

### FIREMEN WILL HOLD CARNIVAL

#### Benefit For Association Will Be Staged at Fourth and Seneca Next Week

The week of September 17 the plot at Fourth and Seneca streets will be occupied by the Veteran Volunteer Firemen's Association carnival.

The affair has been under consideration for some time, but it has been very lately that conditions have adjusted themselves so that the members of the association could continue their plans. With the letting of the contract for the amusement features to the Greater Sheepley Shows all is practically settled with the exception of the most details, which are easily attended to the week of the carnival.

### Lemons Whiten the Skin Beautifully! Make Cheap Lotion

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

### OPPOSE FREE CARNIVAL HERE

#### Chamber of Commerce Opposed to Show For Benefit of Firemen Without Tax

The request that the Sheepley shows be permitted to operate in this city for a week in the interest of the Veteran Volunteer Firemen's Association without payment of the regular license fee is being strenuously opposed by the Harrisburg Chamber of Commerce.

It was the intention of a committee appointed by the firemen to request the license fees be substantially reduced or entirely omitted since the carnival is to appear here in the interest of a charitable organization. The Sheepley Carnival company is one of the largest concerns of its kind in the country. The regular license fees, it is said, would amount to about \$500.

**Says It is Unfair**  
The Chamber of Commerce maintains that it is unfair to merchants to permit the Sheepley Carnival company to show in the city without charging the customary license. There are many demands for special concessions at this time, including appeals from charitable and religious organizations, and with the mounting cost of living an opportunity to give to the needy should not be provided unless the city is to receive something in return, it is pointed out.

### Noncupative Will Is Filed and Letters Issued

Register Roy C. Danner to-day admitted to probate the noncupative will of Mrs. Sarah J. Hill, late of 1727 Green street, and issued letters of administration to a brother, James P. Danner, 125 North Sixth street.

**DISSOLUTION OF MARRIAGE**  
No real estate can be bequeathed in this manner, however. The value of the Hill estate is estimated at \$3,500, and the value of her personal property is about \$400. Letters of administration in the estate of George P. Witt, late president of the Elliott-Fisher Company, were issued to his widow, Mrs. Gertrude Witt.

### A Quarter's Worth

By HILDEGARDE HAWTHORNE  
(Written For "Our Boys in France Tobacco Fund.")  
EDITOR'S NOTE.—This newspaper will receive contributions to pay for tobacco for the soldiers. Each dollar pays for four packages, with a total retail value of \$1.80. In each package is placed a postcard bearing the name of the contributor. The soldier receiving the package agrees to send a message on the card to his unknown friend back home. You get your thanks from an American soldier in the trenches.

A quarter's worth will keep one of them happy a week. That's what I was told. "Happy?" I queried, for a picture came into my mind of a found it impossible to fit happiness in with that picture.

But it is an ancient axiom that everything is relative. A cessation of agony is happiness, even where that is the sole blessing, at least for the swooning moment of peace. And so it is that one of them can be happy—relatively—on a quarter's worth for a whole week.

### DRAFT TAKING MANK HELPERS FROM FARMS

State Grange, said the proposition was being taken up by many farmers with President Wilson and it is hoped that some way will be found to prevent a great loss to the farmers. Another big farmer from Middletown came to the headquarters of the board late this morning and voiced his views. He stated that he would like to see the men from his two farms that were drafted represented his chief help. The main cause of his inability to secure help, according to him, was the fact that the industrial plants and construction companies were offering such high wages that it was impossible for the farmers to compete with them.

**Examining Seventy-five More**  
The approved train schedules will take precedence over all prior orders, directions and rules in effect to-day, according to a statement issued at the headquarters to-day.

### 311 TROOPS TO BE MADE HAPPY WITH TOBACCO

are depending on the folks back home to provide them with this much-needed commodity. Otherwise they must do without or use the poor French brands which do not furnish that deep-throated satisfaction good old American brands give. It's entirely up to the homefolks to help the American lads.

- Men's Work Shoes — Tan or black, \$1.98

### T. R. IS WHIRLED 5000 FEET ALOFT BY NEW MOTOR

#### Colonel First Civilian to Test America's Fighting Flying Machine

Garden City, Long Island, Sept. 14.—Colonel Roosevelt rode behind a Liberty motor to-day 5,000 feet above the spires of the Cathedral City, at a 100-mile an hour clip. He is said to be the first civilian to learn by experience the power of the engine on which the United States relies for air supremacy in the war.

From other sources it was learned that the colonel was profoundly impressed by the great motor. After his trip, which lasted more than half an hour, he told friends that the future of the air service was assured if it got proper governmental support. He showed the utmost confidence in the new standardized machine as a weapon against a nation which has had the experience of war to aid its invention.

**Arrives Unheralded at Field**  
Unheralded and almost unrecognized, Colonel Roosevelt motored from Sagamore Hill to the government aviation field at Mineola. It was about 9.30 a. m. when he arrived. Sentries presented arms and the gates swung open with a promptness that convinced those familiar with the precautions with which this training field has been hedged that all arrangements, even to the minute of Colonel Roosevelt's arrival, had been made long beforehand.

**Up to 5,000 Feet**  
Up to 5,000 feet sped Blakeley and his passenger. They were in the midst of the other maneuvering fly-trip at that altitude.

### PROMINENT IN CONVENTION

Above are shown prominent women who spoke at the annual session of the Christian Women's Board of Missions which closed its convention yesterday at the Fourth Street Church of Christ. Reading from left to right they are: Miss Mary Y. Richard, Plymouth, Pa., superintendent of Young People's Work; Mrs. C. E. Garst, Cincinnati, foreign missionary worker, who served as a missionary in Japan and whose daughter is there now; Mrs. Ethel B. Jenkins, Westmore, Pa., president of the East Pennsylvania C. W. B. M.; Miss Elsie Taylor, Pittsburgh, state secretary and treasurer of the C. W. B. M.; Mrs. W. C. Stiff, Plymouth, Pa., state treasurer and public lecturer, and Mrs. E. Ross, Chicago, public speaker and mother of Emory Ross, who is at present in Africa serving as a missionary.

### CANTON GETS NEXT MEETING

#### Eighty-fourth Convention of Eastern Pennsylvania Mission Closes Last Night

The eighty-fourth annual convention of the Eastern Pennsylvania Christian Mission Society held its closing session last evening at the Fourth Street Church of Christ.

Before the convention closed the following officers were elected: The Rev. J. Albert Hall, of Plymouth, Philadelphia, vice-president; Dr. W. A. Sherwood, of Lancaster, treasurer; the Rev. E. D. Langer, of Williamsport, secretary; the Rev. N. F. Johnson, Orviston, auditor; the Rev. J. B. Porter, Flemington, Miss Estella Savage, Wilkes-Barre, the Rev. J. G. Smith, Harrisburg, the Rev. A. W. Gottschalk, Lancaster, and the Rev. I. F. Drash, Lemoyne, statisticians.
