

SEND ON SMOKES IS NEW S. O. S. FROM TRENCHES

American Soldiers Want the Good Old Brands to Cheer Long Hours

You know how glad you are to get back to "your own brand" after you've tried some other kind of a smoke, or when you couldn't get your favorite one.

Our boys in France are having a hard time trying to get any satisfaction out of French tobacco. There's plenty of it, but somehow, their smoke palate rebels at the new flavor. They want, most of all, the old, familiar brand of pipe tobacco and "makins" and the cigarettes they used to have at home.

That's why you hear the new "S. O. S." from the front—Send on Smokes. They want the good, old American kind that rolls over the tongue and just touches the spot. We've made it easy for you to answer some soldier's "S. O. S." The French government, this government and the Red Cross are all co-operating in a plan whereby you may send twenty-five cents in this newspaper and a generous Tobacco Kit—far more than you actually pay for—goes

U. S. MAY TAKE OVER ALL SHIPS OVER 1,500 TONS

Great Need of Trans-Atlantic Tonnage Felt by the Nation

Washington, Oct. 12.—In its requisitioning of ships October 15, the Shipping Board is considering taking over all American vessels of more than 1,500 tons dead weight capacity instead of 2,500 tons at first announced. The great need of trans-Atlantic tonnage, it was said today, has made this step necessary. American ships of more than 1,500 tons capacity available for ocean service number 458, aggregating 2,871,359 tons dead weight. Most of the smaller vessels to be requisitioned will be put into peacetime trades. Many will ply between the United States and South America and West Indian ports, maintaining trades which the government considers essential.

Plans Made For Parades and Mass Meetings to Start Things in This County

Plans for the city of Harrisburg, one of the very few cities in the United States not called upon to furnish men under the first draft, to launch a recruiting drive that will place this part of the state beyond the second wave of the war, was held last night at a meeting of the Patriotic Citizens and Foreign War Veterans committee in the courthouse. The plan is for a parade on Friday, and a parade in Harrisburg and a big parade to be held on the 9th. Visits will be paid to surrounding towns and other demonstrations will be held.

Col. Frederick M. Ott, long identified with the National Guard, was chosen as chief marshal of the parade next Friday, and named W. L. Laubenstein as chief of staff for immediate steps were taken to arrange the parade and those desiring to participate can communicate with Mr. Laubenstein.

Steps were also taken for a big patriotic rally to start the campaign to be held at the Technical High school auditorium on October 13, next Wednesday. The Municipal band will give a concert and the High School Glee Club and orchestra will take part.

A number of committees to arrange details were named. Col. Ott heads the parade committee and speakers; Charles A. Jefferson, A. W. Black being the other members of the speakers' committee, while E. H. Hoy, Major A. M. Porter and Grant Koons were appointed on the music committee.

Addresses were made by Captain E. Laubenstein, Col. Hoy, Sr., Sergeant John Blake, Benjamin Strouse and others interested in the movement.

The plans will be announced from day to day in the newspapers by a committee of newspapermen, consisting of A. Boyd Hamilton, chairman; H. A. Reed and Ralph Schroeder, Harrisburg Telegraph; J. Douglas M. Royal and Ralph H. Spare, Harrisburg Patriot; and Elmer Kirkpatrick and Harold Eckert, Evening News, with S. Riddle, of the State Department of Labor and Industry.

Residents of City Are Showing Interest in Offer of Trees at Cost

Park Commissioner Gross and Assistant V. Grant Forrer said today how large enough to remove and will be sold. Complete information about tree planting will be given to any one communicating with park department offices, Mr. Forrer stated.

Lieutenant Leshner received notice at the Recruiting Army recruiting office, 325 Market street, this morning, that Greeks cannot be accepted for service in the various branches of the United States Army, until further notice is given.

Yesterday was a good day at the recruiting stations of the district. The effort to enlist 1,700 men a month in the Harrisburg District is meeting with a spirited response from every quarter. Yesterday Edward H. Shook, 1423 Market street, was accepted for the Aviation Section, Signal Corps. On October 10, David Douglas, 1102 1/2 Seventh street, was enrolled in the Stevedore Regiment. Yesterday the following colored men were also accepted for this regiment: William A. Weaver, Steelton; Daniel W. Thomson, Steelton; and William A. Goodbar, Steelton.

German Plotters in U. S. Seek to Hurt Red Cross Work

By Associated Press Washington, Oct. 12.—Declaring that efforts to disparage the work of the American Red Cross are being made in various sections of the country as part of an anti-patriotic propaganda, General Manager Harry Wilson today told all Red Cross division managers to begin a nation-wide campaign to trace the movement to its source and combat it. "It is evident that rumors and innuendoes, critical of and calculated to embarrass the Red Cross, are being industriously circulated as part of an anti-patriotic propaganda," the telegram reads. "Insofar as such statements or questions are merely efforts to obtain information they should be earnestly and sincerely met, but many of the stories are utterly unwarranted in fact, emanate simultaneously from too many different parts of the country to be merely accidental."

