

HAVE YOU GOT ANY SMOKES? IS CRY IN FRANCE

If You Were Over There That Is Among the First Things You Would Hear

Suppose you were in France today; perhaps, in the midst of a crowded street alone; no acquaintance among all these strange people; shut out in a large measure from real social intercourse with them by a lack of knowledge of the language. You can without much strain of your imagination, realize just such a situation.

CADILLAC

Style :: Utility :: Comfort The Cadillac Convertible Victoria means real utility and comfort for two, three or four passengers. In summer weather it is an ideal open Roadster. But at a moment's notice the side panels may be raised, the double windshield dropped, and the result is a cozy, comfortable coupe. Today the fashionable car the year 'round is a closed car—and it is sensible. Much of your driving is in the city with clean clothes an object, protection a necessity. The Cadillac Victoria offers this, and besides it gives open-weather comfort for the open road.

A Cadillac is still a Cadillac, no matter what the body style. Mechanically, it is the most advanced car built today. Drop in and let us talk it over. Crispin Motor Car Co. 311-315 S. Cameron St.
