**400 BEGINNERS TO ENTER SCHOOL**  
Total Number of Pupils Who Will Enroll Sept. 4 Is 12,000

Preparations are being made to accommodate more than 12,000 pupils when city public schools reopen in September. This will be the largest enrollment on record. City Superintendent F. E. Downes, with the directors and principals of various buildings, have completed practically all arrangements for the first session on September 4. At least 400 beginners are expected to be enrolled in the primary departments during the first two weeks of the fall term. Parents, in bringing the children to school, are advised to have vaccination certificates to be filed at the School Board office.

The company will hold an ice cream festival and street dance on the evenings of August 30, 31 and September 1. Third street will be roped off below Chestnut and the dancers' music will be furnished by the Lyric Orchestra. The proceeds will go to the entertainment fund of the company.

**Must Have Flanders, Cries German General**  
Amsterdam, Aug. 21.—General von Liebert, in a speech at Rathenow, Prussia, is quoted by the Deutsche Tages Zeitung, as says:  
"We cannot sign a peace before we have the Flanders coast, a colossal empire and maritime bases. Should we not realize this now we must prepare to work for it after the war in view of the next war."  
General Liebert's speech was loudly cheered by his hearers, but it was criticized by the German press. Vorwarts declared:  
"This may prolong the war until Germany has been so beaten that even our pan-Germans cannot think of a next time."

**MAJESTIC OPENS FOR NEW SEASON**  
A Genuine Variety Bill Greeted Audience in First Show of the Season

Refurnished and redecored, the Majestic threw open its doors yesterday for the fall and winter vaudeville season in Harrisburg. The same scenic decoration has been carried out with the exception that for the remaining warm weather, cool cretonne draperies have substituted the heavy ones and the furniture has given way to wicker pieces, covered with cretonne. Piano lamps and bridges of wicker give a touch of atmosphere which is rather unusual in a theater but which much to do with the altogether pleasing scheme of decoration which has been adopted by the management. For the first bill, one of good variety has been employed. Opening with a clever tight-rope walking comedy act in the person of Charles Ledegar, the program next provides a singing act which is whole some in the person of Miss Whyte and Lewis comprise a new team, the only criticism about whom might be said that their voices are a trifle weak. Enunciation and quality in their singing are of an unusual standard for variety acts, and the character of their songs is quite as pleasing. Beside a musical comedy called "You, modeled somewhat after the Miracle play, is a musical comedy lesson-teaching playlet of the present day society circles. Kellier Mack and his troupe of comedians, who are well known to the audience, will appear with their song and patter skill which is clean and clever. "Who's to Blame" is a comedy with twelve people. The dancing in the act takes first place in the program. The other acts are the rest of the act. But altogether the act is a pleasing one, as is the whole bill.

**REGENT SECURES NEW PROGRAM**  
Paramount and Atrcraft Pictures With Many Stars Will Be Shown at Regent

Beginning with the appearance of Geraldine Farrar for a four-day engagement in "Joan, the Woman," starting next Monday, August 27, the Regent Theater, 410 Market street, will be an all-star motion picture house. Peter Magaro, manager, announced today he has signed up contracts for the coming fall and winter season, representing a financial outlay of \$20,000, which will assure for the Regent the exclusive appearance in this city of all the stars who have come under the direction of the Paramount Pictures Corporation and the Atrcraft Pictures Corporation under the management of William H. Fox. The recent working agreement reached between these two top-notch production houses will be bigger and better than those heretofore shown, and these will be shown exclusively at the Regent Theater.

**VANDALS BREAK WELLS MONUMENT**

Horse Figures on Marker Placed by State of Vermont Bally Damaged

Gettysburg, Pa., Aug. 21.—The handsome monument erected by the State of Vermont in honor of General Wells, one of her sons and dedicated at the time of the fiftieth anniversary of the battle in 1813, suffered at the hands of vandals in the breaking up of a part of the bronze plate on the base of the monument on Sunday night. The monument stands back of Big Round Top, and though not as pretentious as some others on the hill it is declared to be one of the finest pieces of work here. It has as its dominant feature a heroic statue of General William Wells in full action. On the base of the monument is a relief which depicts the force of the vandals' work. The figures are specially clear and distinct, the action perfect, the faces faultless, and the horses said to be especially fine. Two of the horses were marked by the man and in each case a leg was broken off below the knee. An inspection of the portion that was damaged showed that the other leg had been broken and water having gotten into the fissure and evidence of corrosion being apparent, the vandals' work was a one. A hunt for the pieces failed to locate them. It is believed the damage is of such a nature that the figures will have to be remade. No clue was left by the vandals as to the whereabouts of the pieces. The damage is of such a nature that the figures will have to be remade. No clue was left by the vandals as to the whereabouts of the pieces.

**CAMP HANCOCK READY FOR THE BOYS OF CO. D**

All Buildings on Training Site Will Not Be Completed Until Late Next Month

Camp Hancock, Augusta, Ga., Aug. 21.—Building work at the camp more than half completed and workmen have started on the final construction in many sections. Preparations have been made for the reception of the Pennsylvania National Guardsmen advance units which are on their way here. Among these is Company D, Eighth Regiment of Harrisburg, Pa. Contractors at the camp have a force of 2,500 men at work, and are in need of at least 1,500 more laborers to finish the construction. Work will begin within a few days on both the remount station and the base hospital, which will require about 4,000,000 feet of lumber. The structures will not be completed until late in September.

**Doctor Says Crying Need Of The Woman In Her Blood Is More Iron In Her Blood**  
TO PUT STRENGTH IN HER NERVES AND COLOR IN HER CHEEKS  
Any Woman Who Tires Easily, is Nervous or Irritable, or Looks Pale, Haggard and Worn Should Have Her Blood Examined For Iron Deficiency.

Administration of Nuxated Iron in Clinical Tests Gives Most Astonishing Youthful Strength and Makes Women Look Years Younger.

There can be no healthy, beautiful, rosy checked women without iron," says Dr. Ferdinand King, a New York Physician and Medical Author. "In my recent talks to physicians on the grave and serious consequences of iron deficiency, I have strongly emphasized the fact that doctors should prescribe more organic iron—Nuxated iron—or their nervous, run-down, weak, haggard-looking women patients. Pallor means anemia. The skin of the anemic woman is pale, the flesh flabby. The muscles lack tone, the brain fails at the memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron roses go from the blood of women, the roses go from their cheeks.

In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degenerated cornmeal no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of cooking, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for grave iron loss.

Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron which is lacking in your food by using some form of organic iron, just as you would use salt when your food has not enough salt.

"As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated iron when they feel weak or run-down. Instead of dosing themselves with habit forming drugs, stimulants and alcoholic beverages I am convinced that in this way they could ward off disease, prevent it becoming organic in thousands of cases and thereby live a longer and more active life. And might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood.

"On account of the peculiar nature of woman and the great drain placed her system at certain periods, she requires iron much more than man to help make up for the loss.

"Iron is also absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food cannot pass through you

**Dr. Ferdinand King, New York Physician and Medical Author, tells physicians that they should prescribe more organic iron—Nuxated Iron—for their patients—Says anemia—iron deficiency—is the greatest cause to the health, strength, vitality and beauty of the modern American Woman.—Sounds warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only nuxated iron.**
