USE ZEPPELINS AND PLANES IN LONDON RAID

Germans Raid England in Early Evening, Killing and Wounding Many; Bombs Dropped on Residential Districts in Hope of Slaughtering Civilian Population; Fight in Air

London, Sept. 25.—The Daily Mail in an editorial commenting on last night's air raid calls for reprisals, saying: "The British people would view these attacks with entire indifference if they knew that every one of them was followed by an attack in which twice the weight of bombs dropped here was showered on German towns. Let's hit the Germans; hit them hard."

London, Sept. 25.—Fifteen persons were killed and seventy injured in last night's air raid over London.

The Zeppelins which crossed the Yorkshire and Lincolnshire coasts did not penetrate inland, being driven off by gun fire. Three women were injured.

Only two airplanes at the most penetrated the defenses of London last night, it is reported officially.

Perfect Weather There being perfect weather last night for air operations, Londoners expected a visit from German craft and their expectations were fulfilled. Shortly after 8 o'clock guns were heard firing in the suburbs and the metropolis has a repetition of the experience to which it has become accustomed.

Between 8 and 9 o'clock the noise of battle was heard throughout the city. Antiaircraft guns were being fired from numerous points and bombs could be heard dropping. Search lights played over the city and the rocket-like bursts of shrapnel furnished an interesting spectacle.

The latest reports indicate that the Germans came in three squadrons. The first warning was given in the outlying districts at 7.20 o'clock and the police announced "all clear" about 10.20 o'clock.

Hoped to Slaughter The purpose of the Germans apparently was the indiscriminate slaughter of the civilian population. The Germans did not attack any points of military import, but dropped their bombs, as usual, on the residential districts, mostly upon the dwellings of the poorer classes.

Here's an Insurance Policy That'll Meet Its Premiums Itself

IT WAS at the Commonwealth Trust Company that a farmer was talking "I carry life insurance on my house, barn and out-buildings. I carry insurance on my crops. I carry insurance on my house and barn and lightning rods. There is a lightning arrester on my telephone wires. When I feel sick I call a doctor. All the time every day, I am insuring myself against the loss of my Government. I want to take out a policy against paying an indemnity to the Kaiser. I want a policy that will protect and my children. I want some of the bonds in the second Liberty Loan. As an insurance policy it can't be beat. The policy costs me nothing—and pays me 2 1/2 or 4 per cent. It's an insurance policy not only its own premiums, but dividends."

Harrisburg Telegraph, Harrisburg, Pa.

Gentlemen: Other Harrisburg newspapers questioned our judgment in selecting the Harrisburg Telegraph for an exclusive advertising campaign on PARIS GARTERS, when we made our decision a few months ago. This business was given to you only after a careful investigation and the results obtained justified our judgment. You've made "good" with a capital "G" - and you should know it. We congratulate you upon the effectiveness of the Telegraph advertising and assure you that the hearty co-operation you have given us, which in no small degree was responsible for the success of our campaign - is appreciated. Very truly yours, A. STEIN & COMPANY Joseph M. Kraus Advertising Manager.

Many in Theaters In one theater where an American play was being presented, the audience was so large that the theater was crowded. [Continued on Page 8.]

Harrisburg Aviator Falls 1,800 Feet When Engine of Airplane Goes Bad

One Harrisburg boy, R. M. Mace, of 1523 Swatara street, has had his first real experience as an aviator. The other day at Long Island while testing out a new airplane the engine went bad and flyer dropped to the earth, a distance of 1,800 feet.

Mace is in the hospital, but will be out in a few days. It was at first reported that his hip was broken and he had two fractured arms. In a letter received to-day by his mother, Mrs. William Crozier, the young man says he is not seriously injured. That he was badly shaken up Mace does not deny. He hopes to be flying again within a month. Mace was testing one of four new airplanes. He knew that his chances for escaping with his life were slim, but he managed to keep his machine from making a direct dive to the earth. Two other members of his corps were killed in similar accidents recently.

\$9,815,000 Mortgage Is Among Largest Ever Filed in This City

A mortgage for \$9,815,000, the largest and most voluminous ever recorded in Dauphin county, was lodged this morning with Recorder James E. Lentz. It is a first mortgage, given by the Susquehanna Collieries Company to the Girard Trust Company, Philadelphia, and consists of a printed booklet of 574 pages. It was filed against all the property owned by the collieries company in Dauphin, Northumberland, Schuylkill and Luzerne counties and is made up of comparatively 219,000 words, or an average of about 400 words to a page. The transcriber will use one large mortgage book, containing 100 pages, and the recorder estimates that after the mortgage is entered few pages will be left for other mortgages.

