

4,237 WOMEN AFFIX NAMES TO FOOD CARDS

City and County Is Rallying to Conservation Call of President

At noon to-day according to official reports given out at the headquarters of the food conservation registrars, 1,971 women in the city had signed the pledge. The total is 4,237. This afternoon and to-morrow are the last days for the enrollment. So far Dauphin is the only county borough to turn in complete returns for the campaign, the upper end town has 117 women registered. The reports for a coming week as to the wards is as follows: First, 307; third, 34; Fourth, 61; fifth, 77; sixth, 152; seventh, 212; eighth, 246; ninth, 113; tenth, 216; eleventh, 224; twelfth, 276; thirteenth, 63.

NATIONAL GUARD PERFECTS DETAILS

Continued From First Page

In several lines of work where they are most needed. He is especially anxious to enlist clerks, stenographers and typists and telephone operators. This morning two expert telegraphers made application. A big send-off to the men who have joined the service but are not yet on active duty is being planned for the members of the Wharton Study Club this evening at 8 o'clock. Several prominent men have been asked to attend and it is intended to make this the largest of the many successful events the club has given its members.

Enter Federal Service The Adjutant General's Department to-day announced that six officers and enlisted men of the National Guard regiments now in federal service had passed the examination for admission to the United States Army and would be discharged from the Guard to accept commissions. Adjutant General Stewart to-day received acknowledgments of his orders to command the National Guard organizations to have every officer and man present for initial muster on Monday morning. Efforts are being made to speed up enlistments so as to get commands at war strength before entering federal service. A truck company may be located at Lebanon. It is being organized by Eugene Meyer, one of the stenographers of the State House of Representatives. Harry A. Persell, of Wilkinsburg, was to-day appointed a major in

LONGING FOR A CHILD

Young Girl Almost in Despair. Now has Beautiful Baby Girl.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. Lydia E. Pinkham's Vegetable Compound has brought joy to many childless women by restoring them to normal health. Here is a notable case.

Omaha, Neb.—"I suffered from female troubles when I was seventeen years old. At eighteen I was married and my trouble was no better so I consulted a physician who said that there was nothing I could do and I could not have children. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it and it has proved worth its weight in gold to me for I am not only well but have a baby girl, so when I hear of any woman suffering as I was I tell her of Lydia E. Pinkham's Vegetable Compound."—Mrs. W. Hughes, 19 Majestic Apts., Omaha, Neb.

WOMEN! MOTHERS! DAUGHTERS!

You who are pale, have a nervous or irritable, who are subject to fits of melancholy or the "blues," get your blood examined for iron deficiency. F. King, M.D. writes: "I have treated many cases of iron deficiency. It is absolutely necessary to increase your strength and vitality. I have increased your strength and vitality 100 per cent in two weeks in many cases."—Ferdinand King, 1111 Market Street, Philadelphia, Pa. Write to King's Laboratories, 243 W. 47th St., New York City. F. King's Compound, usually prescribed in 30-grain tablets, is usually taken three times a day after meals.

U. S. FOOD ADMINISTRATION

WIN THE WAR BY GIVING YOUR OWN DAILY SERVICE

SAVE THE WHEAT.—One wheatless meal a day. Use corn, oatmeal, rye or barley bread and nonwheat breakfast foods. Order bread twenty-four hours in advance so your baker will not bake beyond his needs. Cut the loaf on the table and only as required. Use stale bread for cooking, toast, etc. Eat less cake and pastry.

Our wheat harvest is far below normal. If each person weekly saves one ounce of wheat flour that means 150,000 more bushels of wheat for the Allies to mix in their bread. This will help them to save DEMOCRACY.

SAVE THE MEAT.—Beef, mutton or pork not more than once daily. Use freely vegetables and fish. At the meat meal serve smaller portions, and steaks instead of steaks. Make made-dishes of all left-overs. Do this and there will be meat enough for every one at a reasonable price.

