Progressing Splendidly
The decision of that important inierchurch conference was to the effect that the best step to take was terchurch conference was to the effect that the best step to take was to provide adequate endowment and equipment for the church schools. In accordance with that program the Methodist Episcopal Church decided to raise \$35,000,000 for its institutions of higher learning. The Presbyterian Church is well along with its unit of \$30,000,000. The Baptist Church is succeeding admirably in raising its quota of \$20,000,000. The remainder of the nineteen representative denominations are working hard to reach their goal.

Headquarters Opened

The central headquarters office has been opened in this city on the fourth floor of the Trustee building. To this office will come the reports from the area of Central Pennsylvania conference and outlying districts. And from this office will go out the campaign literature, news items, etc.

Bishop Wilbur F. McDowell met in this city with Dr. Morris E. Swartz and the ministers of the Harrisburg district a few days ago to discuss the plans of campaign, and to perfect the local organization. Similar conferences were held at Altoona and Juniata districts, respectively, together with their ministers.

The Sunbury and Williamsport

The Sunbury and Williamsport districts also lined up for these conferences. Superintendents J. B. Stein and Horace L. Jacobs took the leadership of the session of their respective districts. Every district superintendent is heartily in this great program of nation-wide Methodism. The work of organizing the sub-district groups of workers is now in progress and before many days the hosts of Methodism will concentrate their efforts upon the campaign for their colleges.

heir colleges.
Thus far in the drive for \$85,000.00 not a single college, university,
or seminary campaign has been alowed to fail. It is expected that the
present campaign will run true to

#### Housekeeper Catches Rat at Both Ends and in Middle

Marysville, Pa., Oct. 11.—For a long time, Mrs. W. W. Acker, of Greenwood township, had been bothered by rats stealing goods from her cupboards. Traps were set, but the rodents were too sly, and all Mrs. Acker's efforts were in vain. Not discouraged, however, Mrs. Acker's secured a small box, placed a steel trap at each end of it, some food between, with some fly paper covering it. While preparing breakfast this morning she heard a commotion in the cupboard. Opening the door, she saw a large rat, firmly caught with one foot in each of the two traps. He had stepped into the box, landed on the flypaper and in his lafforts to free himself had been
