

NEW MEN FROM NIAGARA RETURN TO CITY FROM NIAGARA

Same in Name, But Not in Appearance; Come in on Special Train

Almost the same crowd in names but not in appearance that left Harrisburg three months ago, at noon to-day trooped up the steps...

The first question they asked when congratulations were over was "where can we get an officer's suit made?"

Many of them have already had their assignments telling them when and where they will report.

Edward B. Roth, the local athlete and former member of the Governor's Troop was one of the first of the men commissioned to receive assignment.

A large number of the men at Ft. Niagara who failed to receive commissions have been recommended for the second camp.

Among those recommended are Robert B. Rinkenbach and George E. Landis of this city.

REFLECTORS TO BE SHOOT

Harrisburg and Keystone Men to Meet in Matches For Loving Cup

At a meeting held to-day between C. A. Dunn, executive officer of the Harrisburg Rifle Club and J. N. Ho-

bart, executive officer of the Keystone Rifle Club, of this city, a series of competitive rifle matches was arranged for.

Recently the Cohen Sporting Goods Store, through its manager, Alexander Kassner, offered a large handsome loving cup to be contested for by the two clubs, and has also offered a fine Winchester musket to be awarded to the individual making the highest average score in the matches.

In order to win permanent possession of the cup, one of the teams must win three successive matches. The members' match course will be used, and each team will be allowed ten men, three substitutes, one coach, one spotter, one range officer, one captain and one scorer.

The team who will represent the Harrisburg Rifles has not yet been selected and the executive officers request that all members of the club come out for practice whenever possible.

PEACE FACTOR IN MARKET

Steels, Equipments, Motors and Specialties Recut But Shippings and Sugar Offset Losses

By Associated Press New York, Aug. 15.—Peace negotiations and the factor of the opening of to-day's market, steels and equipments, as well as other specialties, are showing further reactions of one to two points. These losses are being offset by the strength of shippings, sugars, Great Northern Ore and United States Rubber. Railroads and Coppers were dull and unchanged. The market became more irregular before the close of the first hour.

Alternate rallies and reversals marked the later dealings, traders predicting greater price fluctuations more definite developments in the foreign situation. Shippings and industrial were the sustaining features. United States Steel rising a point from its minimum. A few metals and equipments kept pace with this movement, but automobile shares showed further depression.

General Motors yielding almost five points and Maxwell, Common and Second, 1 1/2. Erie and Lehigh, the suspended dividends. General Chemical featured the high-price specialties, declining eleven points to 110. Liberty Bonds sold at 99.95 to 99.98.

TROOPS TRAINING FEW BIDS MADE ON STATE ROADS

Start New Style to Relieve Irritation; to Hold Big Dance Tonight

National guardsmen who are seen on the street to-day with the one sleeve rolled high above the elbow are not allowing some new dictate of the War Department but merely endeavoring to keep the shoulders free from the newly inoculated skin.

All interest for this evening is centered on the dance to be given at Summerdale. More than 200 advance tickets have been sold and the men who are going to handle the finances to-night are hoping for a big rush that will help to swell the general fund.

The battalion parade last evening proved a greater success than any of the preceding ones. Regular army men who were present complimented the guard officers on the appearance of the men made in parade.

Chalmers Goodyear, 2549 North Sixth street, who is a member of the State Highway Commission, was picked up on this morning. He was taken to the police station to await orders from his commanding officer belonging to the medical corps.

State Commission to Push Grain Production

The State Commission of Agriculture, which held its first meeting here to-day since adjournment of the Legislature, outlined steps to increase the production of grain in the state, but did not organize the new bureau of markets.

Secretary Patton recently appointed E. B. Dorsett, of Harrisburg, as his assistant and his pay has been held up by Auditor General Snyder on the ground that Mr. Patton has not been appointed in his own office.

The commission plans a general survey of the state with the object of suggesting districts where the acreage devoted to grains can be increased and the production of wheat and new seed wheat for other states for trial on Pennsylvania soils.

Arrangements are also being made for the purchase of farm extension seeds for sale to farmers at cost.

At the next meeting of the commission heads of farm extension schools and similar activities will be presented.

Public Service Has Consolidated Bureaus The public Service Commission has consolidated the bureaus of engineering and rates and tariffs into one division to be known as the division of engineering, rates and tariffs.

Chief engineer of the commission, Mr. Snow will personally direct the engineering bureau and Mr. Henry E. Chiles, Jr., assistant engineer, will become chief of the bureau of rates and tariffs, a post formerly held by Mr. W. H. Wood.
