U. S. Troopers in France Give Field Demonstration

By Associated Press

American Training Camp in France, Sunday, Sept. 16.—American infantrymen of the expeditionary army held their first field day today since their landing in France, with George Clemenceau, former French premier, as the guest of honor. A battalion of an infantry regiment gave demonstrations of machine gun, rifle and bayonet assaults, concluding with a genuine American athletic program, including hundredyard dashes, tugs-of-war and boxing bouts.

The entire battalion that participated in the program lunched in the open air, M. Clemenceau being the guest of General Sibert and the French officers dining with the American brigadier generals.
