New York, Aug. 10.—Six members of the Belgian relief ship crew were arrested here to-day with three other men on charges of smuggling rubber and platinum into Germany by way of Holland and Belgium.

The prisoners are said to be Belgian citizens and their arrest, the police said is the culmination of a year's search for the underground route by which it is believed Germany has been able to get weekly an estimated \$25,000 to \$30,000 worth of merchandise surreptitiously from Atlantic ports. The value of the goods in Germany is said to be five fold their cost here.

Sergeant Ellinge, r in charge of the signal service recruiting office, this morning said that the men who have enlisted in the signal reserve will idoubtless be called to a training camp within a week. It is not expected that more than a day's notice will be given the men. Since Lieutenant Amthor was ordered to service at the training camp no men have been sworn in at the recruiting station. Try this new buttermilk combination for complexion and freshen up that wrinkled sallow skin in a single night.

VERYONE knows that buttermilk alone is not enough to completely rid you of that tired, careworn look and renew the fresh beauty of your skin. It took an ingenious French girl to find the right combination for setting quick, sure results. Now women everywhere are talking about the new home treatment of buttermilk and Creme Tokalon Roseated. As fast as they use it their mirrors and friends both tell them how much younger and pretiter they look. Prove it yourself. Get a few cents' worth of buttermilk and creme Tokalon Roseated. Just before going to bed, wash your face with the buttermilk and rub in a teaspoonful of the roseated cream. In the morning wash the face in clear, warm water and rub in a little of the roseated cream, after which apply a pure.

Congress Plans to Raise Great Sum of Money by Direct Taxation

By Associated Press

Washington, Aug. 10. - In the war tax bill to-day, Senator Simmittee, said the bill proposed to raise a larger proportion of war revenues by direct taxation and less by bonds, distributing the war burden between the present and future benerations. He pointed out that nearly \$1,400,000,000 of the new war taxes are to be obtained from incomes and war profits alone, with over \$200,000,000 more from intoxicants.

the house provisions have been compelled to pay either to the government or to private interests.

Publishers Taxed

The reduced tobaco taxes, he said, would raise the same revenues as the house rates without burdening either producers or consumers. Liquor rates, he added, were raised because the food control law's provisions stopping manufacture of whiskey made it advisable to find other revenue sources.

Mr. Simmon's statement regarding the publisher's tax was:
