NEWS OF STEELTON GARDNER IS OFFERED JOB

May Head Police at Armament Assembly Plant Near Middletown

Thomas V. Gardner, who was dismissed as chief of police by the Steelton borough council at a secret special meeting Monday evening, yesterday offered the position of chief of police at the aviation plant near Middletown at a largely increased salary to what he was paid by Steelton. The record made by Chief Gardner in the two months he was at the head of Steelton's police force in the way of maintaining order in the borough had attracted the attention of the government's agents in this district, who were not long in snapping up what Gardner was offered. A new rumor was circulated through the borough and Harrisburg yesterday which, if true, would throw considerable light on the summary manner in which Chief Gardner was dismissed. According to this rumor, certain financial institution sent a written communication to Borough Secretary Field in which the defunct firm stated that no action was being taken to tide the borough over until the taxes come in more rapidly was an instant dismissal of Chief Gardner.

NO PARADE ON LABOR DAY

Because Fire Apparatus Has Not Arrived No Demonstration Will Take Place

The big demonstration planned to be held on Labor Day in connection with the housing of the new auto fire fighting apparatus has been postponed on account of the non-arrival of four of the five pieces ordered. There is considerable agitation now to hold the housing festivities on Thanksgiving Day with a parade in the afternoon and a meeting in the evening. No definite action will be taken looking to the selection of a date until all the machinery arrives in the borough. The observance of Labor Day in the borough will be the closing of the banks and the observance of holiday hours at the local post office. All the departments of the big steel plant are expected to be operated in full. The report circulated this morning in the borough that the stores in Steelton would be closed all day, Labor Day, was denied by William H. Whitebread, secretary of the Steelton Business Men's Association, who stated that no action was being taken on the closing of the stores on Labor Day at the last meeting of the association and that the custom of keeping the business places open as in other years on this day will be adhered to. The borough schools will open the 1917-18 term on Monday morning with a short session.

MOTOR VEHICLES ARE BIG PAYERS AMERICAN MEN DELEGATES GO

Revenue to End of August Will Break All of the Records

Revenue from the licensing of motor vehicles in Pennsylvania for the first eight months of 1917 will pass the \$3,150,000 mark, according to estimates made at the State Highway Department to-day. This is a quarter of a million dollars ahead of the revenue of last year and far beyond the income to this date of 1916. The revenue to the close of business last night was \$3,145,057.50 and the receipts have been running from \$3,000 to \$5,000 a day. The number of solid-tired machines, such as trucks, has increased rapidly and the receipts have jumped in the number of motorcycles.

Convention Adjourns; Wide-spread Approval of Election of Holstein as Secretary

After completing the business of the day, the Order of United American Men adjourned yesterday afternoon. While a number of the delegates to the national council remained here for a brief visit, many of the visitors left for their homes last night. Eighteen states were represented by the two hundred delegates in attendance at the sessions, which were held in the G. A. R. hall in Third street. The next annual session of the national council will be held at Providence, R. I. Approval was generally expressed here over the reelection of Howard M. Holstein as national secretary. Mr. Holstein is not only secretary of the supreme body, but is secretary of the national council. He has had a prominent part in the success of the Harrisburg councils, of which there are six on the city and vicinity.

U. S. Secures Release of Americans in Belgium

Washington, Aug. 31.—Persistent efforts of the State Department to secure the release in Belgium of two Americans, C. Clayton of the Western Electric Company, and Whipple of the Bell Telephone Company, have been successful, according to a report to the department to-day from The Hague. The men have arrived there from Antwerp, where they have been detained by Germans since the first days of the war between the United States and Germany. Their case was similar to many others, the German Government never replied to the representations, but information received by the department indicated that almost all Americans other than those of German birth or ancestry had left the country. Among those still in Germany, however, are many who are known to have been forced into military service on the ground that Germany regards their naturalization in the United States as invalid and still holds that they are German citizens.

