RAILROAD RUMBLES

FINAL APPEAL ON BOND SALE

President Samuel Rea Makes Public Plans For Penny Employees

The second Liberty Loan campaign among employees of the Pennsylvania railroad has been on just two weeks. In that time reports have been encouraging and there is every indication that the final week will bring the goal expected by President Samuel Rea. The latter pledged the support of the Pennsylvania railroad to aid the government in making the loan a success. He is receiving a hearty co-operation from the employees. To those who have not studied the Penny plan President Rea has issued the following:

Plans For Subscribers Arrangements have been made whereby the Pennsylvania Railroad Company will secure for all employees of the company and its affiliated companies, bonds of the United States second Liberty Loan under the following plans:

Plan A—Subscriber may make full payment for the amount of bonds subscribed for at the time of application.

Plan B—Subscriber may make an initial payment at the time of application and make monthly payments to any agent thereafter until the full amount of subscription has been paid.

Plan C—Subscriber may make an initial payment at the time of application and authorize monthly deductions from wages until the full amount of the subscription has been paid.

Plan D—Subscriber may authorize monthly deductions from wages to the full amount of subscription without making an initial payment.

Payment Rules Bonds will be issued in denominations of \$50, \$100, \$500, \$1,000, \$5,000 and \$10,000. Interest will be adjusted on the basis of 4 per cent. per annum from November 15, 1917. Subscriber upon making such cash payment to an agent of the company, should receive from him a receipt in duplicate for the amount paid, the duplicate to be forwarded by the subscriber to the controller, the Pennsylvania Railroad Company, Philadelphia, Pa., in an addressed envelope.

In the event of the subscriber leaving the service of the company by which he is employed, or if for any other cause the subscriber fails to make monthly payments within ten days after they become due, the unpaid balance shall become due, and if not paid all the rights of the subscriber to the bonds subscribed for shall cease, and said bonds shall be sold for his account at the market price and an account rendered to him with interest at 4 per cent, and the balance settled with him or his legal representative.

Our country is in the midst of a world-wide war and the government must have every support I carry it on. Subscriptions to the first 3 1/2 per cent. Liberty Loan were very gratifying; let us not fall behind in this new 4 per cent. loan. No safer investment can be made.

WAR BOARD IS MAKING GOOD

Increase Service; Cut Down Number of Idle Cars; Some Figures

Washington, D. C., Oct. 23.—Railroads of the country report that on October 1 the excess of unfilled orders from whippers for freight cars over and above the idle cars at different points numbered 70,380. The actual number of unfilled car orders on October 1 was almost identical with the number on October 1 last year, the figures being 94,572 for 1917, and 94,854 for 1916.

Bowman's logo and address: BELL 1901-2356 UNITED HARRISBURG, TUESDAY, OCTOBER 23, 1917. FOUNDED 1871

UNCLE SAM: Bowman's are with you in your hour of need!

The entire receipts of the business done at Bowman & Company's store this week will be devoted to purchase Liberty Bonds.

And in addition to this, Bowman & Company will purchase extra Liberty Bonds in an amount equal to the above, making the store's entire Bond purchase

Double the Amount of the Volume of Business This Week

In other words, for every dollar's worth of business done this week, Bowman & Company will devote two dollars to Liberty Bonds.

When our Secretary of War was in Harrisburg recently, he laid much stress upon the magnificent assistance which business men had given in the way of volunteer personal service at Washington, since the outbreak of the war.

But the time has passed when mere personal service will suffice. It becomes the duty of every business man and firm to place resources as well as man power behind you in this crisis.

Seeing the situation in this light, Bowman & Company has taken the step outlined herewith.

This is not done with the mere thought of increasing sales, or for the purpose of inducing our patrons to put into merchandise money which they should invest in Liberty Bonds.

It is done solely with the thought that this firm should do its bit.

Upon the prosperity of the country depends the prosperity of Harrisburg and the Central Pennsylvania field served by this company; upon the prosperity of this particular locality depends the prosperity of the Bowman store; upon the successful prosecution of the war depends the prosperity of the nation.

It is, therefore, not in a spirit of philanthropy, but as a hard, practical, common sense policy that Bowman & Company is taking this stand---a stand that in our opinion should be that of every patriotic citizen in the country, namely, investment in your Liberty Bonds to the extent that it hurts, if need be.

BOWMAN & COMPANY.
