

ALIEN CLAIMS TO BE INVESTIGATED

Swedish Vice-Consul's Action at Philadelphia Causes Compensation Stir

Compensation and the great war bid fair to become tangled up before the State Compensation Board...

Under the law a claim must be made by dependants of an alien workman killed in this State within a year...

Formal notice has been served by M. Viti who sets forth that severance of diplomatic relations has interrupted 'ascertainment of full and complete particulars from the proper authorities as to relatives' in the empire...

To grant claims would put money in legal possession of alien enemies which is contrary to the President's proclamation and to continue them without limit of time would be against the interest of State citizens in the same line of action.

Reduction of Trains.—Careful study to the complaints about reduction of train schedules due to the war is to be given by the Public Service Commission this month.

Dynamiters Threaten to Blow Up South Second Street Boardinghouse

Information was made at the police station this morning that Jandro Linta, South Second street, had received a letter telling him to move from his home or it will be dynamited. This house was dynamited about five months ago and badly damaged.

Chief Gardner said this morning that the signs that were placed at conspicuous places in the streets warning pedestrians from loitering in the streets are being torn down.

Patrolman Paris F. Fisher will leave to-morrow morning for Sharon, Pa., to be in charge of a foot patrol. He has been given a leave of absence for two weeks.

NO SMALLPOX IN GUARD CAMP

Five Cases Are Found in Liverpool; No New Cases in City

Officers and men of the various companies of the National Guard stationed at Island Park were relieved to learn to-day that the possible case of smallpox reported in camp has not been diagnosed as such by State medical examiners.

The State authorities, after an investigation, discovered five cases at Liverpool. Two cases which developed in the city were traced to the Perry county borough by city health officials.

F. L. DeHaven, dentist, and wife and daughter; Mrs. Linda Derr, sister of Dr. DeHaven, all residing in Liverpool; and Mrs. John H. Barner, another sister of Dr. DeHaven, residing in the township near the borough.

Large Increase in Attendance

Many More Taking Advantage of Borough Playgrounds This Year

Reports of playground attendance issued by Supervisor Irwin to-day show that the attendance has increased considerably over that of last year. During the month of July there was a gain of 9,818 over the attendance of the same month last year.

Rain yesterday put an abrupt end to the first inter-playground meet on Cottage Hill and it will be completed next Thursday afternoon.

The report is as follows:

Table with columns: Year, Last, Gain. Rows: Pothershill, West Side, Cottage Hill, Major Bent, Hygienic, East End.

Change Office Hours.—Announcement was made by Postmaster Cusack that the following closing hours will take effect at the local post office on Monday:

Entertainers.—The Rev. G. W. Getz, pastor of the Main street Church of God, entertained the following guests this week: Miss Pearl Snyder, Roaring Springs; Mrs. Elizabeth Hackenberger, Harrisburg; Mrs. Charles Wetzel, Carlisle; and Mrs. Lila Gray, Lemoine.

To reach here.—Prof. Charles F. Sanders of Gettysburg College, will preach in St. John's Lutheran church Sunday morning.

LEASES 300 ACRES OF GROUND FOR PROVING GUNS

Trenton, N. J., Aug. 3.—William E. Massey, of Ocean county, representing the Bethlehem Steel Company, obtained from the State Board of Shell Fisheries to-day a lease for 300 acres of oyster lands in the tributaries of Great Egg Harbor river.

The attorney general rendered an opinion to the fisheries board that it had the authority to make a lease to the company. It is not the intention of the company to cultivate the oyster beds, but if it is found to be a legal requirement of the lease they will cultivate the beds to keep within the law.

Three Neutrals Yield to U. S. Demands

Washington, Aug. 3.—First effects of the proposed food rationing plan of neutrals in Northern Europe by the United States were noted when Norway offered to guarantee that supplies shipped to her would not be forwarded to Germany and in return for food offered 1,000,000 tons of shipping for use in coastwise trade.

The United States, on the other hand, made it plain that it is in earnest in its determination that foodstuffs sent from this country shall not, directly or by indirection, be used to assist in carrying on war.

Notes were handed to diplomatic representatives of each of the neutrals, asking them to inform them to food conditions in their respective countries. So great are their emergencies that immediate replies are anticipated.

TANLAC RESTORED HER HEALTH HE SAYS

"You never saw such a wonderful change in anybody as has come over my wife since she has been taking Tanlac," says Nathaniel L. Royer, of 828 Bent St., Reading, Pa.

"Her stomach was in terrible condition. Indigestion and gastritis made life miserable for her day and night. She couldn't keep anything on her stomach for the plainest food would nauseate her. She had no appetite at all and her nerves were so agitated that she couldn't get a good night's rest."

"But since she has been using Tanlac all these symptoms and troubles have left her. She now has a wonderfully good appetite and gains and vomiting spells no longer seize her and she sleeps soundly all night waking up fresh and rested."

"Tanlac has helped her so much that she wants the news of her recovery spread broadcast so that other sufferers may profit by her experience."

Tanlac the famous reconstructive tonic, is now being introduced here at Gorgas' Drug Store where the Tanlac man is meeting the people and explaining the merits of this master medicine.

Tanlac is also sold at the Gorgas Drug Store in the P. R. R. Station; in Carlisle at W. G. Stephens' Pharmacy; in Elizabethtown, Albert W. Cain; in Greencastle, Charles B. Earl; in Middletown, Colin S. Fawcett's Pharmacy; in Waynesboro, Clarence Croff's Pharmacy; in Mechanicsburg, H. F. Brunhouse.—Adv.

Guardsman Who Takes Place of Claster Also Has Appendicitis Removed

A peculiar coincidence which is interesting widespread comment among the local Guardsmen at Mt. Gretna is the seizure of Private Nelson Barber, of this city, a member of Truck Company No. 1, motor supply train with appendicitis.

He succeeded Joseph I. Claster, also of this city, in the motor supply train when he was stricken with appendicitis several weeks ago.

When Private Barber enlisted he was given Mr. Claster's uniform and assigned to his duties. Because appendicitis is neither contagious nor infectious the Guardsman placed no connection between the two but think it odd the men should have been stricken with the same affliction.

Mr. Barber was operated on here to-day and is getting along good. Mr. Claster is improving fast.

Felt Bad All Over

Today Am Feeling Fine—Sanpan Did It.

says Mrs. Mary Keefe, 1131 Monroe street, Harrisburg. "I felt bad all over for a long time. My stomach and intestines were sick and sore, after eating was troubled with bloating and pains in my stomach, had pains in my back and limbs felt drowsy and lifeless. Just had no ambition for anything."

"I was very nervous and irritable, sometimes I felt exhausted. I tried a lot of stuff, but it was like throwing good money after bad, did me not a particle of good, and I was disgusted with all medicine. Finally a friend advised me to try Sanpan. I got a bottle, and in a very short time I began to improve, and to-day, I am feeling fine."

"My stomach is not sore and is working perfectly, my nerves are in good shape, I sleep well, the pains have left my back and limbs and I attribute my good health to Sanpan. It is one medicine that gives results and I am glad that I tried it. It is a wonderful medicine."

Sanpan is now being introduced at Keller's Drug Store, 405 Market street, Harrisburg, where the Sanpan man is explaining it to the people.—Adv.
