On the French front there has only been local fighting. Paris mentions sporadic artillery activity in sectors of the Alsne front and to the north of Verdun, with attacks at several points in the Verdun sector. The assaults apparently were not in strong force and failed under the fire of the French guns.

General Haig's troops in Northern France continue comparatively inactive. There has been considerable air fighting recently, in which the British had the advantage, and last light successful trench raids were carried out by them in the Hulluch and Ypres zectors in Belgium.

RUSSIA FACES **BIG PROBLEM** FOR FINANCES

Man Widely Known Here War Brings Total Debt of Nation Up to 45,000,000,000 Rubles

After he had dismissed a workman in, his employ, Wilham E. Dunbar, son of Mrs. Catherine E. Dunbar, 218 North Second street, was shot and killed yesterday afternoon at East Aurora, N. Y.
Dunbar dismissed Antonio Rosso and then turned and walked away from him. Rosso drew a revolver from his pocket, pointed the gun, fired, and then calmly walked from the scene. The foreigners who witnessed the murder were too astounded to even make an attempt to get the man. Up until a late hour this afternoon no word had been received in this city concerning the capture of the eriminal.

Mr. Dunbar was supervisor of the Buffalo division. Yesterday afternoon he was forced to censure the Italian. A short time later Rosso threatened his life and was next seen pointing the revolver.

Brought Here For Burial Beginning as a surveyor at this city Mr. Dunbar rapidly advanced to his present position. At one time he was supervisor near Ridgway and later made supervisor of the Buffalo division.

Menural services will be held tomores. Another unfavorable feature of the general situation is a decrease of 30 per cent. in the production of coal in Southern Russia. M. Bubli-koff also referred to the circumstence of the stances that 40 per cent. of the country's locomotives and cars are in the shops awaiting repairs. The financial problems, the deputy said in his opinion, could not be solved by the imposition of fresh taxation which would remove the stimulas for productive labor.

SERVICES FOR MR. BOILEAU

Funeral services will be held tomorrow afternoon, at 2 o'clock, for
Howard Bower Boileau, aged 60, who
died Tuesday at his home, 1101 Pens

Under the new schedule Bituminous Coal Operators have consented to a charge of \$3.50 per net ton at the mines; which is \$2.00 per ton above the prices in effect before the War.

Anthracite Coal prices have advanced but 10 per cent., merely sufficient to cover actual increase in the cost of doing business.
