MOTHER RETURNS BOY TO RICHES

"Rich Little Poor Boy" Re-adapted After Few Months at His Parents' Home

New York, July 28.—The "rich little poor boy" resumed the name of George Bernard Shires when Surrogate Coburn yesterday signed the papers by which Mr. and Mrs. Leo D. Shires legally adopted him.

This marked the latest and probably the last chapter in the public history of the 5-year-old boy who changed parents and went from affluence to poverty several times within a few months.

The name of George had been given to him by the Shires when they took him into their home as a foundling. He came likely to lose it when his parents turned up in Joseph Petzok and his wife, Helen.

The Shires surrendered him to the Petzoks. They considered taking him back when his mother became convinced it would be a mistake for the child to leave his comfortable home for a tenement. Later the Shires appeared to have abandoned their efforts to win him. Now they have changed their minds again.

The Petzoks explained in the court papers that they feel the welfare of the child will be promoted by placing him in a good home. They yielded him up voluntarily and mother pledged themselves not to interfere with the upbringing of the youngster in any way.

Neither Mr. Shire, who is a wealthy shoe merchant, nor his wife would make a statement. They first took the child into their home through the State Charities Aid Association, into whose custody he had drifted after being placed with the Madonna Day, a nurse who had been discharged. The father was ill, and the mother could get no work, so she turned the boy over to charity.

First named here to give his name as "Joseph Bawack," though he had been called "Sajak." When she went back to the nursery later he had disappeared.

After years of search she found the State Charities Association had placed the youngster with the Shires. The Shires had not yet formally adopted him. Mrs. Petzok last March obtained a writ of habeas corpus. The boy's foster parents decided to fight the court proceedings, but on seeing the mother's affection for her child, they decided to give him up.

The little boy was taken to the Petzok home in the Bronx. He seemed to pine for the Shires, and his mother wrote to them she thought it would be best for the child if they took him back, so back George went to the Shires' apartment. But after a night there he cried for his mother. He was returned to her. After further negotiations it was arranged that the Shires had gone away for the summer, and had definitely given up all idea of getting the child back.

The Petzok family had understanding they had been overtaken by doubts that an adopted child such as George might not develop in the way they wished. But Mrs. Petzok remains firm in her intention of sacrificing her own happiness for the boy's.

This apparently overcame the hesitancy of the Shires, for on July 8 the boy went back to them.

The Rev. F. F. Holsopple, for the last three years superintendent of the Harrisburg district of the Pennsylvania Anti-Salon League, has accepted the presidency of the Blue Ridge College, at New Windsor, Md.

He will assume his new duties about September and until then will remain in the city in the Anti-Salon League work. His family has already removed to New Windsor.

The Rev. Mr. Holsopple is a graduate of the Indiana State Normal School, Juniata College, Lebanon Valley College. He also attended Harvard and the University of Pennsylvania. He has received the degree of master of science from Lebanon Valley and master of arts from Juniata.

He has been connected with the Anti-Salon League since 1908, but only since 1914 has he been actively engaged. He came here three years ago from Juniata College, where he occupied the chair of English for thirteen years, which had previously been held by Dr. Francis H. Green Governor Brumbaugh and Dr. C. C. Ellis, Ph. D.

Since the Rev. Mr. Holsopple has been connected with the league he has received numerous offers from various colleges to take a chair at these institutions. The action of Congress in passing the present laws which partly control the sale of liquor prompted him to accept the offer of the Blue Ridge college. He has lectured numerous times during the last several years on the temperance question.

WARNING AGAINST MAIL ORDER FIRM

Chamber of Commerce Discovers Clever Ruse Being Used in Harrisburg

Investigation of a clever advertisement scheme used by a prominent mail order house in Chicago has resulted in the issuing of a warning by the Harrisburg Chamber of Commerce.

According to the report by officials of the local organization, the Chicago firm is sending letters to residents of the city stating that at the request of the "Harrisburg Improvement Committee," a copy of their catalog is being mailed to the person named.

After completing a thorough investigation the Chamber of Commerce officials state they had failed to discover the existence of any local organization known as the "Harrisburg Improvement Committee," which name has evidently been devised for the purpose of lending respectability and strength to the letters of the Chicago mail order house.

