

WILSON ACTS TO CUT FOOD PRICE BY REGULATION

Issues Proclamation Requiring License by All Save Small Dealer

Washington, Oct. 11.—A proclamation placing under stringent license dealers in practically every fundamental foodstuff was issued last night by President Wilson.

After November 1 any person or firm operating cold storage warehouses or elevators or engaging in the manufacture, importation or distribution of the articles designated will be liable to the penalties prescribed in the food and fuel act if the business is transacted without a license. There are exceptions noted to the operation of the system but they include mostly smaller dealers.

The action is taken to stem the tide of rising prices, to stabilize the market and to give the public some appearance of food at a reasonable cost. The food administration which announced last night the plan to license the system of food supply all along the line from the producer to the retailer, will have the administration of the new functions.

The list of commodities designated by the President was even more comprehensive than anticipated. It included all important food grains and of course, meats, including fresh and canned vegetables, some fruits, poultry and eggs and dairy products.

Those not affected by the operation of the new licensing system include persons and firms and persons licensed when wheat and sugar control were taken over recently by the food administration, retailers doing a business not exceeding \$100,000 a year, common carriers, farmers, gardeners and other producers of food whose business is less than a stipulated amount.

CHARMING ACTRESS COMING

MAE MARSH

Who will appear at the Colonial to-night, to-morrow and Saturday in Goldwyn's first gigantic success, "Polly of the Circus."

MARKEE FEVERISH; PRICES IRREGULAR

Prominent Issues Fall to Low Levels While Others Make Appreciable Recoveries

By Associated Press. New York, Oct. 11.—(Wall Street).—Feverish irregularity characterized the active opening of the stock market to-day, various prominent issues falling under final quotations of the preceding session. The market made appreciable recoveries. Declines ran from 1 to 2 points in Union Pacific, Consolidated Gas, Colorado Fuel, Utah Copper and United Cigar, with the drop of almost four points for Savage Arms. United States Steel was barely steady at the outset but soon hardened with other equipment. Central Leather, Industrial Alcohol and Ohio Gas early losses were retrieved before the end of the first half hour.

Table with columns for stock names and prices. Includes American Beet Sugar, American Can, American Car and Pdy, American Locomotive, American Steel, American Sugar, Anaconda, Atchafalaya, Baltimore and Ohio, Bethlehem Steel, Rutte Copper, California Petroleum, Canadian Pacific, Central Leather, Chesapeake and Ohio, Chicago and North Western, China Coal, Colorado Fuel and Iron, Corn Products, Cuyahoga Falls, Distilling Securities, Erie, General Motors, Goodrich, Great Northern Pfd, Great Northern Ore Subs, Hide and Leather, Inspiration Copper, International Paper, Kennecott Copper, Kansas City Southern, Lackawanna Steel, Lehigh Valley, Maxwell Tools, Merc. Marine Cfs, Merc. Marine Cfs. Pfd, National Steel, National Steel Pfd, Reading Railway, Republic Iron and Steel, Southern Railway, Southern Railway Pfd, Union Pacific, U. S. Alcohol, U. S. Rubber, U. S. Steel, U. S. Steel Pfd, Utah Copper, Virginia-Carolina Chem, W. Pabst, Wills-Overland.

PHILADELPHIA PRODUCE

Philadelphia, Oct. 11.—Wheat—No. 1, red, \$2.24; No. 1, soft, red, \$2.23; No. 2, red, \$2.21; No. 2, soft, red, \$2.19; No. 4, red, \$2.17; No. 4, soft, red, \$2.15. Market—Market nominal; No. 2, yellow, \$2.10@2.15; No. 3, No. 4 and No. 5, yellow, \$2.00@2.05. Oats—Market steady; No. 2, white, 65¢@66¢; No. 3, white, 64¢@65¢. DR. MOTT IS NOTED ORATOR

