SCHOOL IMPROVEMENTS

Work on improvements at the high school and building an addition to the Walnut street residence recently purchased by the school board for domestic purposes are under way. E. P. Wright is the contractor.

At the high school building four rooms in the basement are being joined and will be used for manual training purposes. An outside entrance is being constructed for this department. The addition at the domestic science building is one story and will be 21x22 feet.

BAND HALL IMPROVEMENTS Extensive improvements at the Steelton Band Hall have been completed. The building was painted on the interior and exterior, papered inside and new electric wires and lights installed. The improvements were made at the cost of several hundred dollars.
