We eat too much meat, which clogs Kidneys, then the back hurts.

Says glass of Salts flushes Kidneys and ends Bladder irritation.

Uric acid in meat excites the kid-Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

eather is bad. Eat less meat, drink lots of water; Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Tru Making Your Own Cough Remedy

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2½ ounces of Pinex (60 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently, and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norwey pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind. Carrente de la Company de la C

Every Man's Life History
The gathering of information as to the men's preference for service is but a small part of the work of classifying the National Army men that is being carried on under the direction of the Committee on Classification of Personnel in the Army. Virtually the life history of every man is set down by means of an elaborate card system, the original being sent to the divisional headquarters, where a division personnel officer studies the answers given and classifies the selected man according to his capabilities. The other copy is kept in the company records.

Questions asked include extent of schooling, what foreign languages the men speak, their preference as to branch of service, whether married or single, what was their previous trade, job or occupation, name of last employer, wage received, and in what work they have been most proficient.

It is within the province of the

130,000 Books Circulated During the Past Year by City's Public Library

One hundred and thirty thousand One hundred and thirty thousand books were circulated among citizens of this city by the Harrisburg Public Library during the past year. This is the announcement made by Miss Alice R. Eaton, of the Harrisburg Public Library, this morning, "It shows," she said, "an increase of 6,000 books circulated during the fiscal year. Harrisburgers are beginning to pay more attention to books. The trend of the reading public is toward the deeper things of life, and not for the lighter fiction."

Ten thousand books and many thousands of magazines were sent by the local library as the Keystone State's contribution to the libraries of men in French trenches, during the past month.

Let's All Give a Few Minutes of Quiet Earnest Thought to These Facts

-We live in a country where all men are free-where all men are equal-where all men have a voice in the Government.

-Where that Government always has been a shining example of those things for which a nation must stand firm-where each of us has a chance for a clean life, a decent home.

-And an opportunity to make and to save money without fear of interruption by

-And after we've thought these rather comforting and solemn thoughts, there must be in each of us a feeling of deep obligation for all these privileges-coupled with a knowledge that now is the time to do our simple duty by aiding the Government in every possible way-to strengthen our country's resources as far as we can by heeding every request and suggestion sent out by the administrators from Washington.

The people are doing nobly—the successes of the Liberty Loans—the food conservation—the endeavor to keep business going—the aid given the American Red Cross the patriotic demonstration last evening for recruiting—and all else speaks volumes but we must not pause—we must think—and act, so that this horrible war may come to an end as speedily as possible.
