ALLIES SMASH GERMAN LINE; FRENCH SEIZE **MORE PRISONERS**

Another Telling Stroke Will Witness General Retreat of Teuton Forces in Flan-

FORTIFIED POSITIONS TAKEN IN NEW DRIVE

By Associated Press
Field Marshal Haig, with the help of the French has struck another successed, blow in the Ypres sallent and the German tenancy of the dominant ridge east of Ypres is nearing an end. The British yesterday captured further sections of the ridge in the direction of Passchendaele and British guns now dominate that part still in German hands as well as railway centers of Staden, Roulers and Menin and the railroad between Roulers and Menin.

One more stroke, perhaps two,

and Menin.

One more stroke, perhaps two, and the Germans must bow before the superior power of the allies in Flanders and retreat. Should the Germans retire to the line of Bruges-Thielt-Courtrai-Lille, they would relinquish their hold on the greater part of the Belgian coast now used by them for submarine bases. The retire-

When Catcher McCarty, Gamest of Giants, Hurt His Arm in the World Series

Catcher LeLw McCarty of the Giants, the gamest of the players that Manage rMcGraw put into the world series with the Chicago White Sox, reached for Leibold at the home plate in the second game. He fell heavily and hurt his arm and had to be taken out. This no doubt had much to do with the poor showing of the Giants, because they recognize their catcher as being one of the men who does not lose his head in important situations.

GREAT CROWD BRAVES COLD TO SEE GAME

way.

A threatening morning cleared toward game time. A wintry, rasping wind scudded across the field and, while it made the fans shiver with the cold, it swept away great banks of leaden clouds and there was a cheer when the sun broke through and the blue sky appeared. Later the breeze began to diminish. The playing field was unblanketed and the groundkeeper, Henry Fabian, reported that the diamond was in good shape, though the outer meadows were somewhat slow.

snape, though the outer meadows were somewhat slow.

Giants Applauded
The Giants received a big hand when they came on the field led by Jim Thorpe and George Burns. Hans Lobert, utility infielder, went to the pitching mound and threw up the balls for early batting practice. Off his straight ball pitching Kauff and Thorpe drove long hits into the grandstand and the edge of the

crowd. Sallee and Schupp took part in the practice and it was figured that either one or the other would surely face the Sox.

Yesterday's downpour of rain was a great disappointment to players and fans alike, but it has been forgotten in the eagerness of the ball teams to resume the contests and the rooters to get a look at the central

players and spectators.

U. S. CITIZENS NAMED AS BEING 'RELIABLE'

Washington, Oct. 10.—An-other sensational series of telegrams which passed between the German government and its embassy in this country was embassy in this country was made public today by Escretary Lansing. They are remarkable for the degree of cunning and ingenuity displayed in the evident purpose to all do possible injury to Germany's European enemies through cutting off their resources in America, while at the same time avoiding as far as possible incurring the wraht of the American people by actual destruction of life in this country and Canada.

Canada.

The three telegrams comprising this series form the natural complement to the correspondence already disclosed by the State Department conveying absolutely convincing evidence of a well calculated and systematic violation of American neutrality by Germany during a period more than a year preceding the beginning of ruthless submarine warfare and the breach of relations between Germany and the United States.

Chief of Police Favors · Semaphores to Ease Up Traffic Congestion

When the proposal to install two or more semaphores on the corners of congested streets in this city is presented to council in the near future, the proposition will have the approval of Chief of Police Wetzel. The semaphore system has been tried out with excellent results in many of the large cities of the country. In a desire to improve the traffic conditions in Harrisburg Chief Wetzel believes that the installation of semaphores would be an investment that would pay big returns.

Planting of the slopes of the river south of Maclay street which were riprapped during the summer will also be done. It is probable that plants which have been raised at the city nursery will be used.

All of the park roadways are now in shape for use. Mr. Forrer stated. Repairs to the Cameron park driveway have been completed recently. This road was badly damaged by heavy storms and many stretches were rebuilt.