We are to-day killing the dairy cows and female calves as the result of the present shortage of milk. Therefore, eat less and eat no young meat. If we save an ounce of meat each day per person, we will have additional supply equal to 2,300,000 cattle.

SAVE THE MILK.—The children must have milk. Use every drop. Use buttermilk and sourmilk for cooking and making cottage cheese. Use less cream.

SAVE THE FATS.—We are the world's greatest fat wasters. Fat is food. Butter is essential for the growth and health of children. Use butter on the table as usual but not in cooking. Other fats are as good. Reduce use of fried foods. Save daily one-third ounce animal fats. Soap contains fats. Do not waste it. Make your own washing soap at home out of the saved fats.

Use one-third ounce less per day of animal fat and 375,000 tons will be saved yearly.

SAVE THE SUGAR.—Sugar is scarcer. We use to-day three times as much per person as our Allies. So there may be enough for all at reasonable price, use less candy and sweet drinks. Do not stint sugar in putting up fruit and jams. They will save butter.

If everyone in America saves one ounce of sugar daily, it means 1,100,000 tons for the year.

SAVE THE FUEL.—Coal comes from a distance and our railroads are overburdened hauling war material. Help relieve them by burning fewer fires. Use wood when you can get it.

USE THE PERISHABLE FOODS.—Fruits and vegetables we have in abundance. As a nation we eat too little green stuffs. Double their use and improve your health. Store potatoes and other roots properly and they will keep. Begin now to can or dry all surplus garden products.

USE LOCAL SUPPLIES.—Patronize your local producer. Distance means money. Buy perishable food from the neighborhood nearest you and thus save transportation.

GENERAL RULES

Buy less, serve smaller portions. Preach the "Gospel of the Clean Plate." Don't eat a fourth meal. Don't limit the plain food of growing children. Watch out for the wastes in the community. Full garbage pails in America mean empty dinner pails in America. If the more fortunate of our people will avoid waste and eat no more than they need, the high cost of living problem of the less fortunate will be solved.

HOME CARD HERBERT HOOVER, United States Food Administrator.

REGISTRATION CARD

FOOD ADMINISTRATOR, WASHINGTON, D. C.

I am glad to join you in the service of Food Conservation for our Nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the Food Administrator in the conduct of my household, in so far as my circumstances permit.

NAME ADDRESS Number in Household Do you employ a cook? Occupation of Breadwinner Will you take part in authorized neighborhood movements for food conservation?

There are no fees or dues to be paid. The Food Administration wishes to have as members all of those actually handling food in the home.

Directions Upon receipt of your pledge card by the Food Administrator, Washington, D. C., you will receive FREE your first instructions and a household tag to be hung in your window.

Upon receipt of ten cents with your pledge card and a return addressed envelope, the official button of the Administration and if desired, the shield insignia of the Food Administration will also be sent you.

FINN COUNTRY FREE OF RUSSIA

Continued From First Page

refuse, however, to allow Finland to determine her relations with Russia. In the meantime she must wait until the meeting of the constituent assembly.

Press is Sharp The comment of the newspapers in Petrograd is sharp. The Retch declares it is impossible for Russia to tolerate Finland's move. The Birzhevka hints at armed interference, saying Russia is now about to make a last attempt toward a peaceful settlement.

According to the present program, Helsinki will to-morrow put the bill passed Thursday into force by simple declaration, meaning without Russia's sanction. This is the first formal denial of Russia's suzerain rights.

The law, which was engineered by the socialists, proclaims that Russia has lost all authority in Finland except in the domains of diplomacy and in the army and navy, where, however, Russia's rights are undefined. All other prerogatives of the grand duke of Finland with the provisional government claims passed automatically to it belong to Finland. Specifically the Diet assumes the grand duke's right to put into execution the law; convolve and prorogue the legislature and appoint a supreme executive.

The governor general is not mentioned in the law and no functions are left him he is practically superseded. Telegrams from Helsinki declare that after the promulgation of the law the Diet will appoint its own senate.

