

A Vital Message to the People of Harrisburg!

*Make Up Your Mind Now How Many Liberty Bonds You Will Buy
You Bought The First Bonds and We Know You Will Buy The Second*

Harrisburg's Liberty Loan Days Tues., Oct. 23 --- Wed., Oct. 24 --- Thurs., Oct. 25

*500 of Harrisburg's Patriotic Citizens Have Volunteered
To Secure Liberty Loan Subscriptions!*

Every Volunteer a Busy Man---All Willing to Make Sacrifices For This Noble Cause

The Entire City Will Be Mobilized

The entire city has been divided into forty-two districts, with a Captain and eleven men in full command of each district. These citizens have an enormous task of calling upon thou-

sands and thousands of the good people of Harrisburg. Beginning on Oct. 23rd and continuing until Oct. 25th inclusive, a committee of volunteers will call on you for your subscription

How You Can Help Make It Easier For the Committees

Give the committee your favorable decision the first time they call, you know that you will subscribe, so don't make the committee call a second time. Find out now how many

bonds are wanted in your household including your children and domestics. The committee will be glad to explain any details, and will help you make out the application blanks

*By Carrying Out the Above Suggestions, You Will Make
This Liberty Loan Campaign an Overwhelming Success!*

More Bonds and Less Blood!

*If the World Could Buy Peace --- An Enduring Peace --- Would It Not
Be Cheap Even If We Had To Mortgage All Our Possessions To Pay The Purchase Money?*

Unquestionably it would be because, in the permanent peace assured we would soon be richer again than ever.

This second Liberty Loan, like the first, is a peace investment. We are waging war against war, we are fighting to put the lid down on war hard and fast, to shut the door of this hell and to bar and lock it so strongly that it will not be able to break loose again.

"The pearl of great price" which the world wants above all things to-day is a peace that will last. Not the sort of peace that we had before 1914, which was simply an armed international hostility, watchfully waiting for its chance, but the peace of God and of honest men, which will pass all previous understanding and experience.

We can get that pearl if we will pay enough for it, but no matter what it costs, it is worth the price.

This Liberty Loan is in part payment for the pearl of permanent world-peace, and, if you want to secure it, you should put all you can rake and scrape into these Liberty Bonds.

The man who is standing between the world and peace is Kaiser Wilhelm of Germany; the things that keep wide open the door of hell are Hohenzollernism and Prussianism. They must be destroyed, if men and nations of good will are to survive. If peace is to live, they must die.

This is the reason why the Government is asking you to come forward at once with your share of this three billion dollar loan. It wants to buy the pearl of great price — a peace that will bless and make glad generations yet unborn.

How much do you want peace? Measure your desire for it to-day in Liberty Bonds. Pray for it if you like, but pay for it with bonds. Get down on your knees for it, if you choose, but get down into your pockets for it if you wish to be really pious. Buy a Bond and help to make the world safe for peace.