LABOR TO CONVENE Chicago, Ill., Aug. 31.—Secretary Edward N. Nockels, of the Chicago Federation of Labor, to-day received telegrams from the American Alliance for Labor and Democracy headquarters at New York that delegates to the Minneapolis conference in the United States plan to arrive at Chicago on special trains Monday afternoon. The Chicago federation will elect delegates Sunday. Frank J. Walker, chairman of the last Federal Industrial Relations Commission, is said to have consented to act as chairman of the conference. The list of speakers given out to-day includes Samuel Gompers, John Spargo and John Lind.

How to Lose Your Tan, Freckles or Wrinkles

A day's motoring, an afternoon on the tennis ground or golf links, a sunbath on the beach or exposure on a lake trip, often brings on a deep tan or vivid crimson or, more perplexing still, a vigorous crop of freckles. A very necessary thing then is mercerized wax, which removes tan, redness or freckles quite easily. It literally melts the affected skin just a little at a time, so there's no hurt or injury. As the skin comes off in almost invisible flaky particles, no trace of the treatment is shown. Get an ounce and use this mercerized wax as you would cream, washing it off morning, in a week or so you will have an entirely new skin—beautifully clear, transparent and of a most delicate whiteness. Wrinkles, so apt to form at this season, may be easily and quickly removed by bathing the face in a solution of powdered saffron, 1 oz., dissolved in which hazel, 1/2 pint. This is not only a valuable astringent, but has a beneficial tonic effect also.—Advertisement.

200,000 Drug Addicts Are in Need of Treatment Following Many Raids

New York, Aug. 31.—United States Marshal Thomas D. McCarthy announced to-day that he was considering plans to take care of 200,000 drug addicts who have been deprived of their source of supply, following a number of raids made recently. The marshal said he had been visited by persons in all walks of life who had confessed they were slaves of narcotics which they now were unable to get because of the vigilance of the authorities. They begged the marshal to send them to some institution where they might receive treatment. About 300 alleged drug vendors have been arrested by the government authorities in this city in the past month.

World's Deepest Oil Well Soon to Be Abandoned

Washington, Pa., Aug. 31.—It has been decided to abandon what is said to be the deepest oil well in the world. The well located at Candor, near here, has been drilled to a depth of 7,245 feet. Only 34 feet were drilled in the past year due to the falling of the casing and a number of tools, the latter when an effort was made recently to clear the well of the casing. It is estimated that \$500,000 has been spent in drilling the well.

Pope Will Send Reply to Belligerent Nations

Rome, Aug. 31.—In Vatican circles Pope Benedict is said to have signified his intention of issuing a reply after receiving the responses of all the belligerents to his peace proposals, pointing out questions in regard to which all nations at war may be in agreement and the others concerning which it will be necessary to hold discussions. In this way it is hoped gradually to make peace a matter of practical politics.

HEARST DECLINES

New York, Aug. 31.—William R. Hearst will not be a candidate for mayor of New York at the coming election. His declination to allow his name to appear on the ballot at the coming primaries was filed with the board of elections to-day, the last day under the law for taking this action. Mr. Hearst had been designated by petition for the nomination on the Democratic ticket.

APPOINTMENT ELECTION JUDGE

Joseph R. Weber was named judge of elections in the Second Precinct, Ninth Ward, by Judge McCarroll, succeeding Cyrus Heckert, who enlisted in the army.

THINK NOW! SCHOOL STARTS MONDAY SEPT 3RD Opportunity Calls If you do not think training is necessary for a position, just try to get one. You will hear: "If you knew bookkeeping and stenography, we could use you." It is always the least valuable employe who goes first when it is necessary to economize. And the least valuable one is he who has had no special training for his work. Businessmen do not have time to teach—they want to employ young people who can go ahead without much supervision—and that is what a course with us does. It fits the boy or girl in a very short time to hold a good position satisfactorily. Fall Term Begins Monday, September 3 School of Commerce AND—Harrisburg Business College 15 SOUTH MARKET SQUARE
