I was to all appearances a total wreck; my nerves were all gone up, could not rest at night, it was just one constant tossing about in bed, and sleep would not close my eyes, finally toward morning I would doze off when it was time to get up. I was never in shape always felt fagged out and not fit.

Had a trembling in my limbs, and a weak feeling in my stomach, I felt as if I needed something to brace me and put some strength in me.

The points scored in the season handicap during the past week are as follows:

Handi-Place Name Gross cap Net 1 W.W. Smith 80 12 68 M. S. Kelley 84 12 72 H. F. Young. 91 18 72 2 W.D. Meikle 84 12 72 3 C. H. Sauers 83 10 73 H. S. Kremer 91 18 73 An unusual incident occurred during one of the matches on Saturday. Doe of the players was having hard luck in his driving and while at No. 3 tee he drove his first ball into the shrubbery to the left while his second ball was topped and both the players and caddies were unable to see just where it fell. After considerable searching it was finally discovered firmly wedged between two branches of a small tree, and it would have been impossible to play it from such a lie, it had to be knocked down with a loss of stroke. One of the most interesting tour maments held at Reservoir will start this week, when thirty-two players compete for the Fred B. Harry cup. This event is very popular with the members of the club as it is a handing affair where the dub has just as much chance as the scratch play it from such a lie, it had to be knocked down with a loss of stroke. ITALIAN FLYERS LET BOMBS FALL

Heavily Under Air Raid

By Associated Press

Rome, Aug. 7 .- A detailed report on the air raid at Pola, the Ausshows that it began at 11 p. m. and ended shortly after dawn. Each machine carried eight bombs and six grenades. The first arrived over Pola an hour after departure and

without the loss of a single machine.

D'Annunzio, the poet, was aboard one of the larger planes piloted by Captain Gori. The damage effected was most important. In addition to bombing the arsenal a naphtha depot and a seaplane station were set afire and burned like paper. The Italian aviators who kept at an average height of 2,500 to 3,000 yards were able to judge of the extent of the destruction by the enormous sheets of flame and columns of smoke which shot up to a height of 500 yards.

smoke which shot up to a height of 500 yards.

The Austrians were unable during the bombardment to extinguish any fires started by the bombs, but they kept up furious fire with their anti-aircraft and thirty of their most powerful searchlights threw a dazzling light over the space where the Italians were flying. Notwithstanding, the latter cruised over the city for nearly five hours and escaped unhurt and victorious.

Housewives Called Upon to Preserve Bumper Crop

Washington, Aug. 7. — President Wilson's patriotic appeal to the country's farmers and gardeners having been answered with bumper crops, it is now up to consumers to do their share by conserving perishable foods, according to a statement issued by Secretary Houston to-day. Secretary Houston to-day. Secretary Houston to-day is the perishable fruits send that every home assist be fruits send that every experienced woman place her knowledge at the disposal of her neighbors. To that end it is specifically recommended that women call their organizations together for discussion of conservation work, that demonstrations in canning and preserving be given and that they co-operate with food officials.

Hundreds of dollars' worth of lightning as well as a number of places near the city. chimneys and many trees.

By Associated Press

Washington, Aug. 7.—The newlycreated war industries board to-day twent to work on its big war purchasing program for the United It
States and her allies, after a preliminary conference with President
Wilson. Among the first problems to
be solved was that of co-ordinating
American and allied purchases. This
probably will be done through Bernard M. Baruch, member of the
board, who is to be named purchasing commissioner for each allied
government, and who also will be
chairman of the war industries
board's purchasing commission for
the American government. Some
difficulty is looked for in the efforts
to buy for the allies at the same
low prices obtained by the United
States government. Many producers
already have entered protest, saying
their government prices are far below the market.

CAUSE DAMAGE SAYS DR. RAUNICK

Barns Struck by Lightning Vacationists Told to Be Careful of Drinking Water

NOW BEING USED BY OVER THREE MILLION PEOPLE ANNUALLY

New York, N. Y.—It is conservatively estimated that over three million people annually in this country alone are taxing Nuxated Iron. Such astonishing results have been reported from its use both by doctors and laymen, that a number of physcians in various parts of the country have been asked to explain why they prescribe it so extensively, and why it apparently produces so much better results than were obtained from the old forms of inorganic iron.

Extracts from some of the letters received are given below:

Dr. Ferdinand King, a New York Physician and Medical Author, says: "There can be no vigorous iron men
