

LOOK TO BOYS TO SAVE APPLE CROP

Adams County Growers Need Help; Will Get Good Pay

The war has made a place for the boys of Harrisburg and Dauphin county. They are needed to help win this war and the President of the United States has asked all of the boys in the country to enlist in the fighting forces of the country.

The men who have undertaken the organization of the Boys' Reserve in Harrisburg received a request yesterday to send sixty boys between the ages of 16 and 21 into the apple orchards of Adams county.

Two camp directors who have had experience in the controlling camps are needed to go with the boys and look after them. The directors will be paid by the State.

The first boys who are wearing the Pennsylvania and U. S. A. Boys' Working Reserve buttons are senior members of the Technical High School. The first one to enlist was John Bowman, 422 Hummel avenue, Lemoyne, and the second recruit is Fred Huston, 218 Liberty street, city.

REFUSED MEN MAY ENLIST

Army Will Take Rejected Ones if They Think They Were Given Square Deal

Men who have been refused by draft boards may make application for enlistment at the Army recruiting headquarters, if they have reason to believe that they can pass the physical test. Undoubtedly many recruits were turned away by examining physicians of local boards who might pass the required test under new conditions.

Others, it was announced to-day, who were in poor health when they were rejected, may be given an opportunity to enlist, and it is expected that many persons will be recruited from among the aliens of this section within the next few weeks.

The engineering battalions have proved increasingly popular. During the past few days more than a hundred men have enlisted for this branch alone. One of the battalions has already been recruited to full war strength, but there are still vacancies. This division may close at any time, and applications for work in this recruiting branch of the service should not be delayed.

100 Join Engineers

Vacancies in the Eighth Regiment are being filled rapidly. Lieutenant F. H. Long, of Company D, who is in charge of this work, is anxious to rejoin his company at Camp Hancock, and it is expected that enough will be recruited to fill the home companies very shortly.

Other enlistments include Clarence R. Walker, 1849 Park street, and John H. Morris, Highspire, of the Twenty-first Engineers, Columbus Barracks; George Y. Wolf, 626 Cumberland street, and Samuel Boss, 702 East street, to the Twenty-fifth Engineers, Fort Slocum, N. Y.

Fifty Recruits Attend First Drill of Signal Reserve on the Island

More than fifty recruits attended the first drill held by members of the Signal Reserve Corps, at Harget Island last evening. Considerable enthusiasm was displayed by the young men. They propose to drill twice each week, on Monday and Thursday, until they are mustered into service.

The recruiting rooms at 221 Market street, are being fitted up with telegraph instruments and buzzers with which to conduct regular classes of instruction. A banquet will be held for members of the Signal Reserve Corps, in the near future. Sergeant Howard B. Ellinger was appointed chairman of a committee to complete arrangements for a big spread.

Alderman Walters' Son Dies Suddenly

Victor Walters, aged 24, the son of Alderman C. P. Walters, of the Eighth Ward, died at the J. C. Memorial Hospital, Huntingdon, last evening at 6:30 o'clock, from diabetes.

Mr. Walters had not been well for the last two weeks. He was taken seriously ill Wednesday afternoon while riding on a train and was taken to the hospital in Huntingdon. His parents and wife reached the hospital before his death. Funeral services will be held Monday at St. Patrick's Cathedral. He is survived by a wife, mother and father, sister, Miss Eleanor and one brother, Henry Walters, of the Twenty-fifth Ambulance Corps, U. S. Regulars, Camp Meade. Henry Walter reached home this morning and will remain until after the funeral.

Enrollment in Children's Dancing Class

The youngest baby came to the society's care at the age of eighteen days. No child needing the society's care is turned away.

Enrollment in Children's Dancing Class

The work of the Pure Milk Society is supported entirely through voluntary contributions of charity. Last year the sum of \$500 was expended, but this year because of the heavy increase in the cost of milk and help, the society, for the first time since its organization, finds itself short of funds. One thousand dollars could be employed to great advantage, and if the work being done is permitted to speak for itself, the society will not be required to beg for the needed money to carry on next year's work.

Hundreds of Dead Fish Found in Susquehanna

Williamsport, Pa., Sept. 14.—The appearance of hundreds of dead fish in the West Branch of the Susquehanna river to-day gave evidence of renewed pollution. The poisonous matter enters the stream somewhere west of this city.

Hundreds of dead pike, besides other fish, were seen on the top of the water. The poison seems to have affected the pike extensively.

RICHARD C. BEARD

"There is no use gathering evidence of pollution, no matter how strong it is," declared an interested sportsman. "No amount of evidence seems to bring a cessation of the outrage."

Hundreds of dead fish, besides other fish, were seen on the top of the water. The poison seems to have affected the pike extensively.
