STEELTON TAKES **EASY VICTORY**

Shut Out Halifax of D-P League; Good Pitching; Fast Fielding

Steelton's league team had an easy time yesterday, winning from Halifax by a score of 8 to 0. The Dauphin-Perry leaguers were unable to hit and played poorly in the field at critical times.

Steelton's hitting was a big feature. Two fast double plays by Halifax were thrill producers. The score:

CHIEF BENDER IS HARD LOSER

Hands Benny Kauff One to His Liking; Giants Romp Home

New York, Sept. 6.—The pennant hopes of the Phillies were given a severe joit at the Polo Grounds yesterday when the Giants won both ends of the first double-header by scores of 3 to 2 and 5 to 1. The Phils will not yet admit it is all over despite the big reverse. Manager Moran says the race will be fought to the very finish. Incidentally, the Phillies have yet to win a game from the Giants even the year.

Even more unfortunate than the loss of the two games was the defeat suffered by Charles Albert Ben-

straight. • However, the Chief has himself to blame for the way things eventuated. It's about time the bold Brave knew better than to taunt an irate ball-player. That is just what beat him this afternoon.

Harrisburg Monarchs Win

Harrisburg Monarchs evened up with the Big Stars, winning by a score of 11 to 9. Both teams hit the ball, but those of the Monarchs were more effective. The score follows:

SONG OF THE STALWART

We know how rough the road is
And how heavy here the load is,
And all about the barricades that wait along the track;
But we have set our soul ahead
Upon a certain goal ahead,
And nothing left from hell to sky shall ever turn us back.

We know how brief all fame is
And we know how crude the game is.
And we know how crude the game is.
And we know how soon the cheering turns to jeering down the block;
But we know the deeper feeling
That no fate can scatter, reeling,
In the thought that we have battled with the final ounce in stock.

We sing of no wild glory here

we sing of no wild glory here
Emblazoning seme story here
Of mighty charges down the field beyond some guarded pit;
But humbler tasks, befaling us,
Set duties that are calling us,
Where nothing left from hell to sky shall ever make us quit.

SLUGGING COMBINATIONS

What have become of the great slugging combinations of the past? One year, with Philadelphia, Nap Lajoie and Ed Delehanty, linked side by side, averaged .370.

Cobb and Crawford, in the 1911 campaign, totalled .351.
Colins and Baker, hooked together in the batting order, ran up to .350.
Lajoie and Jackson, working with Cleveland, reached .345.
Cobb no longer has a Crawford. Tyrus still rips along, but Veach, well down the list, isn't a Crawford of the old days.
Sieler has no mate to keep him company. Speaker and Chapman have select figures, but they are far below the old mark.
The Collins-Jackson combination with the White Sox is under .280.
The Glants with Zimmerman and Kauff are around .300, while the Reds with Roush and Griffith are over this mark.
But there are no Cobb-Crawford, Lajoie-Jackson, Collins-Baker arrays from the old days left. Some of the slugging combinations have been scattered and broken up, and others have quit slugging.
Three or four years ago, a Collins-Jackson combination would have given the best pitchers in the country a series of cold and clammy chills up and down the spine. Even as late as last season they were around .320, the old mark, and if he was there would be no one in the Yank corral to keep in company.

These combinations used to be one of the big features of the year.

These combinations used to be one of the oig features of the reas always a thrill when two great hitters came up in order crack a double and the other to drive him home.

To-day, the few slugging stars are working almost alone, longer travel in nerve-wrecking pairs.

He comes back among the 300 people, leading such Sons of Swat as Joe Jackson, Eddie Collins, Frank Baker, Stuffy McInnis, Duffy Lewis, Hap Felsch and many others known in the Archives of Slug.

So Ping is back to stay a spell. He has hammered his way home with the Big Mace. He has shattered his way through with the bludgeon. He is over .300 now, and he is going to stay there. He belongs.

Tillman used a left jab, and then a right and left to face and stom-ach in this session, which had White worried, for the latter began to hold using the ropes at every opportunity.
