DAUPHIN GETS \$10,490.23 OF CASH ROAD TAX BONUS

Would Have Received More if Reed Township Had Not Failed to File Agreement; Due From Years 1910 and 1912

State highway officials to-day figured that Dauphin county will receive \$10,490.23 of the cash road tax bonus being distributed among the second class townships of the commonwealth.

Despite the fact that the township officials were notified twice to comply with the provisions of the law in regard to the filing of their agreement and their treasurer's bond, they failed to do so, consequently Dauphin county loses \$107.67.

The law requires that townships must file annual reports with the bureau of township highways of the State Highway Department before they may receive a portion of the \$1,873,470.40 cash road tax bonus fund; also, they must file an agreement with the State Highway Department setting forth the purpose for which the township and state money will be spent.

Buying and installing concrete, cast iron or corrugated pipe and installing concrete of stone masonry head walls; for the construction of concrete culverts and of concrete or of steel bridges, according to plans approved by the bureau of township highways; for permanent grading, widening or straightening roads; for the construction of concrete or concrete and stone masonry retaining walls to support roads and for the township's share of the cost of State-aid road construction.

The amounts due to the townships for 1913 and 1914 must be provided for by future legislative action.

The townships of Dauphin county which have complied with all requirements are:

DANGERS LURK IN IGNORANCE

Commissioner Dixon Warns of Careless Use of Medicines in Caring For People

Dr. Samuel G. Dixon in an extended statement issued on the dangers of careless handling of medicines calls attention to the lives lost and harm done by fooling with drugs of which persons do not know the properties.

Drugs are not to be fooled with. Those capable of doing good are also capable of doing much harm.

An intelligent, experienced and conscientious physician will never prescribe drugs until he has made a thorough diagnosis, unless in a desperate, emergency case.

There are many sicknesses whose outward signs are so much alike that the lay person or one uneducated in medicine could not recognize a difference between them.

The one recommended under such circumstances might be supposed to have castor oil in it or some drug that would act as it does.

The patient has been surprised that the pain has grown worse and the temperature has leaped up high even though a drug was taken.

The doctor soon determines that his patient is dangerously ill, that the first pain was not an ordinary pain but due to an abscess from appendicitis.

This abscess had been broken by the action caused by the medicine recommended and taken before the real nature of the sickness was recognized.

The deadly pus from the abscess has been scattered through a large, complicated, wormlike intestine, where it will lodge and kill the patient unless it is washed out, all of it, even down to a piece the size of a pin point.

The pus germs are so small that they cannot be seen with the naked eye, but they are born by the hundreds every minute.

A knife very often has a double edge and so have drugs. A headache powder will relieve the ache for the time being and at the same time weaken an already weak heart and in some cases cause death.

Those quack medicines and published books for home treatment, those advertisements of doctors who treat patients through correspond-

ence, either by letter or newspaper; those druggists and nurses who prescribe on guess work all represent part of a great evil.

Father Driven Insane by Fear of Son's Draft

Duncannon, Pa., Aug. 7.—Continued worrying lest his only son be taken for the draft army is said to have driven John Lindermuth, a farmer on Route No. 3, violently insane.

He was taken to the State Hospital at Harrisburg yesterday afternoon.

Lindermuth's only son stood high on the draft list. The father, one of Perry county's most intelligent and progressive farmers, worried about the draft continually.

Finally he became violent and frequently talked about the system that was going to separate him from his son.

Later he made two attempts to take his own life.

WANDERING CHILD FOUND

Manchester, Pa., Aug. 7.—A five-year-old girl has wandered to the home of William Knaub, near here.

The child could not at first tell her name, but later on gave its name as Rohbaugh.

She was unable to tell where her home is. She is being taken care of until her parents are located.