To Tell How Y. M. C. A. Will Raise \$5,000,000 For Work Among Soldiers

Philadelphia, Oct. 11.—Wheat—No. 1, red, \$2.24; No. 1, soft, red, \$2.23; No. 2, red, \$2.21; No. 2, soft, red, \$2.19; No. 4, red, \$2.17; No. 4, soft, red, \$2.15. Market—Market nominal; No. 2, yellow, \$2.10@2.15; No. 3, No. 4 and No. 5, yellow, \$2.00@2.05. Oats—Market steady; No. 2, white, 65¢@66¢; No. 3, white, 64¢@65¢. Bran—Market steady; soft wheat, per bushel, \$3.00; spring, per ton, \$35.00@36.50. Feed—Market steady; powdered, 8.4¢; fine granulated, 8.3¢; confectioners' A, 8.25¢. Butter—Market steady; western, creamery, extra, 1/4@45¢; nearby prints, fancy, 48¢. Eggs—Market steady; Pennsylvania and other nearby birds, free cases, \$12.60 per case; do, current receipts, \$12.60 per case; do, \$12.60 per case; extra firsts, free cases, \$12.50 per case; do, firsts, free cases, \$12.30 per case.

John R. Mott, prominent businessman, not only from this city but from every part of Pennsylvania, will be in Harrisburg to-morrow to deliver a speech before the Y. M. C. A. and to receive the \$5,000,000 for work among soldiers. Mott, executive secretary of the International Y. M. C. A., and one of the most noted speakers of the present day, when he appears at a luncheon to be given at the Board of Trade building at 1 o'clock.

SENDS THANKS FOR FOOTBALL

Troop C Grateful to Tech For Equipment; Boys Enjoying Army Life

Placing the ability of Technical High school students, who are members of the Governor's Troop, second to none in the Twenty-Eighth Division, Captain George W. H. Roberts, in a letter to the Tech principal, thanks the school for the loan of the football equipment sent to Camp Hancock for the former Maroon warriors.

Twenty-three members of Troop C have in recent years been enrolled at Tech. Many of them are numbered among Tech's best players. These lads will form an eleven, and hope to add to the laurels already won by Troop C in other fields of endeavor. The message follows: October 7, 1917. Dr. Charles B. Fager, Jr., Principal, Technical High School, Harrisburg, Penna.

PLACE NAMES ALPHABETICALLY

Commissioners Start Preparing Ballots For Fall Election; Republicans First

The county commissioners have started preparations for printing ballots for the November election. The contract for the work was awarded several days ago, and in a day or two the complete list of candidates for city, county, borough and other minor offices will be certified. In the city on the non-partisan ticket the names will be placed alphabetically for mayor and council, as follows: Mayor: George A. Hoover, Daniel L. Keister, Councilmen: Charles W. Burnett, DeWitt A. Fry, Edward Z. Gass, Samuel F. Hassler, William H. Lynch, Edward L. Rinkenbach, John K. Royal, Charles F. Spicer, Councilman, unexpired term: Fred L. Morgenthaler.

For the partisan ticket in both the important and small offices in the city and county, the names of the Republicans will be placed first, with the Democratic nominees next.

U. S. GUNNERS TRAINED IN HEAVY ARTILLERY

(Continued from First Page.)

"155" up to the staggering "400" that hurls a high explosive missile weighing just short of a ton. The 400's are more than the Big Berthas ever were in their days of great destructiveness. In caliber the guns range from the short, squat weapons which spit upon their hunches like giant frogs, up through the various members of the Howitzer family to the truly sinister rifles with their long tapering barrels.

Men Delighted

The Americans, delighted with their French ways, are busy studying every detail and adapting themselves to the use of French material. Most of the heavy guns are men of the home army, and do not need much actual firing practice before taking their place in line against the enemy. They have been a little surprised to find that with the big land guns used here speed is not a great factor. These heavy weapons are used for destructive purposes and are not of special interest for use when dealing with concrete dug outs and other enemy defenses that cannot run away. Accuracy is the great goal of all heavy guns.

Depend on Airmen

"We will have direct observation here. The observer, instead of standing beside the gun, will be sitting aloft in an airplane. You can depend on it that when the observer and the enemy will be watched and recorded."

Wireless Branch of the Heavy Artillery

The wireless branch of the heavy artillery is one of great importance. At present, the wireless is being used in communication with airplanes and observation balloons.