Body of Man Found in Wildwood Still Remains Unidentified

The body of a man about forty-five years of age was found standing in the lake at Wildwood Park yesterday afternoon. Only the top of his head was showing. It was seen by a passerby, who immediately notified the coroner.

Murderer Who Gains Free From Chain Gang Is Arrested Here

Johnston Claymon, a young man who broke away from a chain gang in Greenwood county, Virginia, was arrested by the police in this city last night. Claymon is persuaded that troubles never come singly. He succeeded in eluding the officers sent to capture him and in Harrisburg, while employed at the Crystal Restaurant, had the misfortune to get drunk. Then he stole everything of value he could find. From his fellow employes he took two suits of clothing, two watches and a pair of shoes. In police court this afternoon the young man admitted the theft and stated that his home was in Greer, S. C. He had been convicted of murder in the southern state and was serving his sentence with a chain gang when he succeeded in making his escape. Alderman Landis held the young man for his appearance in court. Authorities in the south will be notified of Claymon's detention here.

YOUNG WOMAN TELLS PITIFUL STORY OF LIFE

Girl Who Tried to Kill Self and Baby Talks at Hospital; Needs a Home

Mary Walters, the young Detroit woman who attempted to end her life in the waters of the Susquehanna, has sufficiently recovered at the Harrisburg Hospital that she is willing to talk a little of her past life. The story told by the pretty little Detroit mother is an old, one. A sweetheart came into her life, and she loved, not wisely, but too well. The man betrayed the girl, and in an effort to save something of her life from the wreck which threatened, she placed the baby in an institution, and took up work in a Detroit department store. Then a friend, whom she engaged a room almost within heart-

BEATS HIS FIANCEE IN EFFORT TO GET HER MONEY

Pretty Philadelphia Orphan, Who Has Been Left Sum of Money, Lured Here and Badly Mistreated; Manages to Retain Her Cash

Beaten and nearly robbed by the young man whom she expected to marry, a pretty orphan girl from Philadelphia between sobs to-day told the story of the perfidy of her fiancée, a Harrisburg man. The girl was taken under the sheltering wings of the Associated Aids and later lodged at the Y. W. C. A. Some months ago the young girl, who is an orphan with no immediate relatives, inherited a fair-sized sum of money. Soon after she met a handsome young man from Harrisburg. In an effort to prove that he was worthy of her attentions he produced letters that were supposed to have been written by firms in this city, and showing that he was employed in a responsible position by them. Within a month the woman and the handsome young man were engaged to be married and at his suggestion they were to come to Harrisburg to be wed. Again at his suggestion, she drew out her money and several Liberty bonds and made preparations to be married. Her fiancée came for her in a taxi. After arriving in Harrisburg, he engaged a room almost within heart-

LIQUID FIRE IS USED IN VAIN ON FRENCH LINE

Germans Suffer Heavy Losses in Unsuccessful Attack Near Verdun

Paris, Sept. 25.—Liquid fire was used by the Germans in an attack on the French lines in the Beaumont region north of Verdun last night. The French, however, repulsed the assault with heavy losses to the Germans, the war office announced to-day. The bombardment that has been in progress on the east bank of the Meuse in the neighborhood of Chaume wood was kept up by the German guns during the night. Peace Rumor Denied Petrograd, Sept. 25.—Minister of Foreign Affairs Terestchenko has issued the following statement: "Rumor published recently by the newspapers in various countries regarding peace negotiations said to have been initiated by certain powers are entirely false. Equally devoid of foundation are reports attributing any particular appearance to the conference in Berne which has been convoked by the so-called 'alliance' for the realization of durable peace, with which neither the Russian government nor her allies had anything to do."

BISHOP M'DOWELL TO MAKE ADDRESS AT CONFERENCE

Dean of Methodists to Deliver Famous Lecture; Discuss Sunday School Work

Large crowds are attending the sessions of the Sunday school institute in Fifth Street Methodist Episcopal Church. To-night Bishop McDowell, one of the most forceful speakers of the present day, will deliver one of his famous lectures. An Epworth League convention, which will open to-morrow in Grace Methodist Episcopal Church, will bring many delegates to this city. Fifth Street Methodist Episcopal Church was packed last night when the Rev. William S. Bovard, D. D., delivered his lecture on "The Modern Church."

