CANNING RULES ARE EXCHANGED BY HOUSEWIVES

YOU with hundreds of other housewives have successful methods of canning, preserving and drying food and fruits which have either been handed down to you from generations of your ancestors or which you have evolved. The feature of the HARRISBURG TELEGRAPH is designed to help you exchange your ideas with other housewives. Send your favorite receipts and methods to the editor and they will be placed before thousands of other housewives. In this way they can be placed before the public and do the maximum amount of good.

PRESERVING — CANNING — DRYING

Without previous experience, and with no other equipment than that to be found in almost every home, anyone, adult or child should be able to can food satisfactorily by the methods which follow. They are a combination of the best methods found by the Government and the housewives of Central Pennsylvania. By the methods various vegetables, soups, meats, fish and practically any other food or combination of foods can be canned, as well as fruits and tomatoes, the products most commonly canned.

The simple, general rules necessary for successful canning, by the one period, cold pack methods will be given. In all home canning it should be born in mind that when hermetically sealed containers are difficult to obtain, food products which cannot be preserved easily in other ways should be given preference. The would make available in most cases at times like the present, the canning of such products as hominy, dried beans, potatoes and similar foods.

AS STEADY AS CLOCKWORK I Know That I Owe It All To Sanpan

Says Mrs. Charity Forman, 130 Liberty street, Harrisburg, I was alling with nervousness and indigestion. After eating I would be seized with cramps in my stomach, bloating and sour stomach, and would then get dizzy and unsteady. Sometimes I would get so nervous that I would shake all over, at times would become despondent and worried over every little thing. It just seemed that nothing would straighten me out, finally a friend advised Sanpan. I made up my mind to try it. And I now consider myself very lucky for I can eat what I wish and enjoy it, have no sour stomach, my dizzy spells don't trouble me anymore, my nerves are as steady as clockwork, and I feel as though I never had an ailment. I know that I owe it all to Sanpan. Sanpan is now being introduced at Keller's Drug Store, 408 Market street, Harrisburg, where the Sanpan man is explaining it to the people. Go in and see him. It may be of benefit to you.—Adv.

"I Feel Spry as Ever Now" Says Brakeman

Liver Was Out of Whack and He Felt Lazy and Out of Sorts

TANLAC FIXED HIM UP

"My liver had gone on a strike," says W. H. Grimwood, of Worm-leysburg, Pa. (near Harrisburg), a brakeman on the P. R. R. "It made me feel like the last rose of summer and when my kidneys joined the strike I was ready to throw up the sponge. My head felt like a barrel and seemed to be all clogged up, and there was a continual ringing in my ears I had an ugly taste in my mouth and I had such much ambition as a hound dog in August. "Then my wife persuaded me to try Tanlac and I never was so surprised in my life as I was at the way that medicine took hold and straightened me out. It set my liver and kidneys to working properly. Put lots of pep in me and now I feel fine and as spry as ever. I'm better in every way."

Tanlac, the famous reconstructive tonic, is now being introduced here at Gorgas' Drug Store, where the Tanlac man is meeting the people and explaining the merits of this master medicine. Tanlac is also sold at the Gorgas Drug Store in the P. R. station; in Carlisle at W. G. Stephens' Pharmacy; Elizabethtown, Albert W. Cain; Greencastle, Charles E. Carl; Middletown, Colin S. Pew's Pharmacy; Waynesboro, Clarence Croft's Pharmacy; Mechanicsburg, H. F. Brunhouse.—Adv.

GOVERNOR CUTS APPROPRIATIONS TWO MILLIONS

General Bill as Approved Carries Total of \$35,818,019.09; Legislature Forced Him to Do It; Some Department Heads Sure to Resent Slashing of Their Budgets

Governor Brumbaugh last night announced that he would have to reduce the appropriations of \$37,000,000 made by the last Legislature by about \$5,000,000. He followed up his cut of half a million from the highway bill by slashing \$2,132,375.13 from the general appropriation bill. The Governor had been working on the bill for a week and he reviewed it several times. His cuts are certain to produce bad feeling in some departments of the State government, but he says plainly that the Legislature forced him to make them.

The general bill as passed carried \$37,960,396.03, the largest sum ever carried by such a bill. The cut was the largest in the history of the appropriation provider to run the government. The amount approved is \$35,818,019.09, the greatest ever carried by such a bill.

Two years ago the Governor cut \$1,361,870 from the general bill carrying \$27,731,146.42. The amount cut was immediately available except where the Auditor General may elect to refuse to pay pending court decisions or rulings by the Attorney General.

The Governor devoted nineteen pages to explaining his reductions and vetoes of various items in the bill. He pointed out six items which he vetoed: the bills creating a commission of agriculture with salaried members, Fire Marshal's and State Department, the Economy and Efficiency Commission and State salary and revenue board bills. Dr. Brumbaugh had been at work on the bill for a week. He was in consultation with the chairman of the Appropriation Committees of the Legislature, last week and wrote the bill. He has discussed the measure with various department officials. He sent letters yesterday to heads of various departments informing them that he had just completed a careful study of the bill and that he was forced to make heavy reductions. "The appropriations exceed the revenue by \$5,000,000," wrote the Governor. "For this the Assembly is responsible. For the necessary vetoes I am responsible. It is a painful duty, but nevertheless, I have gone over the general appropriation bill again and again. I wish it were possible to allow all the sums of the Assembly to go to their respective departments. To be just to all I cannot do so." The Governor asked the department heads to accept the cuts and copy them to the Auditor General.

Where Cuts Were Made The reductions or vetoes of items are as follows: Auditor General—Allowance for audit of official accounts, \$25,000 to \$10,000; additional traveling auditors, \$30,000, vetoed; extra clerks, \$50,000 to \$25,000; installation of uniform bookkeeping system for State institutions, \$12,000; delinquent tax collectors, \$30,000 to \$20,000; mercantile tax collection, \$10,000 to \$8,000; payment of extra clerks, \$18,000; repairing and replacing mutilated, destroyed and missing records of the Auditor General's Department, \$15,000; balance for payments to county officers, etc., \$3,000 to \$2,000; postage, filing liens, etc., \$20,000 to \$18,000. State Department—Increases under reorganization, \$43,700; contingent, \$9,000 to \$8,500. Internal Affairs—Contingent, \$5,700 to \$4,000; equipment, \$300, vetoed; monument inspection, \$2,000 to \$1,500.
