FIRST—When shopping, do not leave the store empty-handed. arry parcels with you to the extent of your ability. Help to make his "the fashion."

SECOND—When you have goods to be returned, do not leave home empty-handed. If all customers would carry small parcels for exchange, the saving of time in delivery departments would amount to thousands of hours annually.

THIRD-Do not buy merchandise until you are sure you are going to keep it. Make a careful selection a habit. FOURTH-Avoid C. O. D. purchases whenever possible

FIFTH — Shop early in the day, if possible. Stores must have a sufficient number of salespeople all day long to handle the trade at the very busiest hour. To help us distribute the business more evenly, would result in great economy—to us and eventually to you. SIXTH—Any articles of merchandise, which for some good reason is to be returned to a store, must be returned within a reasonable time—five business days.

SEVENTH-Non-returnable articles: All goods cut from the piece at the request of the customer. All merchandise which has been made to order or specially ordered, and which is not regularly carried in stock.
