What Doctors Prescribe For Indigestion

Physicians who have specialized in the treatment of stomach troubles are naturally in a position to judge intelligently as to the best thing to use. It is therefore a matter of vital interest to those who suffer from indigestion, gastritis, dyspepsia, pain after eating, heartburn, etc., to learn that physicians who have devoted their lives to the alleviation of human suffering are more and more instructing these sufferers that the best thing to use is Biensia from the drugist and take a teaspoonful in a little hot water immediately after eating, or whenever pain is felt. Doctors who prescribe Biensia, do so because they know it gives immediate relief in nearly every instance—because it is not a secret remedy, for the formula is printed on the label, and last, but not least—because it is obtainable of all druggists, and every package contains a binding guarantee of satisfaction or money back. In view of the quick and lasting relief obtained in nearly every instance, and the guarantee that in case it fails it costs you nothing, sufferers from dyspepsia, indigestion and stomach troubles generally are strongly advised to get a package of Biensia from their nearest druggist and begin its use without delay.—Advertisement.

We repeat the story, briefly: Two manufacturers in New York went out of business—Maurice Blum, 23 Washington Place, manufactured Men's and Young Men's Suits and Overcoats. He retired from business. Then, Sindel Walter & Co., 841 Broadway, dissolved partnership. They made Young Men's, Boys' and Children's Suits, Overcoats and Mackinaws. We purchased a large quantity of goods from both concerns — high grade clothing for Men, Young Men, Boys and Children — and they will be ready for you to-morrow. An opportunity like this need hardly be elaborated upon. Every person realizes the prices of today are abnormal—and a chance like this—for it is a chance—under such strained financial times — should be taken advantage of immediately.
