

WILSON'S REPLY TO POPE PRAISED IN BRITISH PRESS

Answer to Peace Proposal President's Most Popular Act Since War

By Associated Press
London, Aug. 30.—Nothing President Wilson has said, written or done since he declared the entrance of the United States into the struggle against militarism has called forth heartier endorsement by the British press than that which is today accorded his reply to the Pope's peace note.

The directness of the President's language is hailed as wholesome and bracing plain speaking, especially by newspapers who constantly oppose pacifist tendencies. These newspapers regard the note as a stern rebuke to the "feeble spirits" who see in the Pope's proposal an acceptable basis for negotiations.

Can't Take Kaiser's Word

The Daily Mail, in an editorial on President Wilson's reply to the Pope under the caption: "We cannot take your word—President Wilson's message to the Kaiser," says:

Terrific Judgment

After citing President Wilson's indictment of Germany's rulers, the Daily Chronicle says:

"This terrible judgment gains its eloquence from no fine phrasing, but solely from the fountains of noble wrath behind it. It is the head of a Christian church might honorably covet."

PAINS ARE ALL GONE SANPAN DID IT

SAYS Wm. Moston employed as a messenger at the White House. For years I had stomach trouble and nervousness, was very irritable and when in this condition did not care for company, just wanted to be alone.

I could not sleep, just laid awake and worried all night. I could not eat anything and my appetite when I did, it made me feel miserable as I would be sick and belch up gas. My stomach was sour. I would get dizzy and weak. I had pains in my back and arms, in the morning hardly had strength to get out of bed.

YOUNG GIRL COULD NOT BEND KNEE

"My daughter, Annie," said P. B. Wombough, a well-known citizen residing at 52 Southern Avenue, Mt. Washington, Pittsburgh, in the presence of witnesses, had been unable to walk for the three months on account of rheumatism.

