

SIGNS SCHOOL CODE CHANGES

Two Amendments Among Nine Senate Bills Approved by Governor

Two amendments to the school code were among the nine Senate bills approved by Governor Brumbaugh to-day. One provides that school districts may provide for the care of defective eyes and teeth of all their pupils and the other provides for taking of a census of a district when added to another district and there is uncertainty about the school population. The court is to name the enumerator.

The Governor also signed the Patton bill giving the Philadelphia municipal court jurisdiction in certain cases of desertion and non-support; the Sprout bill providing for ap-

pointment of a trustee for a person absent and unheard from for one year, and the Burke bill increasing the salary of the assistant director of the legislative reference bureau to \$5,000 per year.

Engineers Regiment to Organize at Capital

Washington, July 17.—Orders that the Tenth Regiment of Engineers be organized at the American University in this city and at Fort Leavenworth, Kansas, were changed by the War Department to-day so that the entire regiment will be organized here. The regiment is the forestry organization that is expected to take its place in France soon with the other engineering units authorized by Congress early in France.

RAILROAD RUMBLES

BALDWIN GETS TWO BIG ORDERS

450 Locomotives to Be Built For Russian and English Governments

Philadelphia, July 17.—New business involving a guaranteed income of approximately \$18,500,000 was assumed at the Baldwin Locomotive Works yesterday when it reached contracts from the Russian and British governments, calling for the construction and delivery within the coming fiscal year of 350 freight locomotives.

The Russian contract is part of an order which has been placed in this country for 500 gigantic engines and is divided equally between the Baldwin and American Locomotive Companies. The total amount of this order aggregates \$28,000,000, of which one-half will be received by the local concern.

The British contract calls for the building of 100 locomotives, at a cost of approximately \$4,500,000. Rumors of the placing of the additional business were heard the last part of last week, but definite announcement of the magnitude and the amount of money involved in the contracts was not made until yesterday. Thereafter while the orders were a surprise to many and just an incident in the daily routine of others in the local financial community, they had absolutely no effect on the stock of Baldwin's on the local exchange yesterday.

The contract entered into with the Russian government is unique in that payment is virtually guaranteed by the United States government. While no statement regarding this phase of the contract was forthcoming here, it was assumed by local financial interests that such an arrangement had been made between the Washington and Petrograd administrations during negotiations that have been progressing through their respective missions in Russia and this country.

The receipt of the two orders will make this year and the next probably the greatest, insofar as the amount of business transacted and the receipts involved are concerned, in the history of the Baldwin Company. It already had business booked that would have taxed its capacity through 1918.

Finland's Plan to Secede From Russia Cause of Tension in Government
Helsingfors, July 17.—The proposed promulgation whereby Finland seeks to wrest from Russia complete independence has caused extreme tension and nervousness. The situation is complicated by the Diet's refusal to accept a grant of a full \$50,000,000 marks loan to Russia and by a threat of a general strike if the Diet postpones the passage of the measure. The latter was the subject of a demonstration in the Senate last night. If no compromise is reached, the bill will be on third reading to-morrow, backed by Socialists and a handful of Bourgeois members.

CATTLEMAN "MAKES" TOWN
ASTRIDE WILD BRONCHO
Salinas—Riding bareback on an untamed bronco, one of a band he was bringing in from the ranges on the Gabilan, to be used during the original Cattleman rodeo and Salinas big week, July 18 to July 22, Andy Martin, local cattleman and one of the most expert riders of the Salinas valley, succeeded in reaching town after his own horse, which he had tethered out, had broken away and wandered into the rough mountain country.

FUNERAL OF MR. BITTING
Funeral services for Harry J. Bitting, aged 40, who died at his home, 313 South Cameron street, will be held to-morrow morning, at 10:30 o'clock. He is survived by his parents, two sisters, Laura E. Bitting, of Philadelphia, and Mrs. Herman Neumyer, of New Wilmington. The body will be taken to Chambersburg, where further services and burial will be made.

DIES FROM COMPLICATIONS
Mrs. Mary Greene, aged 33, 436 Herr street, died this morning at the Harrisburg hospital from complications.

TOWNSHIP CODE IS APPROVED

Brumbaugh Offixes Signature to Measure; Hits Free Lunch

The township code, prepared by the State Legislative Reference Bureau and presented in the House of Representatives by Mr. Siggins, Warren, was approved by Governor Brumbaugh to-day. The bill codifies all laws relative to township government and is similar in general plan to the borough code of 1915. The Governor approved at the same time the Siggins House bill establishing a bureau of township highways in the State Highway Department, which changes the existing laws to comply with the provisions of the code.

The Rich House bill requiring poolrooms, billiardrooms, bowling and tennis alleys to be closed between 1 and 8 a. m., was approved by the Governor to-day. No person under eighteen may be admitted to these places at any time. The act are Judge Edward M. Beers, postmaster; James K. Wiley, Dr. W. T. Schaffer, J. C. Cromwell, B. W. Reeder, Tony Giacobello and Joseph Brandt.

WALTER HOLTZ IN HOSPITAL
