

CAMPAIGN FOR LIBERTY LOAN

George E. Lloyd, Chairman of Cumberland County, Selects Manager and Committees

Carlisle, Pa., Oct. 1.—Formal organization of the county committee which will have charge of the campaign for the next Liberty Loan will be completed here this week, when the various district chairmen meet and nominate the subcommittees.

District Attorney George E. Lloyd, of Mechanicsburg, is chairman for the county and his offices here will be the headquarters.

The first part of the campaign will be educational, the last part of the time period being given over to an intensive campaign for subscriptions, efforts to be made to reach those who took little part in the former campaign, according to present plans.

Eugene L. Martin, former newspaper man and for some time a bond salesman for this district, will be executive manager. Chairman Lloyd announced the following district leaders appointed to-day:

Carlisle and vicinity, Mervin Lane; southwestern townships, Robert W. Puffer, county treasurer; Newville, W. H. McCrae; Mechanicsburg, Dr. M. M. Dougherty; southeastern section, John H. Bowman, S. F. Hauck; Northern townships, the Rev. T. J. Ferguson; Camp Hill and East Pennsboro, A. M. Bowman; Lemoyne, T. M. Bricker; West Fairview, Howard Neidich; Enola, George Horning; New Cumberland, George Heffleman and F. E. Coover.

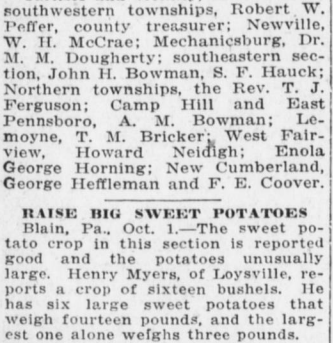

RAISE BIG SWEET POTATOES

Blain, Pa., Oct. 1.—The sweet potato crop in this section is reported good and the potatoes unusually large. Henry Myers, of Loyville, reports a crop of sixteen bushels. He has six large sweet potatoes that weigh four pounds, and the largest one alone weighs three pounds.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if tongue is coated, breath hot or stomach sour.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother; if coated, give a teaspoonful of this harmless fruit laxative, and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When the little system is full of cold, throat sore, has stomach-ache, indigestion, colic—member, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by the California Fig Syrup Company.

LADY THANKS SANPAN

Mrs. Shiley, 340 High street, Middletown, says: "I was miserable, my liver had troubled me, I had indigestion, was very nervous and had rheumatic pains in my shoulders. I had intense pains in my stomach, was feverish and did not sleep soundly, and oftentimes would have a creepy feeling; all these conditions seemed to rob me of my strength and I did not feel like doing anything. I had taken plenty of treatment but could obtain no relief. A friend recommended Sanpan and I gave it a trial and felt fine. I enjoy my meals as my stomach is acting fine, am not feverish nor creepy, the pains are no longer with me and I thank Sanpan for restoring me to health." Sanpan is being personally introduced at Keller's Drug Store, 405 Market street, Harrisburg, where the Sanpan man is meeting the people.

SERGEANT JOHN K. BLAKE

BIG PUSH FOR VOLUNTEERS STARED

[Continued from First Page.]

citizens in determining to voluntarily serve their country.

It is understood that all enlistments secured not only at this time, but all those secured since July 1, will be deducted from the second selective call. Every man accepted as a volunteer can choose any branch of the service he desires which may be open. There are certain restrictions placed upon voluntary enlistment. No man who has been called for examination by his local board can volunteer nor any man who is physically rejected. Such cases are at the subsequent disposal of the local board.

Many Branches Open

All unmarried men outside of these cases between the ages of 18 and 40 may apply for voluntary enlistment, and are then examined physically. If they pass they are accepted in such open branches of the Regular Army as they choose. Married volunteers between 18 and 40 are accepted in the same manner if they produce the written consent of the wife.