The Harrisburg Chamber of Commerce believes that if there is such an institution as the Harrisburg Improvement Committee, and it spends its time in furnishing mailing lists and information to a Chicago mail order house for the purpose of transferring business from local merchants to the Chicago firm, that it is engaging in an effort of which it ought to be thoroughly ashamed and that it ought to change its name to "Harrisburg Chamber of Commerce" and thus reveal its purpose more clearly.

The Harrisburg Chamber of Commerce has revealed that in one of Harrisburg's most prosperous suburban merchant towns the tonnage of merchandise coming into that town from mail order houses to private consumers far exceeds the tonnage of goods for sale to the people.

This means that the local merchants in the Harrisburg suburb in question have now definitely been put in second place by the Chicago mail order house. The suburb in question is a prosperous manufacturing town of several thousand people and if its name was published to its own merchants and people and Harrisburg people would be still more astonished.

The Harrisburg Chamber of Commerce is going to continue its efforts to run down the Harrisburg mail order houses to private consumers.

THANK SANPAN

Says Mrs. S. B. Shiley, 340 High St., Middletown, Pa.

"I surely was miserable, it was an effort for me to do my household work, in fact everything was an effort and a burden.

"My liver had bothered me for a long time, then too, I was troubled with indigestion, which seemed to rob me of my strength and ambition, I was badly swollen with gas, which caused intense pains in my stomach, and made my appetite blades.

"I was very nervous, could not sleep soundly, had no appetite, and what little food I did eat, did me no good in fact it made me feel miserable, so that I dreaded the meal hour.

"I was feverish at times, then again I had a creepy feeling. I took treatment extensively but nothing gave me any relief. Finally a friend recommended Sanpan, and I decided to give it a trial, this has proven a very wise and successful plan.

"I now feel fine, that bloated condition has gone, I am not bothered any more with pains in my stomach or back, can eat everything, and enjoy it.

"I thank Sanpan for restoring me to health, and recommend this wonderful medicine to all who are ailing.

Sanpan is now being introduced at Keller's Drug Store, 405 Market street, Harrisburg, by the Sanpan man is explaining it to the people.

Republic Trucks "are doing their bit," and I thought it would be of interest to you to know that the big boss just told me that my 2-ton Republic was the only truck on the job to which they had not hitched horses in an effort to get through the plowed fields and soft holes. In fact I have hauled goods where no other trucks could have gone. Both of my trucks are giving excellent satisfaction.

I remain, Yours respectfully, G. R. FOGELSONGER.

\$10,000 SAWMILL FIRE AT DAUPHIN

Big Plant of Zortman Lumber Company Completely Destroyed This Morning

Dauphin, Pa., July 28.—Fire starting in the boilerhouse about 2.30 o'clock this morning completely destroyed the large sawmill of the William P. Zortman Lumber Company, located just at the northern end of town. The loss will be about \$10,000. There was no wind at the time, and the surrounding buildings and the lumber piled in the yards escaped destruction.

The financial interests in the company are largely held at Shamokin, E. J. Sellar, of that place, being treasurer. The work has done a large amount of work in Clarks Valley and on Peters Mountain and still has about four years' cutting to do. The mill will likely be rebuilt.

The production figures of Wills-Overland Inc. for the current year up to July 21, show an increase of more than \$14,000,000 over the same period last year. Never before in the history of the big Toledo concern has it been able to furnish such startling figures.

From January 1 to July 21, 1916 the production amounted to \$72,167,180 at retail prices. During the same period this year the production amounted to \$86,251,575.

In checking over the production records it was discovered that the one hundred thousandth car manufactured by the Wills-Overland Company on July 21 was a Light Four on one of the models in the Wills-Overland line that has proved so popular this year. The insistent demand for this model has been so great that the factory has been unable to catch up with the orders ahead, even though it has been shipping these cars at the rate of 2,000 a week.

The month of June was thought to be a record breaker with the business amounting to \$11,150,000, but that record was broken in the first three weeks in July have totaled \$9,250,000. It is only fair to estimate that when the complete returns are made the total for the month of July will exceed by a goodly margin those of June.

Not only is the total amount of retail sales in actual dollars and cents greater than last year, but the number of cars sold is in excess of last year's figures.

All indications point to a banner year for the Toledo company, still greater sales records being anticipated for the near future.
