"KAISER SPY" ARRESTED

Kansas City, Mo., Aug. 18.—Dr. Karl Armaard Graves, self-styled international spy, who came into some prominence in 1914 after the publication of a volume of his experiences as "the personal spy of the Kaiser," was arrested by federal agents last night at the Union station for being in a zone closed to enemy aliens without permits.

Graves, after his arrest, gave out statements that he was on his way to Denver in an effort to obtain papers that would prove the "illegitimacy of the Hohenzollern family." Among Graves' possessions were found documents relating to the establishment of a Saxon union in this country. The self-styled spy was almost without funds when arrested and poorly dressed.

Veteran Firemen May Not Hold Carnival

The Veteran Volunteer Firemen's Association at a meeting last night did not arrive at a decision with regard to bringing Sheesley's Carnival Company to Harrisburg next month. The veterans have been planning to raise a fund to be added to the treasury for the purchase of flowers for sick members. When the matter of holding the carnival came up for discussion, it was explained that a city ordinance imposes a tax of \$100 on the main tent, and \$25 additional for each side show attraction.

A committee composed of August Wildman, William S. Tunis, H. O. Holstein, A. L. Patton and Levi Title was appointed to discuss the question of license fees as required by the ordinance.

A Motor Car With "Second Wind"

Peerless TWO POWER RANGE Eight

In developing the two-power-range idea it was the Peerless aim to give the ideally soft, smooth Eight the added charm of rugged resistless power for rough hard work and greater speed.

The result, now firmly established, is the remarkably successful Peerless Two-Power Range Eight with its "loafing" range for ordinary driving and its "sporting" range for great power and speed.

The "Loafing" Range
For all ordinary driving you will use its "loafing" range
In this range it performs all those feats of smoothness which distinguish the really fine from the ordinary car in the every day service of an exacting owner.
And in this range it is on half rations, consuming fuel so sparingly as to shame many a lesser powered six—even many a four.

The "Sporting" Range
Among the finer cars of the day, there are a few which pretend no compromise with the demand for the gentler virtues of soft, smooth flexibility.
Such cars are out and out exponents of the more rugged virtues of brute power and speed.
In its "sporting" range the Peerless is ready to vie with such cars in their own chosen field.
