THE BOYS in BLUE of '61 were the grandfathers of THE BOYS in KHAKI of TO-DAY

A LETTER from Dr. Simpson of the Anderson Zouaves, N. Y. (62nd Regt.), says: "During the time our regiment was stationed at Riker's Island we were out of medical stores. I obtained some of RADWAY'S READY RELIEF from a friend. It cured my Rheumatism, Colic, Headache, Neuralgia, Chills, Fever, Aches and Soreness of the limbs than all other remedial agents."

RADWAY'S READY RELIEF 25c All Druggists. 50c

The DOCTOR'S ADVICE by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature. Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Elwood streets, Dayton, Ohio. Enclose stamped and addressed envelope for reply. Full name and address must be given, but only initials or fictitious names will be used in my answers. The prescriptions can be filled at any well-stocked drug store, or a druggist can order wholesale.

Answer: In all such cases the assimilation function have not kept pace with waste functions and a powerful harmless tonic treatment is needed. I have tried many remedies, but wish you would advise me what to do.

Answer: What you need is a laxative, a cough syrup, one that will drive the cold from your system. The following prescription will check your bladder and cough. Get a 24-oz. package of concentrated essence methoxalene and make according to directions on the bottle. Take a teaspoonful every hour or two or until your cold is better. This will relieve you in a very few days.

M. J. B. asks: "My hair is too oily and my scalp itches with dandruff, and of late it is coming out too much. What is a good treatment?"

Answer: Obtain plain yellow minyol from your druggist in 4-oz. jars and apply as per directions. This cleans, purifies, cools and invigorates the hair and scalp, thus stopping the death of the hair. Dandruff and itching are at once relieved. Men and women all over the country now use it regularly.

"Weakness" writes: "Have been doctoring for kidney trouble and now want your advice. Frequent desire is followed by burning pain and an very tender and sore over region of bladder. Also backache affects me dreadfully. Can hardly move when I awake in the morning. Weakness, too, is a symptom."

Answer: I think if you will take balmwort tablets regularly for a few weeks your kidneys and bladder will become normal and such symptoms will vanish. This is unequalled for such complaints in my estimation.

NOTE: For many years Dr. Baker has been giving free advice and prescriptions to millions of people through the press columns, and distress has been relieved, illness and ailments more than any single individual in the world's history. Thousands have written him expressions of gratitude and confidence.

"Secretary" writes: "I have pains in my spine and frightful headache in back of head. These attacks are laxative, act on the liver, kidneys and bowels and tend to keep the blood pure, by arousing the eliminative functions. Relief should follow quickly."

"Grateful" asks: "About a year ago I was afflicted with a bad case of dandruff. I used plain yellow minyol and three treatments cured me. Now I want to know if I can increase my weight about 30 pounds?"

Answer: I have very frequently advised thin, anemic, bloodless people to use three-grain hypo-nutrient tablets at meal times. They assist digestion, increase nutritive processes and give strength and flesh to such people. Several months' treatment is essential to produce results.

TEACHER AT TECH CALLED TO WAR

Prof. J. D. Renninger Taught High School Only Two Months

PROF. J. D. RENNINGER

Professor J. D. Renninger, one of the new members of the Technical High school faculty, severed his connections with that institution at noon today to hurry to the colors of Uncle Sam. He has received word to report at Willow Grove to-morrow noon. The Tech tutor is a Norristown man.

Mr. Renninger came to Tech from the Ambler High school faculty, taking up his duties as a teacher of Freshman English with the opening of the school term in September. Five weeks ago Mr. Renninger passed the physical examination, and was awarded the call momentarily. He is getting an inkling that he was to be called this week. Mr. Renninger surprised his friends Saturday by marrying Miss Elizabeth Zimmerman, of Carlisle. The bride will remain with her mother at Scotland, Franklin county.

In the two months that Mr. Renninger has been at Tech he has made many friends with the students and faculty. Sorry to lose his association, the Maroon students showered him with congratulations when he left. In round numbers, just one dozen Tech teachers are of conscription age.

Professor Warren B. Lonsenecker, the new teacher of electricity, arrived this morning to begin his duties. He is a Pennsylvania graduate. He succeeds J. C. Peet, who went to the University of Toledo.

TO HOLD PARADE

Plans were made to-day to give the Steelton men who leave Saturday for Camp Meade a farewell parade in Harrisburg. Steelton men will be in line with the selected men.

STRAWRIDES! NEVER AGAIN FOR THESE BOYS AND GIRLS

Just why two score youths and maidens were tired and sleepy yesterday at work and school did not transcend until to-day when one by one the boys and girls solemnly declared "never again" for strawrides.

Reluctantly the story was told of the strawride that left Front and Market streets so joyfully at 7 o'clock in the evening and did not get back to the starting point until 7 o'clock the next morning, and then only with every lad and lass drenched to the skin in the driving rain that has swollen river and creek. And there was no top on automobile that carried the party.

