**THREE HURT IN AUTO ACCIDENT**

Automobile Going at High Rate of Speed, Plunges Into Embankment

Three persons were injured, one of them seriously when an automobile in which they were riding swerved off the road and plunged into an embankment along the trolley tracks at Jednota near Middletown, at 6 o'clock this morning.

Ross Holsopple is at his home in South Thirteenth street, Harrisburg, is a serious condition, suffering from severe lacerations and probably internal injuries which he suffered in the accident. His brother, Milton, and Clarence Sinninger, 2015 Kensington street, Harrisburg, other occupants of the car, were slightly injured.

The car was owned and driven by Sinninger who said the trio were on their way to Elizabethtown and intended to get back in time to go to work. He said that he was traveling at a high rate of speed and another car tried to pass him in an effort to keep from hitting the other car. Sinninger said he turned to the side of the road and lost control of his machine. The auto when passing struck his car and kept on going, Sinninger said.

Holsopple who was on the front seat with Sinninger, was thrown through the windshield across a fence and into a field. Milton Holsopple was thrown out, but Sinninger kept his seat. The man was taken to a nearby farmhouse where they were given medical treatment. Ross Holsopple was later removed to his home. Car service on the Middletown line was tied up for sometime because of the accident. A crew from the Harrisburg Railways Company removed the auto.

**STATE TESTS IN CREAM ARE GOOD**

People Are Observing the Requirements of the State Laws, Say the Reports

Violations of the State's law regulating ice cream and soft drinks have been fewer this year than in the last two years, according to officials of the State Dairy and Food Division of the Department of Agriculture who have been going over the reports.

The ice creams contain what the State laws require in regard to butter fats except in rare instances and as for the nonalcoholic drinks the reports show that the statements on the labels are pretty close to being as the act demands.

The sampling of the milk supply of a number of cities and towns has shown scarcely any use of preservatives any more and the number of adulterations is growing smaller year by year.

**To Enforce Law.**—The Auditor General's Department is getting things started to enforce the enforcement of the direct inheritance tax law which was approved by the Governor a short time ago. The act is now being printed and Auditor General Snyder will prepare instructions for the officers having charge of enforcement of the law. There have been numerous inquiries about the act addressed to the fiscal departments of the government. Settlements will be made at the end of the month in all probability.

**Sale Tomorrow.**—The sale of the last buildings in Capitol Park extension will take place to-morrow. The firehouses are included.

**To Hold Hearing.**—Members of the State Industrial Board will hold a hearing on employment of women in summer hotels at Philadelphia next Tuesday. There have been a number of questions in the matter lately.

**Must Stop Running.**—The State Public Service Commission last night issued orders to a number of Scranton jitney operators to the effect that they must stop operating or fines will be assessed.

**To Meet Monday.**—The Public Service Commission will sit on Monday in applications.

**Will Return Monday.**—Attorney General Brown will return here on Monday night when steps to inaugurate the mandamus proceedings will be taken at a conference.

**Gas Cases Over.**—The gas rate cases from Western Pennsylvania will be heard in the fall by the Public Service Commission.

**ARMED GUARDS SETTLE CHESTER RACE RIOTING**

All Saloons and Amusement Places Closed by Order of Police

Chester, Pa., July 27.—With armed guards patrolling a large area of the city, quiet was restored here early to-day after another outbreak of race rioting which exacted a toll of two lives and caused injury to scores of persons, both white and colored. The local authorities were at first unable to cope with the situation when rioting was resumed last night after a quiet day following the disorders of Wednesday, but with the assistance of national guardsmen, state police and five hundred special deputies the rioters were cleared and order restored shortly after midnight.

The negro section was roped off and surrounded with a patrol and guards were stationed in positions to prevent further outbreaks in the other districts of the city. All saloons and amusement places were ordered closed and many had limbs broken. Several of them, it is said, cannot recover.

**Under Control**

Charles Lucas, a negro, under arrest in connection with the killing of Joseph McCann, white, at the outbreak of the disturbance, was spirited away by the police to the Media jail. The other victim was a negro, Mavor McDowell, announced early to-day that the situation was under control and no further outbreaks were feared.

While the riots were the direct result of the killing by negroes of William McKinney, a young white man, officials declare the importation of a large number of negro laborers from the South had previously caused much ill feeling. For more than a week the officials say, there had been minor disturbances, which, until McKinney was killed, were put down with but little difficulty.

**40 Chippewas Enlist in Wisconsin Regiment**

Hayward, Wis., July 27.—Forty Chippewas from the Lac Courte Oreilles Indian Reservation have enlisted in a company that will be taken into the Sixth Wisconsin Regiment.