DAUPHIN CLAIMS TO BE UP MONDAY

Appeal Board Will Finish Up Early Next Week; May Deny Chance to Enlist

The district appeal board resumed session this morning in the House caucus rooms at the Capitol and examined all the claims for exemption from Adams county. The board remained in session all day and adjourned until Monday morning at 9 o'clock.

Next week an effort will be made to clean up all the claims that remain to be acted on and these will include all of Dauphin which have been before the board for some time. Efforts are being made by the board to appeal on behalf of British and Canadian recruiting station to patriotic British subjects living in this district who are willing to do some work for the United States. Canadian subjects in this district. A letter written to David E. Tracy, chairman of the board, by S. G. T. Steele, colonel of the British and Canadian recruiting station is as follows:

Sir: With reference to War Department telegram, dated Washington, September 12, 1917, from General Crowder (copy attached), I have the honor to request the favor of your kind attention to whether the following information can be obtained from the records on file at your office, namely:

Yours very truly (Signed) S. G. T. STEELE, Colonel British and Canadian Recruiting Mission.

May Not Be Able to Enlist

The question as to whether or not the young men of Harrisburg can enlist even if the orders are given to examine registered men, is now being investigated. Many rumors to the effect that the right of volunteer enlistment is to be denied registered men have been circulated. Several newspapers have given the wrong version of the matter and as a result many of the young men of Harrisburg are registered, but do not know exactly what to do. Colonel Frank Sweeney of the state draft headquarters, today stated that there has been any change in the reading of the law.

Up to this time every registered man who has not been called for examination by his local board is free to enlist. Once he is called, however, he loses that right and must present himself for examination. Unless this law is changed, the issuance of the new orders to examine all registered men, as is contemplated, will automatically stop the enlistment of all registered men. However, Secretary of War Baker in his address to the members of the Chamber of Commerce stated that it is probable that new laws will be made regarding the draft system. Until the new orders are issued, every Harrisburger who has registered and has not been called may enlist without any fear of being summoned for examination by his local board.

Your Sick Child is Constipated! Look at Tongue

Hurry, Mother! Remove poisons from little stomach, liver, bowels

Give "California Syrup of Figs" if cross, bilious or feverish

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look Mother! see if tongue is coated. This is a sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, head aches, stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours constipation, biliousness, undigested food and sour bile gently moves out of the little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

FATE OF EIGHTH STILL IN DOUBT

Only Eighteenth Seems to Have Been Saved in Re-organization of Guard

Beyond newspaper announcements that the Eighteenth Regiment of Pittsburgh, had been selected for retention as an organization in the plans for the general change in the Pennsylvania division, nothing was known at the Capitol about the result of the Governor's representation to Secretary Baker. It was also reported by special dispatches that the Third would be dismembered. It is a Philadelphia organization and was scheduled to be retained.

Nothing is known about the fate of the Fourth, Sixth, Eighth and Thirteenth regiments. They are scheduled to be disbanded to fill up others, but there are hopes that the suggestion that they be raised to full strength by use of drafted men and retained because of their history and association would work out. Governor Brumbaugh said early today he was still hoping.

Colonel E. L. Kearns, of Pittsburgh, a former Harrisburger, commands the Eighteenth. Two of the men who broke the labor camp quarantine for smallpox established by the state returned yesterday, and the whole crew is now indoors and will remain there until the quarantine ends.

Many persons visited the Capitol today in spite of the fact that it was a holiday and many of the departments were closed. Fire Marshal Port and Deputy Morgan to-day investigated the fire at the Harrisburg Automobile Company's garage. Benjamin Branch, of Carbon county, was today commissioned as the

No Substitute For Well-Iced Refrigerator. REAR porches, window boxes and ventilated pantries are dangerous and expensive substitutes for the ice box. Food placed out of doors is exposed to the germ-laden air and soon becomes unfit for use—although the quality seems impaired. To properly care for food you must have a uniform temperature of 40 degrees F. day and night. This is possible only by the use of a well-iced refrigerator. The cost of one roast allowed to spoil will buy ice for a week. The expense of one case of ptomaine poisoning will buy ice for a season for the average family. PUTS MORE FORCE INTO HIS SERMONS. Pastor Tells How He Got Back His Grip After Five Years. Before I used DR. CHASE'S BLOOD AND NERVE TABLETS, I used to be so weak that at times I had to hold on to the pulpit while preaching. My wife said W. H. POWELL, of Camden, Arkansas, Rev. Powell is presiding elder of the Fordyce District, West Arkansas Conference, and is well known throughout the west. There were no lights when the slightest noise would awaken me—the clasp of the door or the flapping of the window shade. I was nervous to an extreme. "Another distressing effect of my illness was that I lost control of my bowels at times. Sometimes it seemed as though there was no feeling in my lower limbs, I couldn't kneel down without grasping hold of something to keep from falling. "One of my parishioners recommended DR. CHASE'S BLOOD AND NERVE TABLETS to me. I thank God I found this remedy for I really believe I should have died had I not found it. My strength has been restored and I feel ten years younger." "Rev. Powell's case is but one of thousands of similar cases that have been helped by Dr. Chase's Blood and Nerve Tablets.