Secured by Officers

Plattsburg and other training camps are completing their technical education in the artillery schools here.

French Sense of Humor

The French sense of humor cannot be suppressed by three years and more war. French officers have named one of the largest guns turned over to the Americans "moustique," which means mosquito.

Compliment to Artillerymen

"It is a compliment to any of our artillerymen who may have come from New Jersey to the front, to be a commander, who said he had spent ten years on the eastern coast of the United States.

Stratford House

East 22nd Street by 5th Avenue NEW YORK. A new fireproof hotel, most conveniently located. Two avenue blocks from Pennsylvania R. R. Terminal.

FOR SALE

No. 1118 North Fourteenth Street, spacious two-story brick dwelling, built 1912, corner of Cumberland street, 10-foot alley in rear. Contains 3 bay windows, bath, front and back stairs, more closets than rooms, wide porch, stands on high ground, facing asphalted street and near extensive playgrounds.

LECTURE

By the Author of "The Bible Devil" Rev. H. R. Bender, D. D., Thurs., Oct. 11, at 8 P. M. Subject: "The Conflict of the Prophets and Early Christianity with Satan, the Devil, and Demons." Tickets—25¢—At the Church Door. M. E. CHURCH, Corner Sixth and Herr Sts.

MAKE EVERY SACRIFICE FOR MEN AT FRONT

(Continued from First Page.)

This big work include the providing of wholesome, healthy environment in the communities surrounding the ninety or more training camps and posts.

First Victories Here

John N. Willys, of Toledo, automobile and airplane manufacturer, appointed jointly by Secretary of War Baker and Secretary of Navy Daniels as chairman of the national committee on the War Camp Community Recreation Fund, has written a letter to each of the following, asking their assistance in this vitally important war work: David E. Tracy, Charles W. Burnett, A. D. Bacon, E. L. McCole, Robert McCormack, A. H. Hallett, W. H. Bennet, Sr., Geo. W. Bokar, C. M. Kaitwasser, A. S. Patterson, W. B. McCaleb, George W. Reilly, George S. Reinhold, A. Carson Stamm, Joseph H. Wallaz, and E. Z. Wallower.

Public, it is pointed out, must help to win the war. The "first victories" will be won in America, and will depend on the way in which the people at home receive, welcome and hearten the men who are ready to bleed and die that democracy may live. The work for the soldiers and sailors in the communities outside the camps should not be confused with what is being done for their entertainment and recreation by the Y. M. C. A., the Knights of Columbus, the Y. M. H. A., and in other ways during their leisure hours in camp.

Mr. Willys summarizes the big purpose of the War Camp Community Recreation Fund when he says:

"The spirit of the new American Army is to be made in the next few months. Mere numbers do not make an army; millions of soldiers who lack the fighting spirit can retreat without a struggle. The American boys must know that the finest ideals of civilization are in their hands, that the folks at home are living and fighting in their hearts."

Imagine your boy at a training camp. He says: "What shall I do when off duty? The cities, big and little, adjacent to the camps will do their best to give him a good time. A national fund it will be impossible to supply the equipment and the trained personal service necessary to make a recreation system a thorough success."

\$2.00 For Each

"It is planned to furnish enlisted men with a fund of \$2.00 for each month to promote wholesome amusement in public places, to supply buildings, swimming pools, etc., and to prevent the exploitation of the boys by commercialized attractions of an undesirable sort."

Three Dollars for Each Soldier

"Three Dollars for Each Soldier and Sailor is the amount required to carry on the work for the next year. This money will be used in a hundred ways, such as building and maintaining clubs for the men, arranging dramatic, moving-picture, musical and numerous other forms of entertainment in auditoriums, clubs, schools, churches and private homes; in short, to see to it that the community around the camp is as "near like home" to the men as possible.

SEERGEANT AT 21

At the age of twenty-one, R. L. Matchett is a sergeant in the old Company D, Eighth Pennsylvania Infantry, which is serving his second enlistment with that company having been at the border with the local organization last year. He is a son-in-law of Mr. and Mrs. J. W. Grass, 1418 Liberty street, this city.

