ROOSEVELT FLAYS 'SHADOW HUNS'

U. S. Must Punish German Aggressors For Crimes in War

Johnstown, Pa., Oct. 1.—"Shadow-Huns," men who sit in our national legislature and serve the Kaiser, and "the Huns within our gates," received another denunciation yesterday from former President Theodore Roosevelt in an address at the Workmen's Red Cross Sunday celebration.

"Send Him Back to Germany" Reviewing the remarks attributed to Senator LaFollette in some of the Senator's recent addresses, Roosevelt declared:

"I don't find any shadow-Huns in Germany. If in Germany any man acted as LaFollette in this country, they would put him in a gas chamber. I would send him as a gift to the Kaiser."

Harvard Loses 1804 Students Because of War

Official figures of registration day at Harvard show that the net loss of students this year is 1,804 in comparison with last year's registration, a decrease of 88. In the college alone, where the total registration revealed a decrease of students from 3,400 to 3,312.

Excerpts From the Devil's Dictionary

Pro-German—a wart developed by the war; dangerous unless speedily removed. Slacker—one who is willing to let George do it a plain coward.

PEACE PLOTTERS TAKEN IN FRANCE

Enormous Sums Spent to Corrupt Press and Discourage Soldiers

Paris, Oct. 1.—The arrest of Bolo Pasha and the disclosure of tangible evidence as to the source of enormous sums expended in France to corrupt the press and organize a propaganda of depression and discouragement among both civilians and soldiers, has created a great sensation, but at the same time a feeling of relief that the scandal which has been clouding France for many months is on the point of being cleared up.

A Reliable Compass Wanted For Airplanes

Dame Fortune and the everlasting gratitude of the people of the United States and their allies await the person of an inventive turn of mind who will produce a reliable magnetic compass for use on airplane, says the New York Sun.

operations even in the hands of an experienced officer. In an airplane, where the compass should be most easily read and followed with confidence, the instrument is most susceptible to adverse influences.

to various causes correct themselves automatically in a short time, but the point is that the time has not been reduced enough to make for that reliability that is necessary to a flier.