The branches of the service now open are:

Regular Army: Infantry, cavalry, medical department, armies, ambulance corps, engineers, quartermaster corps and cooks and bakers and upon special authority in each case, stenographers, typewriters, chauffeurs, signal corps for radio and telegraph operators only.

National Army: Men for supply companies to handle supplies behind the firing line, horsemen, teamsters, blacksmiths, farriers, horseshoers and laborers for the auxiliary regiments. Engineers, National Army, for the regiments enumerated in circular letter which you have on hand.

National Guard: Men may be accepted for enlistment for a particular regiment of the Pennsylvania National Guard if vacancies exist, otherwise general assignment in the Pennsylvania National Guard.

It can be seen from the list that there is an opportunity for a man in practically any trade or occupation to be of special service to his country.

THOMAS P. MORAN

at the risk even of the man's own life itself.

With these double inducements. Patriotism—which every American should have—and material benefit such as is shown here, how can any man of proper age and physical qualifications do other than act now that the call comes to him not only from his country—which should in itself be all sufficient, but even from his own country and his city from his own stamping ground that men are needed for the upholding of both national honor, and of country and city pride in past patriotic achievements.

This is the time men of Harrisburg and Dauphin county to cast aside the feeling that there is "plenty of time." There is not plenty of time when as shown in the Army and Navy Journal. There is "such a delightful" time in that special manner may be necessary. Now is the time to act and the way to act is clear.

Rally round the flag!

The following committees are appointed for Dauphin county who will work in conjunction with the Harrisburg committees:

Elizabethville, Miller W. Swad, Aaron Null, James Hoffner, Donald Andre, Nach Farmer; Dauphin, Charles M. Lyster, Gratz, J. J. Buffington, Charles Wise and Charles E. Witte; Halifax, Wesley Etter, Jacob Borden, Harry Zimmerman, Harry Brubaker, Barney Hoffman; Hershey, E. Hershey; Millersburg, John W. Strawser, S. S. Pick, Kimber Heckert, Charles Snyder, Ed. Snyder, R. A. Bowman, Postmaster; Grover, Steelton, Quincy Bent, Thomas J. Nelly, Robert M. Rutherford; Willamstown, John Hoppe, Jerry Harner, Lykens, John C. Eby, James J. McCormack, Postmaster Charles Hoff, H. E. Buffington; Wiconisco, A. A. Dodd, Claude Minnich; Hummelstown, Postmaster Strickler, Grover Buser, Sergeant Hummel; Berrysburg, Charles Schoffstall, Bird Stone; Pillow, William Knerr, Edward Satscha.

Promotion Rapid

The pay in the United States Army is higher than in any other army in the world and for the enlisted man ranges from \$30 to \$106 per month, according to his grade. This must be understood, is clear money. Uniforms are furnished free, the finest food of any army is furnished together with comfortable lodging, and in case of sickness, medical attention, nurses' care, hospital attendance and medicine are all free in addition to the regular monthly pay. Promotion to higher ranks is rapid. Divisional instruction camps are expected to afford competent enlisted men the opportunity to obtain commissions. The pay of the lowest grade, that of second lieutenant, being \$1,700 per year.

Can any man feel that he "is losing money" by serving his country? Can he not gain in self-respect and in the opinion of his countrymen perhaps incapacitated by age or physical less fortunate than he? There is a niche in his country's history waiting for him, and he has the satisfaction in a material sense of knowing that when the war is over he will be the man who is preferred in the opinion of his countrymen. Why? Because one of the first requisites of an employe is trustworthiness and can the possession of this quality be better attested than by the proud production of an honorable discharge from the United States Army for service during the period of the nation's greatest trial—a record showing "honesty and faithfulness."