Separate Division An inkling of the action of the Finnish Diet was given on June 22, when the Social Democratic Congress of Finland adopted resolutions demanding the separating of Finland from Russia and the formation of an independent republic. Under the plan proposed Russia would not have the right to keep troops in Finnish territory in time of peace or to possess any fortifications. Economic relations between Finland and Russia would be regulated as between for-

Official Orders Organizations of the Pennsylvania National Guard not in Federal service were this night ordered by Adjutant General Stewart to mobilize at their home stations on Sunday in accordance with the President's proclamation and regimental commanders were directed to have the officers of their units notify their reservists to report at the same time. This order was issued immediately after receipt of a telegraphic order from Governor's Island formally calling the organizations into Federal service and announcing that the initial muster would be held Monday morning at 9 o'clock.

The order from the department of the East called into Federal service, to be assembled at home stations, the division, artillery, First, Second and Third Brigade Headquarters, Fourth, Sixth, Eighth, Tenth and Sixteenth Regiments Infantry, First Cavalry; First, Second and Third Field Artillery, less Battery E and the sanitary detachment of the latter, now in Federal service; six companies of engineers, the signal corps battalion, sanitary train, supply train, less three truck companies and the bakery company. The National Guard Reserve is also called. All organizations assembled for initial muster will have their records and conserviceable property in readiness for inspection.

General Stewart's orders were that every officer and man should be present at the Monday morning muster and that reservists must be on hand. They follow:

Immediately notify all organizations of your regiment to mobilize at respective armories on Sunday, July fifteenth next. Have every effort made to have every officer and man present at nine o'clock, Monday morning, July sixteenth, for initial muster.

Ground Broken For New Home of D. E. Tracy at Front and Muench Sts.

Ground has been broken at Front and Muench streets for the new home which will be erected there for David E. Tracy, president of the Harrisburg and Pipe Bending Works, and the Harrisburg Chamber of Commerce. The Central Construction Company, contracting for the work, will rush the work so as to complete it within the next few months, if possible.

Dr. J. B. McAllister, in connection with the recent purchase of a lot fronting fifty feet in Front street near Peter, adjoining the property of C. H. Berger, announced that he intends to build there later, but has made no definite plans.

SIGNING UP TO HAUL SHELLS

Powell Row Reaches to Local Attorneys

L. Floyd Hess and W. Bingham Kay, two of the men who were officials in charge of tax settlements under Ex-Auditor General A. W. Powell, have been told that they cannot do business with the Auditor General's Department for the present. Mr. Hess has presented several papers in relation to tax matters in behalf of clients and has been informed that he cannot transact business. He was at the Capitol to-day endeavoring to look after affairs and inclined to be somewhat indignant at the situation in which he found himself as a result of the demand of Auditor General Charles A. Snyder upon Mr. Powell for restoration of certain papers, which Mr. Snyder contends are State property and which Mr. Powell is said to insist are not.

In the absence of Mr. Snyder no one would say anything to-day, but that the development of the case would be interesting was forecast in the gossip of the Capitol. One of the stories is that the Auditor General in the event that he can get no satisfaction from Mr. Powell may ask an opinion from Attorney General Brown on the ground that papers belonging to the State are involved.

Should it turn out that the papers really desired have been destroyed and that they cannot be replaced the matter may assume a very serious phase. Meanwhile no one has called for the values at Union station which friends of Mr. Powell say contain a choice collection of newspapers.

The Beechwood Civic Association, composed of residents of Beechwood Park, Delaware county to-day filed a complaint with the Public Service Commission against a change in fare on the Philadelphia and Western Railway from Beechwood to the Sixty-ninth Street Terminal. Until recently they paid the fare was five cents, now it is seven with the right to buy ten tickets for half a dollar.

