French Plan to Carry Wounded on Airplanes

Paris, Sept. 25. Tests made on Saturday at Villa Coublay in an airplane fitted with two stretchers for carrying wounded, proved highly satisfactory. Dr. Chassaing, of the Army medical service, and Corporal Tetu represented wounded passengers during a twelve-minute flight, the equivalent to a fifteen-mile journey.

Dr. Chassaing expressed the opinion that there would be no unnecessary pain to a wounded passenger because the equilibrium of the airplane is so perfect.

ACT ON CLAIMS FOR EXEMPTION FROM COUNTY

Four of Six Dauphin Cases Allowed; Steelton Negroes Hire "Wives"

Four claims out of six were allowed by the district appeal board yesterday in acting upon claims of men from Dauphin county. The four cases were those of men employed by the Bethlehem Steel Company and whose employments were in the coal mines. The other two claims were filed on agricultural grounds.

The board at its session yesterday acted on nearly 100 claims throughout the entire district. The majority were turned down. Most of them were made on the grounds of agriculture. The board concluded the session until yesterday afternoon and adjourned until to-morrow morning at 9 o'clock when it will meet again and be prepared to sit until late Friday.

An interesting claim, which shows the present condition of help in the financial district of upper Dauphin county, was filed yesterday by the entire directorate of the Williams Valley bank for Louis C. Buffington, of Elizabethtown.

The exemption board of district No. 2 at Paxtang, called fifty for examination to-day and of this number only thirty-eight showed up. Eighteen were discharged for physical disability, nineteen passed and claimed exemption, and one, Ralph A. Hain, of Harrisburg, passed and did not claim exemption.

The exemption board of district No. 2 at Paxtang, called fifty for examination to-day and of this number only thirty-eight showed up. Eighteen were discharged for physical disability, nineteen passed and claimed exemption, and one, Ralph A. Hain, of Harrisburg, passed and did not claim exemption.

At Steelton to-day the board will finish acting on all the claims that have been made to the board by all those examined and expect to secure a sufficient number to send away on October 3. In acting on the claims the board found many interesting things. Principally, was the method of some of the colored claimants of Steelton. These men by paying a small sum of money secured a lawyer to sign their affidavits so that they might claim a dependent wife. The board discovered these tricks before them, they acknowledged that they thought it was alright and their explanation was accepted although their claims were denied.

The Elizabethtown board has prepared the list of the seven men and alternates who have been notified to be ready to leave on October 3. This will be the second contingent from this district which is the first to have the required number ready. The list is as follows: George William Deibler, R. D. 1, Gratz; Harry E. Welker, Gratz; Sidney Ray Stanley, Lykens; Myron F. Nutt, Lykens; Joseph H. Long, Shillington; Francis S. Shesky, Powel's Valley; Benjamin H. Howald, Wiconisco; Mark A. Kilraime, Williamsstown; Thomas Rakofsky, Williamsstown; Joseph H. Hergel, Williamsstown; Ralph Allen Dinger, R. D. 1, Tower City; Ray M. Blasser, Millersburg; Sheridan C. Liddick, Millersburg; Jasper A. Riegle, Loyaltown.

The exemption board of district No. 3 of Dauphin county with headquarters at Elizabethtown examined 91 men yesterday. Of this number 39 were discharged as physically unfit, 43 passed and claimed exemption, while 9 were passed and were willing to serve in the Army. Three of those that were called failed to show up, four had previously enlisted, one had his examination transferred, while another was in the hospital. The result of the examination is as follows: Passed but claimed no exemption: Leo A. Krohath, Lykens; George A. Pell, Lykens; Albert M. Zerling, Gratz; Albert T. Phillips, Gratz; Peter F. Muldigh, Williamsstown; Howard V. Troutman, Williamsstown; Harper W. Weist, Wiconisco; Luke R. Schreffler, Elizabethtown; Peter Solence, Wiconisco.

ALIENS WILL GET 2 WEEKS' NOTICE

State Game Commission Will Enforce the Law Against Possession of Pistols

Two weeks will be given to the aliens living in Pennsylvania to dispose of revolvers and other firearms after the notices now being sent out by the Game Commission have been in circulation. The notices call attention to the supplementary act of 1917 which adds revolvers to the "alien gun laws" provisions.

State game officials, who have been studying conditions since the enactment of the law, say that they do not expect much trouble as the foreign element learned considerably about the act forbidding unnaturalized foreign-born residents to have

firearms for hunting and that the prohibition of revolvers or pistols, as they are called in the statute, follows it in the same language.

Arrests will be made promptly when the time limit expires, say officials, who are now instructing the wardens.

Crops Holding Up.—Pennsylvania's onion crop is reported by the State Department of Agriculture to have taken a spurt along with other crops. Figures received from the districts where onions are extensively raised, but the commercial onion crop at 102,000 bushels against 75,000 last year. The estimates on the barley crop for 370,000 bushels raised in Pennsylvania against 300,000 in 1916.

Approve Prevention Day.—The plan of having October 9 observed as fire prevention day in Pennsylvania as proclaimed by Governor Furnbaugh has been given hearty approval in letters received at the Governor's office.

Dr. Dixon at Home.—Commissioner

of Health Dixon was warmly welcomed when he passed through the city yesterday on his way to his home at Bryn Mawr from Mont Alto, where he has been ill.

On Inspection.—Highway Commissioner O'Neil left early to-day on a tour of inspection of roads in Southwestern Pennsylvania and will have some conferences on the way. He will be here late to-morrow to meet some borough delegations.

Foust Pushing Cases.—Dairy and

Food Commissioner Foust announced to-day that he intended pushing to the limit the egg substitute cases which have arisen in counties in this section of the state.

Snider a Speaker.—Auditor General Snyder is one of the speakers to-day at the big patriotic convention at Chicago.

Trans-Mountain Electric Travel—The Dream of Years Realized

Prophecy has been crystallized into fact—the future has become today—the age of electric railroading is here.

Giant electric locomotives whose only fuel is the limitless power generated by mountain cataracts haul the heavy steel trains of the "St. Paul Road" across the great mountain ranges of the northwest.

651 Miles Electrified

Through the Belt, Rocky and Bitter Root mountains for 440 miles electricity has superseded steam as motive power—and soon the puffing locomotive will yield its place to the electric giant in the Cascade mountains in Washington, as the work of electrifying the 211 miles through this range is well under way.

When you travel to Butte, Spokane, Seattle, Tacoma, Portland and other Pacific Northwest Cities enjoy a smokeless, cinderless, noiseless trip through the mountains over the modern electric way—the

Knowing What You Do--

About Harrisburg stores--wouldn't it seem as though you were insulting your better judgment if you didn't send your friends to Doutrichs for clothing?

We recently heard the following remarks spoken among a group of a dozen men--my next suit is going to be bought at Doutrichs because everyone of my friends are wearing Doutrich suits (that's all I hear lately) and I feel out of place when they ask me where I buy my clothes -- I'm not going to be the fellow to hedge when I know I'm in wrong -- "Me for Doutrichs" for my next suit, that must be some "Live Store" for everybody is talking about it.