Nomination For Mayor Cost Mr. Keister \$214

Primary elections expense accounts were filed to-day by a number of candidates for nomination for the leadership of the city. The statement of Daniel L. Keister, Nonpartisan nominee for mayor, shows that he has spent \$214.13 for nomination. Levi S. Miller, Republican nominee for director of the poor, Edward Moeslein, Washington party nominee or city school director, W. S. Mosser, defeated for nomination as candidates for poor director nomination, and E. J. Hoffman, defeated Republican candidate for nomination for city school director, all filed statements of their expenses had been less than \$50.

CRADLE TO GRAVE, WAR TAX IS ACTIVE

[Continued from First Page.]

to help carry it on. Almost half the total amount of the bill, or about \$1,110,000,000 is to be collected from them.

The person who writes a postal card will be caught, for cards will now cost two cents each by the provisions of the bill. Letters will be three cents. One will be taxed when he goes to a moving picture show. Admission is over five cents, one-third of the cost of the ticket. That rate will affect all who attend amusements, from the man who goes to the picture show, a host of stamp taxes designed to raise \$30,000,000 also will get the man with little money in many ways.

Even doubling of the rate of the consumption tax, which would have made him pay on coffee, tea and sugar were stricken from the bill.

The man of moderate means as well as the wealthy is affected by the income tax section. Normal rates have been doubled, excepting those lowered to \$1,000 for single persons and \$2,000 for married ones. Sur-taxes for incomes above \$5,000 range from one to fifty per cent, and the maximum applying to incomes over \$1,000,000. This section is expected to raise \$90,000,000.

Included in the taxes imposed on manufacturers are levies of one quarter of a cent a foot on motion picture films; two per cent. on the sale price of chewing gum and three per cent. on automobiles, musical instruments and jewelry.

Even doubling of the tax troubles in drink or sending them up in smoke will cost more, for the levies on all kinds of drinks and tobacco and cigars and cigarettes will be \$2.10 per gallon and beer \$2.50 a barrel. Wine taxes will be doubled and even grape juice will be taxed a cent a gallon.

A person cannot escape taxes by travel. Eight per cent is assessed on passenger tickets and steamer tickets also pay a tax.

Then I used Cuticura Soap and Ointment, and after using three cakes of Cuticura Soap and two boxes of Ointment I was healed." (Signed) Mrs. Edna Meyer, 112 North Market Street, Mt. EXPECT CITY TO SET PACE IN NEXT LOAN

not equaled in Pennsylvania outside of Philadelphia and Pittsburgh.

Why We should Subscribe

Harrisburg and Dauphin county before January 1 will have not less than 3,500 soldiers in various units of the Army. The purchase of the new Liberty 4's by the people of the Harrisburg district will accomplish the following:

Equip with arms, clothing and food the boys who have gone to the front.

Maintain the Navy and the tars on the high seas.

Provide the means to pay the wages of the soldiers and, if the bill pending in Congress becomes a law, pay the monthly allowances to families of soldiers, as well as supply the soldiers with life insurance.

Construct a great fleet of merchant vessels to maintain the line of communication with the troops in France.

Create a great fleet of airplanes, giving the United States the supremacy of the air.

The Money Is Here

The reasons why Dauphin county, Perry county, Harrisburg and the West Shore should buy Liberty Loan 4's are no more absent than is the money with which to pay for them.

More men are at work in this district to-day than ever before. They are receiving higher wages than ever before; and the difference between the increased wages and the increased cost of living is such that they have more spare money than ever before. This is particularly true of the farmers, who are absolutely protected by the United States government.

Campaign a Hummer

Victor Lecoq, 3d, who will have charge of Liberty Loan headquarters and will manage the details of the campaign, said this morning that the coming campaign will be a hummer. Mr. Lecoq attended a meeting of loan boomers in Philadelphia Saturday evening and was elected a member of a state-wide committee.

"We are making plans for the covering of this district like the dew covers Dauphin county," said Mr. Lecoq to-day. "In our various township schools was opened on Friday evening at Red Hill, of which school Miss Frankie B. Dimm is the teacher.
