Doctor Tells How to Strengthen Eyesight 50 per cent in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is a hope for you. Many whose eyes were restored through the use of this wonderful free prescription. One man says, after trying it for almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me. A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can see specialists and I need without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Dissolve one tablet in a fourth of a glass of water and allow to disappear. Repeat this liquid bath the eye two to four times daily. You should notice your eyes clear up perceptibly. If the eye is sore and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to cure them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. Note: Another prominent physician to whom the above article was submitted, said: "This is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and I have prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any active drug store and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in Harrisburg by H. C. Kennedy, Croll Keller, J. Nelson Clark and other druggists.—Advertisement.
