By Associated Press Petrograd, Sept. 13, 10 P. M .- After being received by Premier Kerensky at the Winter Palace and informed of the fate which awaited him, General Kruimoff, commander of the Korniloff troops which were sent against Petrograd, returned to his lodgings to-night and shot himself. The general's wounds were not fatal.

Petrograd, Sept. 14 .- Although the revolt can be considered rmally ended only after the announcement that General Korniff, its leader, has actually surrendered, the capital and country ready show signs of recovering their composure and are attemptg a new process of reconstruction. The provisional governent actively is taking necessary measures to restore the inter-

pted economic and social life and although the fundamental

fficulties which inspired General Korniloffs adventure remain, pes are expressed that the cabinet, which is now under reconruction will in future show greater vigor and decision.

> Germany Will Never Give Up Riga, Says Reichstag Leader

> Amsterdam, Sept. 14.—"Only fools believe we shall ever give up Riga," explained Dr. Gustav Stresemann, national Liberal member of the Reichstag, in addressing the National Liberty meeting in Berlin yester-day.

Liberty meeting in Berlin yester day. Dr. Stresemann made a further at-tack upon President Wilson's reply to Pope Benedict's peace note. He took up the different points succes-sively and defended German mili-tarism as a necessity on the ground of the empire's geographical posi-tion.

The meeting which repeatedly greeted Dr. Stresemann's militant utterances with loud applause, tele-

emption board does not alleviate matters. The information was received through William T. Creasy, of Cata-wissa, owner of the Fairview Fruit and Stock Farm, secretary of the National Dairy Union and one of the most extensive farmers in the coun-try, who appeared before the board. Mr. Creasy stated that on January 1 the farm help was 65 per cent. nor-mal. At the present timé the per-centage is 25 per cent. When the drafted men are called the percent-ase will be much smaller. Mr. Creasy, who is also president of the W. G. Clancy, of Texas, gunner in the Canadian force on the western front, was the first man to carry the stars and stripes to victory over the Germans in this war. Clancy comes from Texas and is a fighting man. He joined the Canadians because he could not fight for Uncle Sam When the Canadians went over Vimy Ridge, Clancy carried an American flag. That was a famous victory. Ambassador Page recognized him by honor-ing him in the hospital where he was taken after he was wounded. Then the British authorities, further to show their appreciation, permitted Clancy to wear a small American flag on his left arm. The photograph was taken shortly after he recovered from his wounds.
