WAR CONDITIONS CLOSE CONWAY

Not Enough Students at Dickinson Preparatory to Warrant Term

Carlisle, Pa., Sept. 19.—Announcement was made today, the date set for the opening, that Conway Hall, the preparatory institution for Dickinson College, will not open this year, but will be closed until the fall of 1918, as the result of war conditions. A number of last year's students are in some branch of the service, others are engaged in work of various kinds and do not contemplate returning to the institution. The number of younger boys seeking education is said to be small, many who intended going to school having put off their education for several years and are taking advantage of war wages in their localities. It was at first planned to have the courses conducted on an abridged scale in connection with the college, but it was finally decided to issue a year and letters to this effect have been sent out. The Conway Hall building, given by Andrew Carnegie and named in honor of Dr. David Conway, will be closed.

James Riley Wheelock Again Leads Indian Band

Tyrrell, who died while in service some months ago. James Holy Eagle, a student, who has been in charge, has left the school to go to his home. Wheelock was noted as a football star during his time here and after his graduation formed the Wheelock band of Indians, which gave concerts in all parts of the country. In recent years he has headed a number of musical organizations, among them the Pennsylvania Railroad Y. M. C. A. band at Enola; Waynesboro and Hazleton municipal organizations. The band at the school now numbers sixty pieces and it is planned to enlarge it. The Indians will play for the Carlisle fair next week.

MEETING LASTS FIFTEEN MINUTES

New Cumberland People Evidently Not in Favor of West Shore Annexation

New Cumberland, judging from last night's proceedings, is not to be considered in the proposition of annexing the West Shore towns to Harrisburg, originated by the West Shore Firemen's Union. The meeting at the firehouse last night, attended by about fifty residents, lasted about fifteen minutes. This time was consumed by L. L. Hammacker, of Lemoyne, talking in behalf of the West Shore Firemen's Union. As soon as Mr. Hammacker had finished his address a motion was made that the meeting adjourn and be immediately seconded and unanimously agreed to. Backers of the move declared this morning that about 50 per cent of the attendants at the meeting were from Elkwood and it was in this body of people that the motion for adjournment originated and was seconded. These men who favor the annexation stand almost 50 per cent did not have any right to a voice in the proceedings, as the meeting was called for the taxpayers of New Cumberland. It could not be learned this morning whether or not another meeting would be called for the purpose of further discussing the proposition. The West Shore Firemen's Union, after holding one meeting in each town, ceases to be connected with the work, leaving it up to the business men and taxpayers. There will not be any meeting held to-night. The meeting to-morrow night will be held at Midway and the following night at Enola. Up to this time the proposition has only been favored by Lemoyne and Wormleysburg. Lemoyne is taking the lead in the aggressive stand, almost 50 per cent of the taxpayers having signed in favor of annexation.

Schleisner's Stores

28-30-32 North Third St. Schleisner's Keeps Ahead of The Fashion--Creators

- It is quite out of the custom of the Schleisner Stores to hold an "Opening" at any given time.
Our patrons look to us to show the very newest models.
And to be able to meet the demands of the critical clientele to which we cater, advance modes are continually arriving and placed on exhibit.
The woman who comes to Schleisner's has a complete showing to select from. One day's exhibit is as satisfactory as another's.
The woman who comes to Schleisner's feels certain she will see just what she is looking for because Schleisner Modes are abreast of the fashion creators.
We naturally have at all times a large stock. It is necessary for a large business.
The woman who relies on Schleisner's for her apparel, knows very well that in order to see a "complete" line or a "vast array" her time is not limited to a few hours or at most a day or two.
Schleisner Modes are in such demand it is absolutely necessary to keep a constant and rapid inflow and outgo of garments all year 'round.
It might seem a bit "uppish" to some people because this establishment does not "join in" the general opening held by the merchants of Harrisburg, but we feel that such a move on our part would necessarily mean a change in our methods of doing business. And the very foundation of Schleisner's is its uniqueness.
We could not think of "laying" in a lot of very fashionable garments for a special day. When we decide upon the modes Schleisner's will present — We know they are correct for Schleisner's and for women who seek the correct in apparel.
An inexpensive garment from Schleisner's is easily distinguished. Prices may vary—but Schleisner modes assert themselves no matter what the price.
Schleisner apparel at moderate prices means real economy for the woman who prefers to dress well with modest expenditure.
Schleisner apparel is the apparel for any and all ultra-exclusive occasions.
The Schleisner label in a garment means the highest type of apparel perfection.
