

PARALYSIS IS BEING LOCATED

Few Cases Have Appeared and Conditions Are Different From Last Year

Comparatively few cases of infantile paralysis have appeared in the state thus far this year and conditions are very different compared to last summer when the state was compelled to establish quarantines against other states because of serious outbreaks. There were more cases in Pennsylvania last year than ever known before.

WHEN MARRIAGE IS A FAILURE

Surely marriage is a failure when its essential purpose, the raising of a family of children, proves impossible. In the childless home the married pair, though sometimes more or less unconscious of the fact, grow disappointed and lonely. Lacking the best tie to hold them together they are likely to drift apart, hence many separations and divorces.

NEWS OF STEELTON

PUBLIC TO GET POLICE NEWS

Burgess Wigfield Said Orders Would Be Given Department at Once

A new order will go into effect at the police station to-morrow giving the newspapers an opportunity to get all news of public interest, according to Burgess Wigfield. For some time the public has been unable to get any news from this department, owing to the fact that an order was issued by Council to the effect that no news was to be given out.

Burgess Wigfield said this morning that the police department was an executive department and did not come under the jurisdiction of any councilmanic committee. His reason, he said, was found in section 17 of the borough code, passed in 1915, which is as follows: "The borough police shall be under the direction of the Burgess, as to the time during which, the place where, and the manner in which they shall perform their duties."

"I read with much surprise," the Burgess continued, "the order suppressing news from the papers. I will issue orders to the chief at once that anything the press desires for publication should be given out."

The Burgess said: "We would be doing the public an injustice by refusing to give the press information as this is a public department. When Council wishes to rush through any improvement work the co-operation of the public press is solicited and now efforts are made to bar this public information from the residents. This is an injustice to the press and also the residents."

Send Description A notification of the murder of Dean Dent by John Wright was issued to police departments of more than one hundred cities and boroughs in the state. The notification follows: "We hold warrant for John Wright, charge murder, on Saturday, July 14, about 1 o'clock a. m. for shooting and killing Dean Dent in the street. Crime committed on Myers street, near Franklin street, this borough."

Following is description of John Wright: He is a coffee color negro; not black; 31 years old, height 5 feet 8 inches, weight 175 pounds; very small, snaky eyes, full round face; very small, black moustache; scarcely noticeable, small pointy nose, black curly hair, wearing mixed suit with narrow blue stripe, dark brown soft hat nearly black, may be wearing brown suit. He is heavy-limbed and is a desperate character. Wright is known as a professional gambler, rarely follows any other occupation."

BRANDT FUNERAL Funeral services for Lawrence Brandt were held this afternoon at his home in Front street. The Rev. H. H. Rupp, pastor of the First Reformed Church, officiated. Burial was made in the Chestnut Hill Cemetery, near Mechanicsburg.

SCHWAB REPLIES TO SUITS FILED

Bethlehem Steel Head Defends Purchase of Pennsylvania Steel Property

Trenton, July 17.—Affairs of the Bethlehem Steel Corporation, of which Charles M. Schwab is the directing head, were in evidence in the United States District Court here to-day. Judge Reilistab heard argument in the suit of Clarence H. Venner, of New York, to set aside the transfer of the property of the Pennsylvania Steel Company to the Bethlehem corporation, and the corporation filed its answer to the suit of the General Investment Company to restrain it from guaranteeing the assets of the Pennsylvania Steel Company and its subsidiaries.

The Venner suit was originally begun to enjoin the sale of the property of the Pennsylvania Steel Company to the Bethlehem corporation. While this suit was pending, as alleged by Venner, the transfer was made. In behalf of Venner it was contended that the Federal court in the New Jersey suit has jurisdiction. The Bethlehem corporation contended that service subpoena was irregular and should be set aside.

In its answer to the suit of the General Investment Company the Bethlehem corporation set forth that there is now pending in the New Jersey court of chancery a suit of the General Investment Company attacking the legality of the amendment to the corporation's charter increasing its capital stock from \$30,000,000 to \$75,000,000.

The answer stated that under the charter of the Bethlehem corporation no mortgage or pledge of its property or assets, other than a purchase money mortgage, or other purchase money lien, or a pledge of the assets in the ordinary course of business can be made to secure bonds, debentures or obligations without consent of two-thirds of the stockholders. It then set forth that more than this number approved the plans of guaranteeing the bonds of the Pennsylvania Steel Company.

The answer denied that the Bethlehem corporation has at any time exercised or attempted to exercise any power to guarantee the bonds or obligations of any other company except as authorized by the general corporation law or by its charter.

Cumberland Exemption Board to Meet at Carlisle

Carlisle, Pa., July 17.—Cumberland county's two exemption boards will meet in the courthouse here to hear

the claims of the men who are drawn in the big human lottery at Washington. This has just been decided. All of the work will be transacted in Carlisle. This county is divided into two districts. One is from the river to the limits of Carlisle, including North and South Middletown townships,

the other embracing Carlisle and all of the remaining territory. The registration in this county is a surprise, officials say, and there are no slackers. Based on the military enrollment, there should have been about 3,600 men with their names on the roll. Instead, the total is slightly over 4,200.

IMPROVING CHURCH New Cumberland, Pa., July 17.—The pews and carpets have been removed from Trinity United Brethren Church, and the floor will be finished in hardwood.

STEVENS MEMORIAL SCOUTS ENTERTAINED AT OUTING The members of R. E. Boswell's class of the Stevens Memorial Methodist Church entertained the Scouts of the church last evening with an outing at Reservoir Park. The Scouts marched to the park in uniform rank, headed by the scout leaders. There they enjoyed a delightful supper, the ice cream for which was donated by E. M. Hershey. The other palatable delights were prepared by the young ladies of the class. Rain prevented the proposed exhibition drill, but interesting speeches by Secretary Reeves, of the Y. M. C. A.; Major W. L. Vanaman, the scoutmaster, and Miss Alice Schwab were excellent substitutes for the postponed features of the regular schedule.