Powell Row Reaches to Local Attorneys

The above picture shows one of the boys being sworn into the new truck company organized by Harry Souder. The headquarters were moved from the tent in front of the Courthouse to the plot at the Post Office building. Only thirteen vacancies yet exist in the company and it is expected to enlist them this afternoon from towns in the western part of the state.

The grand duchy of Finland forms a separate division of the Russian empire and until the last few years preserved its old constitution. Its autonomy has been in a great measure abolished by acts of the Russian government. A governor general represents the Russian government.

The Finnish social democrats addressed the social democrats of all countries, especially Russia, asking them to support the establishment of Finland's independence on the ground that the Russian government, which was characterized as bourgeois, was incapable of giving adequate guarantees for the inviolability of Finland's freedom.

The Governor has withdrawn his approval of the W. H. Smith Senate bill authorizing directors of supplies of first class cities to buy in the open market when not over \$1,000 is involved and vetoed the bill. The measure was approved on July 5 as act No. 254; but is now veto No. 97, under date of July 10. The veto sets forth that a similar bill was approved. The Governor was given an opinion by the Attorney General on June 18, 1916, to the effect that he could change his decision on a bill within thirty days after the Legislature adjourned.

At the Executive Department it is stated that it will hardly be possible for the Governor to grant hearings on bills now in his hands, but that briefs may be filed on any measures to be acted upon.

FILE NOMINATING PETITIONS

Nominating petitions to run for associate judge were filed at the Capitol by Dr. V. I. McKim, Bureau, Mifflin county; Thomas M. Shively, Limestone township, and William K. Forster, Mifflinburg, Union county.

GOVERNOR HAS APPROPRIATIONS

Expects to Have Most of Big Bills Out of Hands Next Week

Governor Brumbaugh devoted himself to-day to a study of the provisions of the general appropriation bill which he discussed this week with the chairmen of the legislative appropriation committees and it is possible that the bill may not be acted upon until next week. The Governor has until July 20 to dispose of bills, according to the reckoning at his department. It is understood that he hopes to clear up most of the appropriation bills next week. He has about 160 bills of general character in his hands. The Governor has withdrawn his approval of the W. H. Smith Senate bill authorizing directors of supplies of first class cities to buy in the open market when not over \$1,000 is involved and vetoed the bill. The measure was approved on July 5 as act No. 254; but is now veto No. 97, under date of July 10. The veto sets forth that a similar bill was approved. The Governor was given an opinion by the Attorney General on June 18, 1916, to the effect that he could change his decision on a bill within thirty days after the Legislature adjourned.

Courthouse Notes

Free Kharas. — Maryland authorities neglecting to requisition Theodore Kharas, held on a serious charge, resulted in a Court order yesterday discharging him. Kharas has been out on bail. Becomes Citizen. — Citizenship papers for Dr. Hedley C. Spragg, dentist of 314 South Seventeenth street, were signed yesterday by Judge Kunkel. Takes Prisoner Away. — Sheriff W. Caldwell to-day took Walter Shuey, alias Frank Snoko, to the Fa view State Hospital for the Insane, Wayne county.

DON'T LOSE YOUR PUNCH

If you feel a growing dissatisfaction with life and ill health seems to threaten you without the symptoms of a specific disease showing, your nerves are probably undernourished because your blood is thin. Take a moment to examine into your own case. Have you lost the ability to make a quick decision and take prompt action whenever necessary or do you worry and hesitate in indecision and consume an undue amount of time over things that you used to do quickly? Are you prematurely old? Don't let the arteries in your brain get hard. Don't let thin blood starve your nervous system. Proper diet for the first and a good tonic, Dr. Williams' Pink Pills, for the second are what you need. If you have any nervous trouble write today to the Dr. Williams Medical Co., Schenectady, N. Y., for the little book on nervous disorders. It gives methods of home treatment and directions regarding hygiene that everyone should have. A diet book would also be sent free on request. Dr. Williams' Pink Pills for Pale People are sold by your own druggist or will be sent direct by mail, post paid, on receipt of price, 50 cents per box, six boxes for \$2.50.
