesterday afternoon at police court, did not put in an appearance as expected. Stunko was accused of cutting another foreigner, Andy Lucas, with a knife, Sunday night. Evidence given by four witnesses accused him of slipping into the cellar at 1215 South Ninth street with a knife and then assaulting Lucas. When Lucas was urged to withdraw the case by Vucoic's counsel, Robert Stucker, he insisted "nothin' doin'," he tried to kill me. Stucker assured Alderman James B. Lucas that Vucoic would be induced to withdraw the case. An extension was given until yesterday afternoon "to get more witnesses in the case." New Railroad Head Denies Merger Rumor

Baltimore, July 12. — While the election of Cral R. Gray, president of the Western Maryland Railway, as chairman of the board of directors of the Wheeling and Lake Erie Railroad given rise to the belief in local financial circles that this is a step toward linking the two properties in one system, President Gray stated yesterday that the interests in control of both roads had no such plan in view.

The control of the Wheeling and Lake Erie passed to the Rockefeller interests early in May, through the purchase of \$11,450,000 prior line 7 per cent. stock from Kuhn, Loeb and Co. and Blair and Co., reorganization managers. Since this purchase the general impression has been that in time the Rockefellers would consolidate the two properties and that Gray would be placed in charge of both.
