

PRETTY DISPLAYS WILL FEATURE FALL OPENING

Merchants Are Preparing to Make Splendid Showing; Military Note Dominates

All of the plans are completed for the fall opening of the Harrisburg retail merchants which will be held Thursday, Friday and Saturday of this week.

The hats are models of simple curves. At the opening there will be shown chapeaux designs by Rawak, Croft, Moorhead and Jardine.

One of the Harrisburg stores will import living models who will display their gowns, changing every few minutes.

Sick Mother of Boy Missing Wants Him

Relatives of Mendel Kirsch have asked the Harrisburg police to keep a look out for that young man.

Kirsch disappeared from Baltimore some time ago. He is aged 21, is 5 feet 7 inches in height, and weighs 136 pounds.

Society Women Use New Wrinkle Remover

Since the discovery that a solution of ordinary salicylic acid and witch hazel has a peculiar effect upon wrinkled skins, it has been learned that many prominent society women all over the country have used this simple home treatment with great success.

GOVERNOR TALKS ABOUT MILITIA

Says Steps Are Under Way For Early Organization of the New Regiments

Governor Brumbaugh announced to-day at conclusion of a conference with Colonel P. D. Beary, acting adjutant general, that in a short time a statement would be issued regarding the formation of the Pennsylvania Reserve Militia.

"I have gone over the whole matter with Colonel Beary, who has been handling the preliminary details and who is in charge of the work."

Under the act there will be three regiments of Reserve militia and one squadron of cavalry. The preference will be given to localities where the state owns armories.

It is Governor Brumbaugh's idea that one unit at least should be located in Harrisburg.

Governor Brumbaugh to-day telegraphed Secretary of the Commonwealth Woods to begin mapping out a plan to take the votes of the Pennsylvania soldiers at the November election.

C. Hunter Biehl was to-day appointed justice of the peace for Wyoming and Eugene Donahue for March Chunk.

State policemen arrested 340 men for violating the automobile laws during August, the largest number arrested in a single month.

The typhoid conditions at the Harrisburg State Hospital were declared today to be nothing alarming.

Governor Brumbaugh spent most of to-day at the Capitol meeting with heads of departments of the government and discussing state matters.

ENLIST IN CAVALRY

The following recruits have been accepted by the Regular Army recruiting office in this city: Daniel Conklin, Steleton, cavalry; George H. A. McBride, 1221 Market street, cavalry; Francis V. Lewis, 1221 Market street, cavalry; Chester W. Strine, Steleton, cavalry; Frank T. Jordan, Arrian Hotel, engineers; Earl H. Bare, Marysville, engineers.

POSILAM BEST THERE IS FOR ALLING SKIN

You will find in Posilam the quick relief you seek for ailing skin, the active help you need to be rid of Pimples, to heal Eczema, to drive away Rash, Redness and to clear inflamed complexion.

When Posilam is applied, angry skin is pleasantly soothed, irritation is allayed, itching, burning, stinging, is ended. Nothing but a healing power rare and unusual could accomplish such a satisfying result.

ed. City voters also will ballot for him. The nonpartisan ticket in the city follows: Mayor. (Vote for one). Two highest to be nominated: Patrick J. Keener, Daniel L. Keister, Thomas G. George, W. L. Gorgas, George A. Henterer, City Councilman. (Vote for four). Eight highest to be nominated: J. F. Ommer, Edward R. Rinkenbach, David K. Young, DeWitt A. Fry, John K. Royal, Charles E. Spicer, J. L. Yoder, Edward Z. Gross, Charles W. Burnett, Louis J. J. Ryan, Howard W. Jones, William H. Lynch, John A. Parthemore, Thomas G. Taylor, Charles C. Steiner, William J. Maglauchlin, Samuel F. Hassler, Charles P. Walter, B. J. H. Douglass, James C. Thompson (withdrawn), Augustus Wildman, City Controller. (Vote for one). Two highest to be nominated: Fred L. Morgenthaler, John G. Marks, in the city in addition to balloting for candidates for county offices the voters will nominate three candidates for city school director. The Republican ballot follows: School Director. (Vote for three). Cameron L. Baer, George A. Boyer, George A. Herring, Ernestus B. Hoffman, A. V. A. E. Muehle, Benjamin H. Keichert, Millard F. Saul, William F. Schreadley, Frank Whitman, Prothonotary, clerk of the Courts of General Quarter Sessions and Oyer and Terminer. Charles E. Pass, County Controller, Henry W. Gough, Coroner. (Vote for one). Jacob Eckinger, Edward J. Hilton, Jury Commissioner. (Vote for one). W. John Bailor, Simon M. Hoffman, Director of the Poor. (Vote for one). Joseph H. Haines, Levi S. Miller, William Scott Moses, John W. Urban, The Democratic ballot: School Director. (Vote for one). Charles E. Pass, George A. Herring, Samuel T. Kinsinger, Samuel H. Lane, Edward J. Hilton, Millard F. Saul, Prothonotary, J. Dress Pannell, County Controller, William F. Burgoon, Coroner. (Vote for one). G. Willis Hartman, Robert A. Snyder, Directors of the Poor. (Vote for one). J. J. Buffington, William F. Brymmer, Jury Commissioner. (Vote for one). G. A. Geisel, William A. Phillips.