CROSSES ALPS IN 700-MILE FLIGHT TO ENGLAND

Daring Italian Aviator Flies 700 Miles in 722 Minutes, 10,500 Feet in Air

London, Sept. 25.—Captain Lauriat, one of the most daring Italian aviators, who has twice been decorated with military medals for valor, accompanied by an observer made the first Italy-to-England flight to-day, repeating the feat in 1910 of the late George Chaves in crossing the Alps. Captain Lauriat covered 700 English miles in 722 minutes. His machine, which is a new type, started from Turin this morning. Captain Lauriat flew at a height of 10,500 feet. He encountered high wind, fog banks, rainstorms and clouds on the route, which lay over Modena and Culo in a the eastern France, thence over the French battlelines in northern France to Cape Gris-Nez and thence across the English Channel. He brought mail to the Italian ambassador. On May 30 last, a British biplane with five persons on board arrived in Rome direct from London, having stopped only at Paris, Turin and Pisa on the way.

ARGENTINA IS SURE TO BREAK WITH GERMANY

Conservatives Scheduled to Force Rupture With Kaiser's Government

CENSORSHIP IS RIGID South American Country Makes Certain Neutrality Will Not Be Violated

Buenos Aires, Sept. 25.—The Chamber of Deputies to-day voted in favor of a rupture with Germany. The vote was 53 to 18. Buenos Aires, Sept. 25.—The conservatives, who control the chamber of deputies, have agreed to vote tonight on a rupture with Germany. From all indications they will have a majority of thirty votes, virtually forcing the government to cease relations with Germany. The government desires to postpone formulation of its policy until it receives from Ambassador Naon at Washington translations of the 415 telegrams received or sent by the Swedish legation here. These messages were telegraphed to Dr. Naon with instructions to send translations. The government is considering imposition of a rigid censorship of all messages in the republic to prevent misuse of the cables such as that practiced by Count von Luxburg, the dismissed German minister. Strikers have cut the telegraph line to Valparaiso, Chile, paralyzing direct cable service to the United States. PROMOTED TO MAJOR Capt. Frank K. Ross, of the 18th United States Cavalry at Fort Etan Allen, Vt., has been appointed major in the Aviation Corps and ordered to Mineola, L. I., for duty. Major Ross is a son of George F. Ross, of this city.

COUNCIL MAY MAKE LONG TERM ASH CONTRACT

Ordinance Introduced to Enter Into Fifteen or Sixty-three-Month Pact

NEW MAYOR PRESIDES Mr. Bowman Says Afterwards He Is Well Pleased With Work Accomplished

City commissioners, this morning made provisions for having the contract for the collection and disposal of ashes and garbage extended over a period of one, two, three, four or five years in a new ordinance, so that competing firms may bid. The ordinance was worded so that it conforms with the amended specifications made last night at a Health Board conference. It is understood that a firm which is installing a reduction plant in Reading will compete for the Harrisburg contract if the period of the contract is more than five years. The Pennsylvania Reduction Company, [Continued on Page 7.] PLAN BOND CAMPAIGN Philadelphia, Sept. 25.—The campaign for the second Liberty Loan, embracing many new features, will open here Monday. The Liberty Bond executive committee has been busy making plans for the campaign which will continue twenty-seven days. SWISS NEED HELP Bern, Switzerland, Monday, Sept. 24.—President Schulthess said to-day in the National Council that 1,350,000 persons more than one-third of the population of Switzerland, were receiving bread and other food at reduced prices through the assistance of the authorities.

NO SEPERATE PEACE

Petrograd, Sept. 25.—Addressing the Soldiers and Workmen's Delegates to-day General Verkhovskiy, minister of war, said Russia yesterday received formal assurance from France and Great Britain that they would not conclude a separate peace to the detriment of Russia.

BAVARIA REPLYS TO POPE

Berlin, Sept. 2.—The Bavarian government has made an individual reply to the peace proposals of Pope Benedict, according to a special dispatch from Munich to the Zeitung Am Mittag. It is taken for granted that the German Imperial government is fully conversant with the contents of the reply made by King Ludwig.

Washington, Sept. 25.—Major General Francis H. French, commanding the Eighty-first National Army division being mobilized at Camp Jackson, Columbia, S. C., has been granted a two months leave of absence because of ill health. It is considered possible that Major General Hugh L. Scott, former chief of Staff, may succeed him.

ENEMY TRADING BILL PASSES

Washington, Sept. 25.—The conference report on the trading with the enemy bill, adopted by the Senate yesterday was adopted to-day by the House without a roll call. It now goes to the President for signature.

Washington, Sept. 25.—At a conference to-day between President Wilson and members of the Senate Foreign Relations and House Foreign Affairs Committees it was decided that no official delegation from Congress will be sent to Europe for the present at least.

MEANS HELD FOR GRAND JURY

Concord, N. C., Sept. 25.—The defense in the case of Gaston B. Means, charged with the murder of Mrs. Maude A. King, consented this afternoon to having Means bound over to the grand jury.
