SHORT.SUMMER SERVICES IN MANY CITY CHURCHES

THE MILLENIUM **TOPIC OF SERMON**

Last but One of Series by Dr. Hawes; the Last to Be Delivered After Vacation

"The Millenium" will be the subect of the sermon by the Rev. Geo. Edward Hawes at the Market Square Presbyterian church to-morrow eve-ning. This will be the last sermon of the present series until after Dr. Hawes returns from his vacation. He will then preach the concluding sermon on "The Things That Must Come to Puss." The sermon to-morrow evening will deal with one morrow evening will deal with one of the most fascinating subjects of all prophecy, the time when the great ideals of hope, will be realized. Mrs. Harris, Miss Middaugh and Mr. Watkins will sing Schnecker's trio, "My God, My Father."

At the morning service, Dr. Hawes will preach on "Standing on the Promises of God." The Market Square Quartet will sing Shelley's "In Heavenly Love Abiding."

In the absence of the superintendent, Judge S. J. M. McCarrell, the Sunday school will be superintended by Prof. R. Willis Fair.

The Christian Endeavorers will hold the Verper service at the City Hospital at 6. Burton Commings will sing several selections, accompanied by Miss Killough. The regular Christian Endeavor prayer meeting will be held at 6:30 led by Stew.

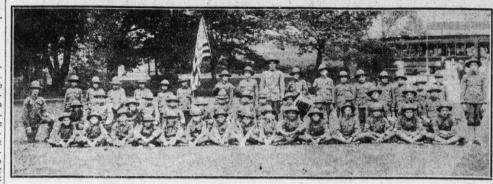

ing will be held at 6:30, led by Stewart Taylor.

Dr. Hawes and his family will leave this week for Fair Haven O., where they will spend their vacation. Fair Haven is Dr. Hawes' boyhood home. Miss Hawes, who has been teaching in the Hawaiian Islands for two years, will join the family there. The following list of preachers for the vacation period has been announced: August 5, the Rev. Charles K. Imbrie; 12, the Rev. George Snavely Rentz; 19, the Rev. Harry B. King; 26, the Rev. Thomas C. Mc-Carrell; September 2, the Rev. William C. Spicer; 9, the Rev. Robert M. Labaree, D. D.

Vacation School to Close
The Market Square Daily Vacation Bible School has had a profitable week. The attendance was not as large as last week, the average for the week being 55. The older scholars are engaged with two very interesting pieces of hand-work at present—the making of a model of the Mosaic tabernacle and the modeling or relief maps of Palestine in clay. The cutting of balanced par-

d other phases of the work will illustrated as a part of the pro-

STEVENS MEMORIAL GUARDS PLAN OUTING TO HERSHEY

Pictured above is Company B of the Stevens Memorial Guards of the Stevens Memorial Methodist Church. The guards will hold another one-day camp at Hershey Park Thursday. They have invited their parents and friends to attend the outing, which will be featured by drills and athletic events. This week the guards were entertained by the Bible class taught by J. Harris Bell. John T. Olmsted, president of the class, presided at the meeting. Addresses were made by Robert B. Reeves, secretary of the Y. M. C. A.; the Rev. Clayton A. Smucker, pastor, and Major Walter L. Vanaman, commander of the guards.

CANNING RULES ARE EXCHANGED BY HOUSEWIVES

You with hundreds of other housewives have successful methods of canning, preserving and drying foods and fruits which have either been handed down to you from generations of your ancestors or which you have evolved. This feature of the HARRISBURG TELEGRAPH is designed to help you exchange your ideas with other housewives. Send your favorite receipts and methods to the editor and they will be placed before thousands of other housewives. In this way they can be placed before the public and do the maximum amount of good.

PRESERVING - CANNING - DRYING

without previous experience, and with no other equipment than that to be found in almost-every home, anyone, adult or child should be able to can food satisfactorily by the methods which follow.

able to can food satisfactorily by the methods which follow.

They are a combination of the best methods found by the Government and the housewives of Central Pensylvania. By the methods various vegetables, soups, meats, fish and practically any other food or combination of foods can be canned, as well as fruits and tomatoes, the products most commonly canned.

The simple, general rules necessary for successful canning, by the one period, cold pack methods will be given.

In all home canning it should be born in mind that when hermetically sealed containers are difficult to obtain, food products which cannot be preserved easily in other ways should be given preference. This would make inadvisable in most cases at times like the present, the canning of such products as hominy, dried beans, potatoes and similar foods.

Hard Fruits .- Apples, pears and has been cooked long enough pour quinces. Remove the skin and core. into fruit jars, pitchers, etc., and Cut into convenient slices or sections allow it to cool slowly. Slow cooling and drop into slightly salted cold water to keep from tarnishing. Blanch 1½ minutes. Cold-dip. Pack closely in hot jars or tin cans. Fill with hot sirup. Put rubbers and cans of lars into restition protections.

closely in hot jars or tin cans. Fill with hot sirup. Put rubbers and caps of jars into position, not tight. Seal tin cans completely. Sterilize for the length of time given below for the particular type of outift used: Water bath 20 min. Water seal 12 min. Five pounds steam pressure. 8 min. Ten to fifteen pounds steam pressure windfall Apples.—Separate apples into two grades—whole and reasonably sound and firm, first grade; all other apples (bruised, worm-eaten and those containing decayed spots), second grade.

Whole apples, first grade: Pare 12 and core. Drop whole apples in cold, signtly salted water to keep from gallon tin cans or 2-quart hot glass jars. Add thin hot sirup until full. Place rubbers and tops of jars in position, not tight. Seal tin cans completely. Sterilize for the length of time given below for the particular type of outift used: Water bath 15 min. Water seal 10 min. Five pounds steam pressure. 5 min. Remove from canner; tighten covers; invert to cool and test the joints. Wrap in paper to prevent bleaching. Remove from canner; tighten covers; invert to cool and test the joints. Wrap in paper to prevent bleaching and store.

U.S. TO BUILD MANY VESSELS

Great Naval Program May Mean Attack on the **U-Boat Bases**

Washington, July 28.—A greater destroyer-building program than ever dreamed of has been launched by the Navy Department, according to definite statements made by the department to-day.

The ultimate purposes of this naval development is to enable the United States to take the lead in a combined offensive to the allied nations, it is believed.

offensive to the allied nations, it is believed.

Secretary Daniels has consistently refused to discuss the naval offensive question, but the logic of joining the announced increase in the number of destroyers with the plan of a combined offensive of the allied navies, now said to be under consideration. cannot be denied.

Vice Admiral Sims, known to be one of the officers urging combined offensive operations against German submarines, is now representing the government at the allied naval conference in Paris. One of the most important topics discussed at the conference is that of a great naval offensive.
