

BOYS ON ISLAND AWAIT COMMAND TO MOVE SOUTH

Eager to Join Company D at Camp Hancock; Promotions in Company I

The boys at the island are waiting, but rather impatiently, the order to entrain for Camp Hancock. The officers have received no definite information regarding the time of leaving, but there is a feeling in the air that the start will not be many days delayed.

The boys of Company D are sorely missed, for, as one of the Company I boys expressed it, "the boys of Company D are mighty good scouts, and we are all anxious to see them again."

Plans for a fitting demonstration to be held upon the departure of Company I are being made. The company are going forward and all arrangements will be completed when the time of departure is announced.

Privates Promoted Two promotions were announced at the island to-day. Privates John M. Cleaver and John J. Trickett have been appointed privates of the first class.

First Sergeant Charles M. Graeff led with the Harrisburg boys this morning for Fort Odethorpe, Ga. This afternoon the baseball team at the island played a team from the city-seventy-five to thirty.

The band concert by the Eighth Regiment band was largely attended evening. On Friday evening, following the impressive guard mount drill, the band will give another concert. The guard mount ceremony will begin at 8:30 o'clock and will conclude in time for the retreat at 7. This ceremony is being given at the request of prominent Harrisburgers and is all probability will be largely attended.

Sergeants Transferred Upon recommendation of Captain William F. Harrell, Sergeant James Simpson and Sergeant John E. Mullaney were ordered to report to the officers training camp at Fort Niagara not later than August 24. Corporal Frank Weidwid was transferred to the barracks at Columbus, Ohio.

By the enlistment of Roy M. Keller of 1081 Ninth street, Company I, Eighth Pennsylvania Infantry, gains a new recruit. Arthur W. Snyder, of 216 South Thirteenth street, has been assigned to the corps and will be sent to Columbus, Ohio.

Troop C Gets "Jabbed" Persons passing the old church at Fourth and State streets, where the Governor's Troop is stationed, were met this morning by numerous husky young men without coats and with rolled-up sleeves. The soldiers did not have anything on their minds, but rather on their arms, for every soldier boy was vaccinated to-day.

Captain Roberts is planning to instruct his men in French and a number of phrases which will prove essential to them in the future. They arrive in France are being prepared for general distribution among the troops.

Ask Red Cross to Dance Three Steelton young men offered themselves for enlistment in the navy yesterday, but were not accepted because they could not pass the rigid physical examination.

Major J. M. Peters has issued the following invitation to the local Red Cross chapter: "In recognition of the many courtesies extended the various military organizations, the medical department, Eighteenth Pennsylvania Infantry, desires you to attend as honorary guests, a dance to be held at Fort Washington Park, Friday evening, August 24, at 8:15 o'clock. "The committee in charge will appreciate a prompt reply in regard to the acceptance of this invitation."

Reserve Militia to Come Along Gradually Plans for the formation of the Pennsylvania Reserve Militia, provided by the act of 1917 to take the place of the National Guard after its entry into federal service, will be worked out gradually during the remainder of the year, as there are many matters connected with the guard to be taken up and more or less uncertainty exists as to how many men there will be.

The units of the reserve militia will in all probability be located in places where the State owns the barracks and it is probable that when the Adjutant General reaches the point where he will designate persons in each community to enroll men for inspection prior to their entry into recognition will be extended in that manner national guardsmen who have rendered previous service of a satisfactory character and who have been unable because of minor defects to enter the federal service.

No announcement of any plans has yet been made by the Adjutant General.

POINT WINNERS The following points were awarded in the summer handicap tournament at the Colonial Club for the week ending August 19: A. H. Armstrong, 5; W. M. Gelsky, 3; Murray, 1.

FACTS WORTH KNOWING Only one Englishman has ever been elected pope. Experiments in electrocution of animals for food are being made in France and Germany. The largest and highest cactus in the world is found in Arizona. It is two hundred and thirty-two feet in height. Russians do not drink tea out of cups and saucers, but out of a "stakan"—a glass tumbler in a silver holder. Camels are fit to work at five years old, but their strength begins to decline at twenty-five, although they usually live to forty. The bulk of the money for building St. Paul's Cathedral was obtained from a duty levied on the coals brought to the Port of London. Newfoundland seals are not fur-bearing, but are killed in large numbers for their skins and fat. The skins are transformed into patent leather and "kid" gloves, while the fat is used for soap. Fair-haired people are said to be less numerous than formerly. The ancient Hebrews were a fair-haired race; now they are, with few exceptions, dark. So it is in a lesser degree with the Irish, among whom one hundred and fifty years ago, it is stated, a dark-haired person was almost unknown.