3170 HUNTERS' LICENSES

At the County Treasurer's office today a new issue of 3,170 hunters' licenses was issued for the 1917 season, which will be valid for the same period last year. During the last few days scores of applicants have applied in person or sent their statements and money for licenses.

GERMAN DEFENSE FAILS IN BATTLE

(Continued from First Page.)

were well provided with food while on the front lines, but that in the interior of the country the privations were great.

Paris, Oct. 11.—The French last night defeated a German attempt to recapture ground taken in the Verdun offensive in Belgium this week, the war office announces.

On the Verdun front the Germans broke into advanced French positions, but were repulsed after a spirited engagement. Following is the official announcement: "In Belgium during the night we broke up a German attack delivered east of Draebank against our positions between Vietcote farm and Patocote farm.

"On the Aisne front an enemy patrol which was seeking to approach our lines in the region of Cerny was dispersed by our fire.

"On the right bank of the Meuse (Verdun front) in the region of Hill 344, the Germans made an attack which enabled them to gain a footing momentarily in portions of one of our advanced trenches. After a spirited engagement we repulsed our adversary and remained masters of our positions.

"Sublieutenant Boyau yesterday brought down his tenth enemy airplane."

Bad Weather Turns Great Battlefield Into Sea of Mud; Allies Hold Ground

(By Associated Press)

Extremely bad weather on the Western front is limiting the activities of the belligerents, notwithstanding the difficulties created by turning of the battleground into a mud sea. The weather has also hampered the efforts of the allies, who have maintained themselves in the territory they gained in Tuesday's great drive.

At only one point has their hold been broken, and that was in a particularly low sector of the front, particularly low sector of the front, as announced yesterday their advance post were drawn in a little.

While the work of consolidation and preparation for the renewal of the offensive is proceeding, German counterattacks are being held off by the entente guns. Last night the French had one of these attacks to deal with in the region east of Draebank. The attack was broken up by the French fire.

Some attention is being attracted by the persistence of the German efforts to regain ground on the French front. There are reports of a connection it is noted that recently one of the German military critics, in alluding to the situation in Flanders, spoke of the peril to which the Germans might be subjected on the Verdun front if the German lines in the Belgian area should give way.

The French are very near German territory northeast of Verdun and a forced weakening of the German lines there might have a serious effect upon the whole military situation, well placed as the French are for the initiation of a drive from the outlying Verdun positions. The German effort to push back the French here, or possibly to regain the lost initiative in the region, may possibly be traced to anxiety in this respect on the part of the German high command.

Small success, however, is attending the Crown Prince's efforts in this direction. He tried again last night near Hill 344, but German troops were held their ground, driving the Germans out of such advanced trenches as they managed temporarily to penetrate.

Plasterer Wants to Run For Burgess Too

D. W. Plasterer, who was one of the candidates for nomination for Burgess of Middletown but was defeated at the primary election, to-day filed a petition with the county commissioners asking to have his name listed as a candidate for the office on the nonpartisan ticket, also requesting that this be considered as a new party.

The commissioners stated they could not act favorably on the petition because there already exists a nonpartisan party and no new party could be created having the same name. The present nominees for Burgess in Middletown are Samuel B. Gingrich, Republican; Lewis M. Miller, Democratic; and Homer K. Baum, Washington.

LIBERTY LOAN NOTES

Volunteers are wanted at Liberty Loan headquarters, second floor of the Dauphin building. There is a plenty of work for a dozen men who wish to "do their bit" prior to the drive of October 22-25.

Automobilists who wish the windshield stickers "boosting the loan may get them at headquarters, Dauphin building. Hundreds of cars are now "wearing" these stickers.

Charles C. Stroh is chairman of the Dauphin County Four-Minute Loan League. There are scores of working ability who will do much for the loan. Thomas C. McCarroll and Spencer Gilbert Nauman, are the vice-presidents of the league. The county include: J. B. Cunningham, Harrisburg; John R. Guyer, Middletown; William H. Earnest, Middletown; H. L. York, Millersburg; Lincoln Carl, Lykens; Harry L. Dress, Steelton.