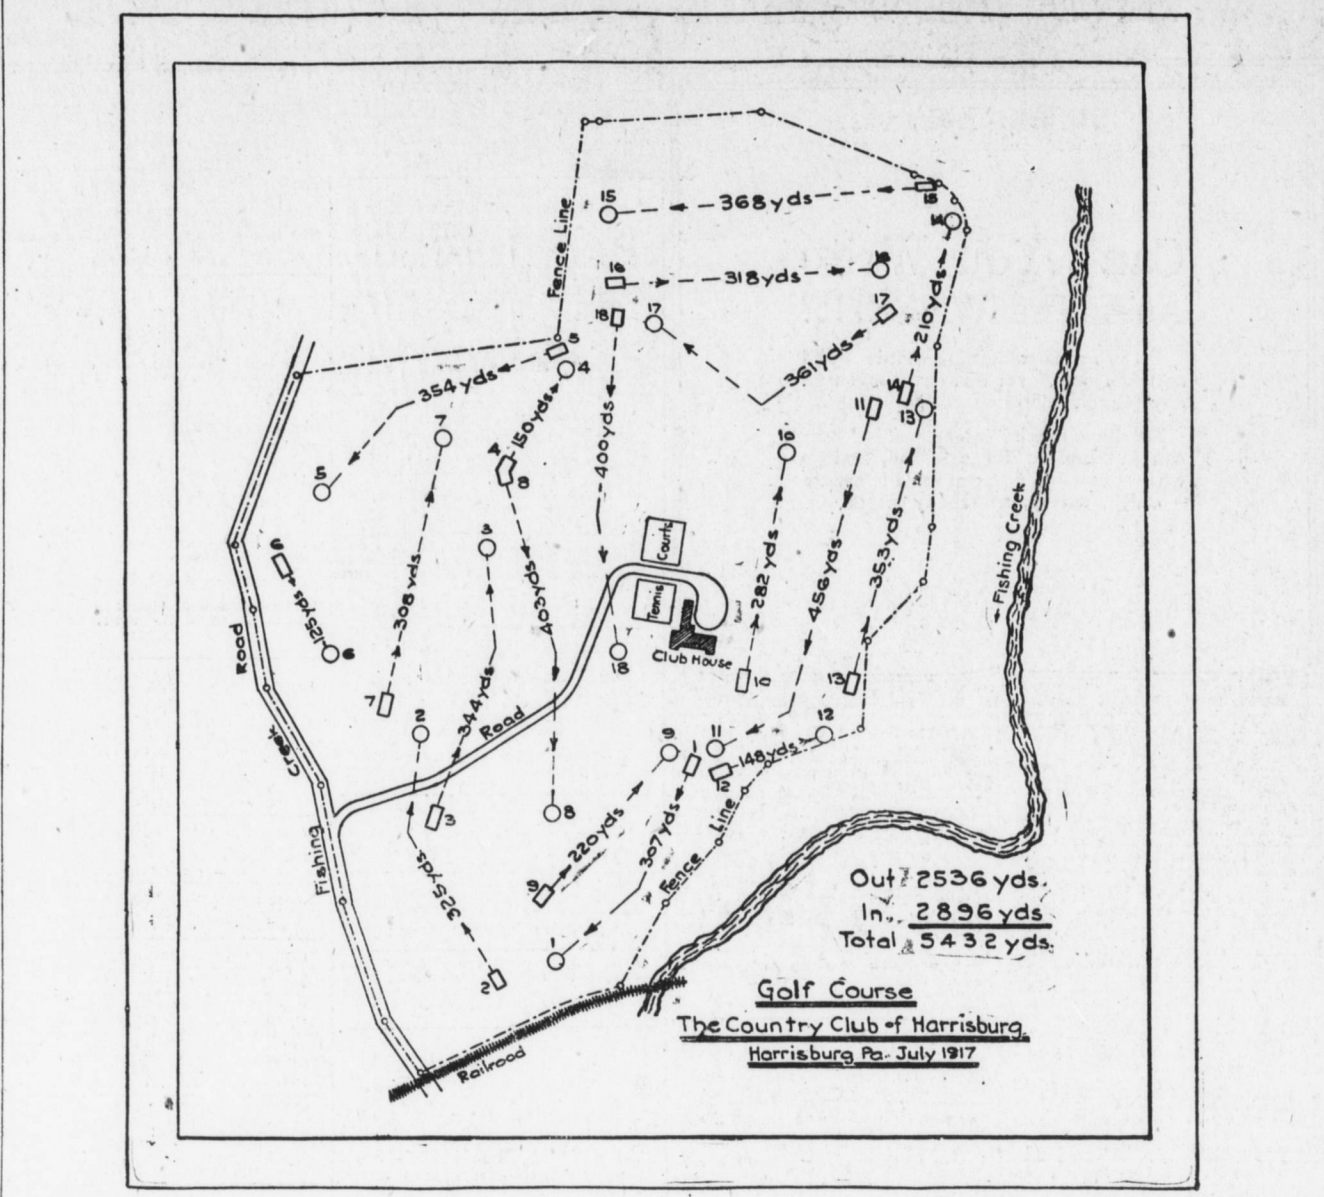

"The rheumatism followed an attack of typhoid fever. It started on the right side and went to the left side, finally settling in my daughter's left knee, which became perfectly stiff."

"We did everything possible for her. Nothing, however, seemed to bring about the right kind of an improvement. About two or three weeks ago we decided to let her try this Taniae. We didn't know at the time whether the medicine would do her any good or not, but we decided that it would do her no harm to try it. One bottle of Taniae strengthened her right up, her appetite became stronger and she could soon eat almost anything and digest it."

"Her rheumatism shows much improvement. Her mother was telling me last night that Annie's knee is loosening up and that she has greater freedom of it. The pains are disappearing rapidly. We believe there is merit in this Taniae and we can recommend it upon the strength of what it has done, and is now doing for our daughter."

"Taniae, the famous reconstructive tonic, is now being introduced here at Gorgas' drug store where the Taniae man is meeting the people and explaining the merits of this master medicine."

JAPAN'S MISSION GIVEN WELCOME BY U. S. SENATE

America's Entry Into War Declared to Be Great Moral Victory

Washington, Aug. 30.—Japan's mission, headed by Viscount Ishii, was received today by the Senate at a ceremony in which Senator Saulsbury, President pro tem., welcomed the visitors and Viscount Ishii made an address bearing a message of friendship and good will between the nations.

In his address Viscount Ishii said, in part:

"I grasp this occasion to say to you that the war is a great moral victory for the United States and I heartily welcome and profoundly appreciate the entrance of this mighty nation of yours into the struggle against the insidious despotism of our civilization. We all know that you did not undertake this solemn task on the impulse of the moment; but that you have yielded to the call of duty and the struggle only after exercising a most admirable patience with a firm determination that this world should be made free from the threat of aggression from that black shadow of a military despotism wielded by a nation taught with the mother's milk that human rights must yield to brutal might. To us the fact that you are now on the side of the Allies in this titanic struggle constitutes almost a great moral victory for our common cause, which we believe to be the cause of right and justice, for the strong as for the weak, for the just as for the unjust."

"I was afflicted with what the doctors said were Varicose Ulcers, and until about five weeks ago I had them for about a year and five months. When all the treatments prescribed to me by several doctors I received no benefit, and they kept spreading, I was much distressed and caused me to quit my work."
