

AMUSEMENTS

Here are eight members of the Garfield Musical Comedy Company as they will appear in "The Beggar Prince" at the Paxtang Park Theater the first half of this week.

PAXTANG PARK—Vaudeville, COLONIAL—"The Eternal Sin," REGENT—"Builders of Castles."

Lovers of beautiful settings and costumes will be afforded a decided treat at the Colonial to-morrow, when Herbert Brenon presents the dramatic star, Florence Reed, in a magnificent production of "The Eternal Sin," founded on Victor Hugo's "Lucretia Borgia." Although supreme beauty has been the aim of the producer, the exquisite settings and costumes do not interfere with the swift movement of the intensely dramatic and sensational story. A funny Keystone comedy, "Oriental Love," is the added feature. "The Eternal Sin" is a six-part story and will run one hour and a half. On Wednesday and Thursday Bessie Barriscale will be seen in a new Triangle play, "Bawbs o' Blue Ridge," a story of the Virginia mountains. Friday only, the Greater Vitagraph will offer Antonio Moreno and Belle Bruce in "The Hills."

To-day Marc MacDermott and Miriam Nesbitt are co-starring in "Builders of Castles," at the Regent to-day one, telling how Gittens meets the girl and is fascinated by her charm. How Marie pretends to succumb to the spoiler's wiles, eventually unearthing evidence which sends him to prison and results in the repayment of the stolen money to the poor, makes a powerful, gripping drama.

The Garfield Musical Comedy Company will start on the second week's engagement at the Paxtang Park Theater this evening. For the first half of the week the Garfield musical comedy, "The Beggar Prince," the principal comedy part, that of the prince, will be played by Mr. Haines. Mr. Godding and Miss Kenny both have excellent parts in the new bill, while the big beautiful chorus that is always a feature of the Garfield production, will be seen in a full program of new musical numbers. The bill for the last half of the week will be a musical farce entitled, "Two Fools There," which is said to be one of the funniest in the company's repertoire. For Thursday evening the park management will give a patriotic fireworks display as a special free attraction. As the fireworks display of the season, Manager Davis promises to make it one that will be worth going a long way to see.

Woman Uses Sulphur in Preserving Fruits

A tested receipt for the preservation of apples all winter for cooking purpose has been submitted by Mrs. George Plumadore. Her method follows: "Peel the apple, core it, slice it thin or in quarters, and put it in a basket. Hang this basket in a barrel; burn sulphur underneath, one cup full of sulphur to one-half bushel of apples, until sulphur is consumed. Then put the apples in a stone jar, with a paraffin cloth over the top, and they will keep fresh, with all their flavor. Pears and peaches may be treated the same way."

Huge Egg Deposits in Cold Storage

Dairy and Food Commission James Foust has issued a summary of the reports of the seventy cold storage warehouses in Pennsylvania which certified their contents on June 30 and it shows holdings of 15,577,651 dozens of eggs, against 15,475,440 dozens at this time last year and 18,800,169 dozens on the same day in 1915. The holdings of eggs are estimated to be worth over \$5,000,000 and will probably be worth more when they are put on the market later in the year.

The summary on eggs is in striking contrast to the showing of May 31 last when but 164,337 dozens were reported. It is believed that there will be fewer exports than occurred last year when a large portion of the holdings went to Europe.