In all probability Dauphin county boys in the various United States training camps will be named Liberty Loan salesmen, to act at the same time that the campaign is on in Harrisburg. There are scores of boys in the camps who wish to buy bonds. They regard the investment as more certain than anything else.

Lieutenant Leshar and the others at United States Army headquarters, 215 Market street, are ready to issue \$2,000 worth of Liberty bonds. Recruiting agencies throughout the county are doing the same thing. The army men who will stay on this side intend "going over the top" in this manner.

Clergymen of the Harrisburg district will call the attention of their congregations to the Liberty Loan in services the next two Sundays. A meeting of the Harrisburg Ministerial Association this morning the loan received unanimous and enthusiastic endorsement. In Philadelphia the Episcopal and Baptist Ministerial Associations have appointed committees to take up the loan.

C. R. Paddock is a bond salesman interested in the campaign in the Middletown region. He comes here rather roundabout. He represents a Boston house in its New York district and was sent to Harrisburg by the Philadelphia branch. And from Harrisburg he was sent to Middletown.

The many hundreds of Italians in the Harrisburg district are taking a great interest in the Liberty Loan. A meeting Sunday may result in the appointment of a committee to take up the loan with the sons of Italy.

One of the largest street banners ever hung in Harrisburg goes up across Market street to-morrow, to boost the Liberty Loan in no uncertain terms. Those who see it will hardly recognize the banner as the same that has been used by a committee in the Taft campaign in 1912.

1,000,000 DEAD Washington, Oct. 11.—Austrian losses in World War I, and prisoners on the Italian front during the recent Italian offensive amounted to 1,000,000 men. In addition, practically all her machine guns on that front, according to semi-official dispatches from Rome yesterday.

CHICAGO CATTLE

Chicago, Oct. 11.—Receipts—Receipts, 12,000; week, 12,000; beef steers, 12,000@17.50; western steers, 12,000@17.50; cows and heifers, 15.50@16.25; calves, 8.50@16.00.

Chicago Board of Trade Chicago, Oct. 11.—Board of Trade Closing—December, 1.14; May, 1.09 1/2. Corn—October, 41.50; January, 42.00. Lard—November, 22.90; January, 21.85. Wheat—October, 27.42; January, 27.42.

Vigorously Denies Story of Pro-German That Sweater Is Stolen

Reports to the effect that Red Cross workers had stolen a sweater contributed for her by a local woman, were emphatically denied at the Harrisburg chapter of the Red Cross today. Mrs. Lyman D. Gilbert, president of the Harrisburg chapter, recognized a sweater worn by one of the headquarters workers, as her own make. She is reported to have said that because there was a \$5 bill pinned to the inside of the pocket, she knew it was her own. When questioned this morning, Mrs. Gilbert said that the rumor originated from a falsehood. Williams Chapter and other chapters throughout the country have had to deal with the same rumor which is circulated by people with pro-German leanings.

A similar chapter has been very active in relief work of all sorts and the workers in charge are of unquestioned loyalty. Those who knew these workers would utter statements such as those which are going the rounds of the gossip.

U. S. Army Desirous to Be Rushed to Front Lines With Little Loss of Time

Washington, Oct. 11.—Courses for the great military schools at division training camps have been mapped out as carefully as those of high schools or colleges. The whole scheme of the sixteen weeks' course, in its smallest detail, is based upon what General Pershing has learned from officers already have learned on the other side. It will be varied as new lessons are earned at the fighting front. The plan is calculated to produce infantry divisions uniformly organized, equipped and trained.

It will cut down materially the training time for the first division to graduate from the home training school and reach France. It will need but a few weeks additional instruction to fit it for duty at the front.

Governor Ready For Commissioners

Final conferences on the methods of taking the vote of Pennsylvania soldiers were held to-day between Governor Brumbaugh and the Commonwealth Woods and Adjutant General Beary and the commissioners will likely be named within a few days by the Governor. In addition to naming commissioners for the units of the former national guard at Augusta and Mineola it has been practically decided to name commissioners for the units of citizens in drafted men's camps by counties, while professional soldiers will be represented by Washington for commissioners to accompany troops on any movements that would include election day. No attempt will be made to vote for men in the Regular Army.

