H. W. wants to know if Ban Johnson, in suggesting that the world series be called off, would rather send his American League champs against the Germans than the Giants. Not if Ban has looked up the world series dope of the last seven years. We have been requested to start a golf association wherein the cups on the putting greens will be made as large as the bunkers, with the bunkers reduced to the present size of the cups. The scheme sounds feasible enough, only in the mad stampede to join we fear that too many golfers would be injured in the crush.

Ike McCord, who quit the Hagers-town team of the Blue Ridge League to go with the Steelton team of the Bethlehem Steel Company League, and who lately has been playing with the Duncannon team, has again returned to Hagerstown, where he is covering himself with glory. Ed-die Hooper, who has been playing in the outfield for Newport, has also gone to Hagerstown where he is holding down the third corner and hitting like a fiend.