In the county districts the ballots will not include the candidates for school director given above, but in each of the townships and boroughs there are vacancies on the school board for which candidates will be nominated. In each district will be election officers, assessors, tax collectors and auditors will be nominated, and in the boroughs, candidates for council, burgess and justice of the peace will be voted for. In many instances present office holders are candidates for re-election with no opposition.

WED HERE Miss Cecile Rebecca Zeigler, daughter of Mr. and Mrs. J. C. Zeigler, of Carlisle, and Ralph Andrew Brymmer, of Harrisburg, were quietly married at noon to-day. The ceremony was held at the Stevens Memorial Methodist Episcopal Church, by the Rev. Dr. Clayton R. Smucker.

AS-NO-MOR FOR ASTHMA A simple, effective remedy—prepared from the prescription of America's greatest specialist. Parson's relief is so rapid and so sure that it has become a household name. It is the only remedy that cures the most stubborn cases of Asthma. It is the only remedy that cures the most stubborn cases of Asthma. It is the only remedy that cures the most stubborn cases of Asthma.

Stomach Trouble and Rheumatism are now gone, says Mrs. S. Thompson, 253 South Eleventh street, Harrisburg.

"For years I have been ailing with stomach trouble and rheumatism. Everything I ate would lay in my stomach like a piece of lead. I would bloat and had heartburn. Both my stomach and abdomen were very sore. Was bothered a lot with palpitation and dizziness. I felt heavy and weary all the time, and had severe headaches, as well as rheumatism in my back and limbs. At times my ankles and feet would swell and get sore. I believe I had everything and tried everything, but could get no help, until, as a result of reading a Sanpan Ad. I started to take it.

"Am now feeling very good, indeed, no dizziness or heartburn; stomach is acting fine, does not get sore any more; rheumatic pains are gone; feet and ankles do not swell or get sore and those nervous chills and spells I used to get have not troubled me since. Sanpan is the only thing that made good."

Sanpan is being introduced at Keller's Drug Store, 405 Market street, Harrisburg, where the Sanpan man is personally meeting the people. Every day Sanpan sales are getting larger. Must be a reason.—Adv.

WE REPAIR RADIATORS Lamps, Fenders, Hoods, Bodies and Windshields. Nuss Mfg. Co. 11th and Mulberry Sts. HARRISBURG, PA.

WILSON INCREASE WATER SUPPLY IN CITY SOON

Completing Preparations to Add 5,000,000 Gallons to Daily Capacity

With a rapidly increasing demand on the city's water supply, Commissioner Samuel F. Dunkle, superintendent of the water department, announced to-day that within the next two weeks arrangements will be completed for using pumping facilities which will increase the daily capacity by more than 5,000,000 gallons if necessary.

Because of the serious condition facing him Mr. Dunkle stated he had had an expert engineer make an investigation of the water supply equipment. This is being completed and within a short time it is hoped to use the two large engines at the pumping station, which were not in service since the new pumping engine was started, a few years ago.

The new machine with a capacity of 2,000,000 gallons daily, during the last ten days has been pumping an average of almost that amount, taxing the city facilities.

While Mr. Dunkle was not prepared to give complete details of the important changes which are about to be made he intimated that the city might face a shortage in case an emergency demanded an unusual supply.

Part of the plan to increase the available water from twelve to sixteen million gallons will be to pump into the city mains direct instead of to the open and the high pressure reservoirs. It was first thought the latter plan could be used, but the size of the mains to the reservoirs would not permit it, Mr. Dunkle explained. The only other possible method of handling this situation at once will be to use the direct system, pumping the water from the filter plant into the city system from the pumping station, and at the same time maintaining the amount kept in the reservoirs, he stated.

Using Much More Water "Increasing use of the city water supply of the industrial plant of the city and by the railroad is largely responsible for the condition," Mr. Dunkle continued. "Immediate steps to handle the emergencies which must be provided for are absolutely necessary. Not trusting to use some of the idle equipment without first learning from an expert whether it is sound and can be put into service I engaged an engineer to make the investigation. This was done by F. H. Shaw, consulting engineer, of Lancaster, whose report has been submitted to me. By following out his suggestions and making necessary repairs and improvements the city water department will be prepared for any unusual demand and will have a pumping capacity to meet it."

