EAST END A. C. WINS THRILLING GAME AT HERSHEY---WANT HARRISBURG IN LEAGUE

PLAN NEW LEAGUE FOR NEXT SEASON: WANT HARRISBURG

Scranton, Pa., July 30.—Club own- of \$1,800 a month and raise the ers of the New York State League

MONDAY EVENING.

scranton, Pa., July 30.—Club owners of the New York State League are planning for a complete reorganization in 1918. That is, of course, with the understanding that the war is over and conditions warrant a complete resumption of sports. Harrisburg is to be considered as one of the towns if a new association is willing to assume control of the game in that city. How the promoters of the new organization hope to overcome the indebtedness held against Harrisburg by organized baseball is a question.

According to a present understanding, Harrisburg faces a barrier in the shape of a \$7,000 debt, for piayers and due former Troy owners for a franchise.

However, it is the belief here that all the new owners will have to obligate themselves for its salaries. That should there be a reorganization of the legaue as now outlined, organized baseball would have no say in anything but players' right. That the franchise debt is a matter George Cockill will have to battle with Among the changes contemplated are:

WHEN GERMANY WILL WIN

When you hear that I've outbatted T. Raymond Cobb
And made Alexander retire;
When you hear that I've settled all strikes for the mob
And am setting the nations on fire;
When you hear that I've made Gilbert Nichols look slow
And have shorn mighty Willard of mirth;
As you ponder it over, G. Reader, you'll know
The Kaiser has cleaned up the earth.

When you hear that the Senate has made its last speech,
And T. R. has ducked from a fight;
When the High Cost of Living has drifted in reach
And the price of potatoes is right;
When the Movies have logical pictures to show,
And a dollar will bring in its worth—
Pray don't get excited, G. Reader, but know
The Kaiser has cleaned up the earth.

When New York detectives are unprobed at last,
And Ty Cobb is through with the stick;
When I have lashed Byron and Keats to the mast,
As a bard who is there with the kick;
When other things happen, that never have yet
In the loop of this mundanic girth,
Go to it, G. Reader, and slip in your bet
That Wilhelm has cleaned up the earth.

Dear Sir:—

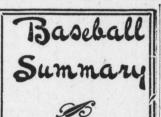

I see where Eddie Collins and George Burns are given the records for unbroken service of two or three years in their two leagues. If you will look up the record of Roger Connor, first baseman of the New York Giants from 1883 to 1893, ten years, you will be surprised. Roger told me that he had not missed a game, including exhibition games, in all that time. The fine record of Collins and Burns brought this matter up.

The records have the S. R. O. sign out. Nero was quite a repudiator and another record holder is the present Kaiser, who has attempted to repudiate the entire world beyond German and Austrian territory.
