Most Old People Are Constipated

The wear of years impairs the action of the bowels. As people grow older they restrict their activity, neglect to take sufficient exercise, and indulge a natural disposition to take things easy. The digestive organs become more sensitive, the demands made upon them and rebel more quickly. It is of special importance to the health of elderly people that the bowels be kept normally active. A mild, yet effective, remedy for constipation, and one that is especially suited to the needs of old folks, women and children, is the combination of simple laxative herbs with pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle, and should be in every family medicine chest. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 435 Washington street, Monticello, Illinois.

Attention! CIGAR SMOKERS!! From This Date on KNULL'S AMBROSIA Cigar, Manufactured by C. L. Boak, Harrisburg, Pa., Will Be Sold at 6c This is important to all smokers and we desire them to know the reason for this increase—and also what quality of goods they may expect for their 6c. The Reason--- In order to maintain the present high quality of our brands, it was necessary—in view of the tremendous increase cost of tobacco—we either had to cut the quality (which was out of the question) so the 5c price could be held, or increase the retail price to 6c which would assure continued excellence. We Chose the Latter Course--- Because we wouldn't compromise our reputation by manufacturing an inferior product when our present high quality brands have stood the test—both of time and of preference among discriminating smokers for over 35 years. In purchasing a KNULL'S AMBROSIA at 6c remember you will be getting a 6c smoke (not a 5c cigar for 6c)—in quality, workmanship and the lasting joy that always accompanies the smoking of a fine cigar. Don't feel that the Retailer is taking advantage of you in asking 6c—for the necessity for increasing costs was created by the tobacco grower who demanded more money for his goods, consequently the increase cost followed on down until the finished cigar reaches the consumer—who, as for all other commodities, pays the bill. Much as we regret this increase in cost, there was no other solution to the situation—and we knew our customers would not stand for an inferior smoke no matter what the cost. Here's a Little History KNULL'S AMBROSIA CIGAR has been made in Harrisburg since 1882—35 years—and is one of the brands that has been a big factor in bringing to Harrisburg its reputation as a city where good cigars are made. KNULL'S AMBROSIA CIGARS ARE SOLD IN PRACTICALLY EVERY STORE IN HARRISBURG AND SURROUNDING TERRITORY C. L. BOAK Manufacturer of Quality Cigars 229 Broad Street, Harrisburg Bell Phone 2994 Dial 4185