Will Advise 1,000 Women

DR. ARISTINE MUNN-RECHT Dr. Aristine Munn-Recht, newly appointed dean of women in the New York University, which now has more than 9,000 students, will have the management of the 1,000 women who attend that institution. One of her chief problems will be to find means of housing the girls who stream from all parts of the United States to the university. She is a graduate of Bryn Mawr and Johns Hopkins.

TROOPS MAY BE CALLED TO COOL OFF GEORGIA Macon, Ga., Aug. 22.—City and county authorities have given notice that they will not permit assembling of the so-called State convention organized by Thomas E. Watson to protest against the draft law here. Both city and county have declined use of public buildings or grounds.

The city police and the sheriff say they will suppress the meeting anywhere in the county. The United States Marshal is being urged to ask for the use of troops if need be.

HER SPECIAL LINE "Are you a good cook?" asked a lady of a showily-dressed applicant for a situation of employment servant. "No, I don't cook," was the reply. "Are you accustomed to washing and ironing?" "I'm afraid I couldn't do either; they're too bad for me." "Can you wash and iron and turn out a room?" "Certainly not! I'm not strong enough!" "Well, then," asked the exasperated lady, "what do you do?" "I dust!" replied the girl placidly.

Member of Assembly Quits to Pay Debts

Warsaw, Ind., Aug. 22.—Dr. Sol C. Dickey, member of the Indiana assembly, who for the past twenty-three years has been virtual head of the great Chautauqua and Bible conference institution, has tendered his resignation as general secretary to W. J. Bryan, president, and the board of directors, of which Prof. C. O. Excell, of Chicago, is chairman.

In an open letter read from the Chautauqua platform Dr. Dickey stated that he intended to devote all his time in the future to the task of raising money with which to repay needy creditors, who lost practically everything when Winona center bankruptcy several years ago, and was sold at receivers' sale for \$100,000.

The debts of the institution totaled \$200,000, although the indebtedness debt is wiped out in the eyes of the law. Dr. Dickey intends to wipe the stain from himself and the name of the assembly by repaying every dollar lost by needy creditors. His successor as general secretary has not yet been elected.

HER "MAID" HAD WHISKERS Atlantic City, N. J., Aug. 22.—A cottager in fashionable Chelsea last night whispered over the telephone to a detective that there was a mystery in her home she desired to have solved and that concerned her new colored maid. "Do you know that there is a distinct growth of whiskers on the chin of this girl, and I think he is a man, but he wears dresses and does the work well. But I am afraid."

Detective E. Bagnell with Police Sergeant H. H. H. went to the address the message and arrested the "maid." In the Police Court this morning the "maid" registered as Lucinda Russell, and said his home was at 1415 N. Audubon street, and claimed that he had done no harm. He found he could earn better wages in his capacity as "maid" than at anything he could obtain in the home of employment at present. He was released, but Captain of Detectives Malesed is making an investigation.

MIGHT HAVE DONE BETTER There were two suitors for Miss Murphy's hand. One was a grocer named O'Flaherty, whom her father and mother strongly urged her to marry, and the other was a publican named Peggan. Mary herself favored the latter, and in the end married him. One day when she was settled in her new home she visited her parents and showed them a new girl with her husband had given her. "Ah," said the mother, disapprovingly, "if you took my advice and yer father's advice, Mary Ann, 'tisn't a gold watch ye'd be having in yer pocket, but a good eight-d' half gold watch."

HER SPECIAL LINE "Are you a good cook?" asked a lady of a showily-dressed applicant for a situation of employment servant. "No, I don't cook," was the reply. COAL STOCKS FEEL PRICE REDUCTION

Stocks Suffer Further Shrinkage Following Cut by the Government; Shippings and Tobaccos Among Few Sustaining Features

New York, Aug. 22.—Shares of the coal roads and coal producing companies suffered further shrinkage during the day's early dealings, in consequence of the cut in prices ordered by the government. Pittsburgh Coal dropped four points and Reading 1 1/4 with material fractional recessions in the bituminous issues. Delaware and Hudson developed a current weakness and New Haven made the new low record of 30 1/2. Industrials, Equipments and Coppers were sympathetically affected, leading stocks losing 1 to 1 1/2 points. Shippings and Tobaccos were among the few sustaining features.

Steady liquidation accompanied the trading of the morning, mostly early losses being increased. Steels, coppers, Mexicans and sugars were pressed for sale by professional interests and shippings failed to hold. Of any group, rails yielded generally, numerous secondary issues, including the Western and Southwestern division issues, were particularly high grade coalers rallied fractionally, support being observed on re-issuance. Dealings in bonds were \$29.58 to \$29.92.