The book of nominations, instructions and other supplies will be ready Saturday, and the commissioners will be called to a conference soon after that time.

U. S. Calls For Owners to "Enlist" Camera Lenses

Washington, Oct. 11.—The signal corps is today soliciting private owners in supplying lenses for cameras for the great fleet of observation airplanes now being built for service with the American Army in France. James H. Biggers, Philadelphia, and James H. Biggers, Philadelphia, issued an appeal to private owners to enlist their lenses in the Army.

The Bureau of Standards of the Department of Commerce is announced, is perfecting a substitute for the German "crown barium" glass used for lenses and will later be able to supply the air fleet. In the meantime the signal corps must depend on American owners for lenses with which to equip the airplanes soon to be ready for service.

High Prices For Peas Said to Be Extortion

Washington, Oct. 11.—With the enormous total of nearly 240,000,000 cans of peas turned out this year, the food administration announced to-day that "there is no excuse for the extortionate prices being asked in some markets." It also disclosed that canners who are taking advantage of Army purchases to deliver short to the trade in an unwarranted manner, are being investigated.

Jobbers and the larger retailers, it was announced, have agreed to handle canned beans on a reasonable margin over actual cost and the efforts of the food administration are being directed toward ensuring a reasonable price to the consumer.

American Sergeant Dies of Wounds in France

Pittsburgh, Pa., Oct. 11.—Adjutant General Henry P. McCain, to-day informed relatives of the death from gunshot wounds of George H. Davis, a sergeant with an artillery division of the expeditionary forces under the command of General H. Davis, who was killed in the battle of San Juan Hill in the Spanish-American war.

The phenomenally successful service of the Y. M. C. A. among American soldiers, and among prisoners of war, has brought to the American War Work Council insistent calls from American, French, Russian and Italian government and military authorities for immediate and full provision to meet imperative needs for the protection of the morale of the fighting forces. There are now forty million men under arms.

Two gatherings of the National War Work Council together with many leading business and professional men representative of all sections of the United States were recently held in New York City to deliberate these calls. After careful deliberation, they decided that a nationwide campaign should be conducted November 11-18, 1917, to provide for practical service in a great world emergency.

The meeting in this city is receiving the personal attention of the Board of Trade building at 1 o'clock, Dr. Mott will discuss representative of practically every college and university in this state, at Falmouth Hall, in the Y. M. C. A. building, at 2 o'clock.

The college men will be here to attend the student conference. All sessions will be held in Falmouth Hall, an address which will be held beginning at 10 a. m. and concluding at 4.30 p. m.

Capitol Hill Notes

Lancaster Gets Busy—The Lancaster Automobile Club to-day brought complaints before the Public Service Commission alleging that roads were not being kept in proper condition by the Lancaster and Litz Turnpike Road Company, Lancaster and Litz Railway Company, Manheim and Lancaster Turnpike Company, and Lancaster, Pottsville and Manheim Turnpike Company.

The boroughs of Baden, Ambridge and Leetsdale to-day complained that increases of fare to six cents proposed by the Lancaster, Pottsville and Beaver Valley Traction and Beaver and Pittsburgh Railway Companies, were unjust and unreasonable.

To Be Appointed—Formal announcement is expected to be made this week of appointments as members of the State Armory Board of General W. J. Humber, Oil City; James H. Biggers, Pittsburgh; and Col. C. T. Creswell, Philadelphia. They will take places of members of the board now in active service.

SCHOOL APPEAL SETTLED It was stated yesterday in Argument Court that the appeal from the report of the auditors of the school district report of the borough of Williamstown had been settled. The Court signed an order dismissing the surcharge which had been made in the report.

EAT LESS MEAT AND TAKE SALTS IF KIDNEYS HURT

Says a tablespoonful of Salts flushes Kidneys, stopping Backache. Meat forms Uric Acid, which excites Kidneys and Weakens Bladder.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys are acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; they are a delicate, effervescent lithia water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