Commissioner Dunkle in answer to a criticism that the city streets should be cleaned up to conserve the city water supply wherever possible until the changes are made to the pumps and other equipment.

Extreme Care Should Be Taken in Addressing Letters to Soldier Camp

Private John Smith, 318th Infantry, Camp Meade, Md. This is the method in which all mail must be addressed to the young men of the 318th Infantry. It was necessary to leave Wednesday and Thursday for Camp Meade as members of the new National Army. The freight station for Camp Meade will be at Camp Hill, Pa. The post office at the camp will be a branch of the Baltimore, Md., post office.

It is highly important that anyone writing to mail a letter or package to a boy at the camp take great care in addressing it properly. Unless the mail is addressed to the company and regiment of the soldier it will in all probability be delayed and in many cases sent back to the sender. Owing to the reorganization of the National Guard now under way, mail addressed to soldiers of Companies D and I, marked 18th Regiment, Camp Hancock, Ga., will be received by the members of the companies from this city. When the regiment has received its new number a new mailing address will be issued. It is important that the office of the soldier be designated in the address.

Fifth Man of U. S. Gun Crew Taken by Germans Is Safe in Prison Camp

Washington, Sept. 18.—William A. Miller, the unaccounted for member of the 18th Regiment, U. S. Army, who was captured by the Germans in a tank ship Campagna, is in the German prison camp at Brandenburg which has been reported previously.

While the story of the submarine destruction of the Campagna told how Captain Oliver, the master, and five Americans of the gun crew had been taken prisoners on the German submarine, later dispatches accounted for only four of the naval gunners at the prison camp. To-day's report of Miller's whereabouts accounts for all five.

The Campagna was sunk on August 6 after a gallant fight in which she engaged the German submarine U-107 and had to give up because her gunners had no more shells. As a result of that experience the supply of ammunition on all armed ships was doubled. Miller's home is in Chicago.

State Asks Bids on Miles of Highways

Bids for construction of 27.34 miles of state highway in thirteen counties were asked by the State Highway Department to-day, including contracts for the following: Adams, Berks, Chester, Lancaster, Lehigh, Luzerne, Schuylkill, York and York. The program is the second largest offered by the department this year. The roads will be built in Montgomery, Lehigh, Lackawanna, Cambria, Washington, Allegheny, Butler, Venango, Westmoreland, Greene, Armstrong, Somerset and Chester counties. The Somerset work is to connect the National pike with the Lincoln highway and the Center project is for improvement of a street in Bellefonte which connects with State Highway 1. In Allegheny one contract is for 36000 feet on the Pittsburgh pike.

CONSERVATION AS AN ARGUMENT

Unusual Hearing Held at the Public Service Commission in Gas Case

An unusual case into which conservation of natural resources entered was argued to-day before the Public Service Commission by counsel for the borough of Galeton and the Potter Gas Company. The borough years ago gave the company rights in the town on consideration of furnishing free gas day and night. The gas lights burn all the time and the company desires to be relieved of the furnishing of gas in the day time because of the supply. The borough contends that it would cost more than the gas to adjust its lamps and to provide for care.

The resignation of Public Service Commissioner Mace was to-day announced as accepted as of August 15. The commission adjourned late to-day until Thurs, as to-morrow will be a holiday at the State Capitol. Executive sessions will be held next week. Commissioner Rilling will sit at Pittsburgh Thursday and Friday.

No action has been taken by the commission in the Harrisburg jitney cases, only one amended petition having been filed.

The Newport Water Company case has been fixed for argument on October 1.

Ex-Judge W. E. Rice, of Warren, and Senator Frank E. Baldwin, of Potter, were at the commission to-day.

Crawls Over Roofs to Find Place to Sleep

Herman Brown, colored, was lying for a place to sleep early this morning, according to the testimony of an officer in police court yesterday afternoon. He crawled over the roof of an office, and was finally caught by Charles Peters in a building at 2 South Market square.

Brown was prowling through the building, and was turned over to officer. Alderman Landis sympathized deeply with Brown, and provided him a place to stay for thirty days.

CONSULT US TO-DAY, TOMORROW IT MAY BE TOO LATE TO SAVE THE TOOTH

\$5 GOLD CROWNS AND BRIDGE WORK, \$4 and \$5 Fillings from 50c BELL DENTAL PARLOR 10 N. Market Square

More Dirt Must Be Secured Before Work on Slopes Can Be Finished

Need of additional fill for the river slopes from Harris to Calder streets is delaying any further progress on the completion of riprapping the banks, which was started early in the summer.

While some of the ground has been obtained, more must be had, he said, before work can be started again and the riprapping finished. It is understood Council will make available necessary funds for completing the work.