The party drove into Goldsboro shortly after 9 o'clock in a gently pattering rain. In ten minutes there was a downpour that soaked the strawride according to members of the party, the driver decided to brave the elements for the trip home at 11 o'clock. From that time until 7

RAIDERS GO INTO HEART OF LONDON

tuary, was turned back about half way to London. Meanwhile the fifth group crossed the Essex coast at about 12.15 a. m., and steered toward London by way of the north bank of the Thames. Some of these raiders were turned back by the outer defenses, but one or more penetrated into southeast London, where bombs were dropped.

The sixth group followed along the same coast about a quarter of an hour later. Some of these machines penetrated into the southeast outskirts of London where some bombs were dropped. Meanwhile one or more machines dropped incendiary bombs in the southwestern outskirts of London. The seventh group which approached along the south bank of the Thames was attacked by our fighters before reaching the outer London defenses.

In addition, individual raiders attacked the Kentish coast between midnight and 1 o'clock. Reports indicate that each group consisted of three or four machines, the total numbers of raiders engaged being about thirty. Of this total only about three machines succeeded in actually penetrating into the heart of London. The raiders were harassed by our gunfire during the whole of their flight, and were also attacked by our fighters before reaching the outer London defenses.

Full reports have not yet been received but those already furnished point to comparatively light casualties and damage, considering the number of the machines and the determined nature of the attack.

English Planes Score Hits in Prussia

London, Oct. 31. — The communication dealing with aviation issued this evening says: "Following on those of Monday night and yesterday morning, another raid into Germany was carried out by our machines last night. On this occasion the steel works and station at Volklingen (Rhine province of Prussia) were attacked with excellent results. Direct hits were observed on a furnace and power house and on a train. The weather which was brilliant during the early part of the raid, turned later into rain and snow. In spite of this all of our raiding machines returned, except one."

the mines, on the basis that if there were any real hardships threatened in the coal fields, the mines could be rushed to those places in a comparatively short time. Mr. Fry stated that the trade commission has recently shipped into the northwestern United States and Canada 700,000 tons of anthracite coal. Mr. Fry stated that the conditions are becoming more every day and no relief could be expected. He said that he is just simply waiting to see what will happen, as there is nothing the dealers can do to relieve the situation.

Harrisburg Leads State in Number of Recruits

[Continued from First Page.]

Headed by the Commonwealth band, sixty recruits from Berks county, under the leadership of Sergeant Heronimus, of Reading, arrived in this city at 11 o'clock this morning, and after a short parade through the principal streets of the city the boys were taken to the recruiting station at Market street, where they were examined. The youths are volunteers and have formed a company of their own. They will be sent to Columbus, Ohio.

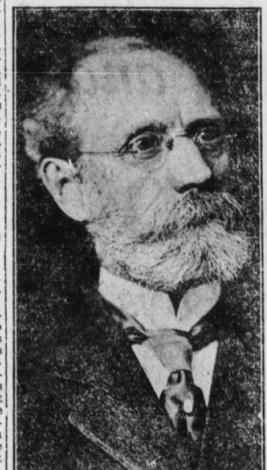

Sergeant John W. Blake, of the local office, announced to-day that in the entire State of Pennsylvania 27,740 men have enlisted since April 1. This is the largest number of enlistments in any state in the union.

October 31, Pennsylvania enlisted 153 men against 81 for New York and 38 for Massachusetts. The total for the forty-two men away on that day.

Thirty-two men enlisted yesterday, four being from Harrisburg and vicinity. The four men are: Walter A. Myrbranden, 400 North street, city; Signal Corps; James W. Francis, 416 Myers street, Steelton; Stevedore; Alexander Hooker, 397 Franklin street, Steelton; Stevedore; Joseph White, P. R. Camp, Harrisburg; Stevedore.

INSURANCE MEN IN SESSION HERE

Aetna Agents Discuss Plans for the Future at the Y. M. C. A.

WILLIAM S. ESSICK

Practically all the agents of the Aetna Life Insurance Company of this district were in Harrisburg today to attend their first annual convention. The session was opened this morning at the Young Men's Christian Association. The agents arrived this morning and assembled before 10 o'clock at the office of William S. Essick, in the Union Trust Building and from there went to the Y. M. C. A. Members were present from Hartford, Conn., Reading and Philadelphia.

The meeting which was called at 10 o'clock was opened by a five minute open discussion among the agents, which was followed by an address on "New Rates For Compensation Insurance and Reasons For the Same," by F. E. Barber, chief underwriter at Hartford, Conn.; "Loyalty of the Local Agent to the General Agent," was the subject of an address by John Paul Sones, local agent at Harrisburg; "Where to Find Fidelity and Surety Bond Business," by Gordon Scott, assistant manager, Philadelphia; "What It Means to Be Aetna-izer," by Geo. Gossip, agency assistant, Hartford, Conn.; "Promises vs. Performances," by Joseph W. Essick, of Essick and Berg, general agents at Reading, Pa.; "The Value of Writing Miscellaneous Liability Lines," by Jere H. Barr, of the same firm; "The Aetna Publicity Service," by William S. Essick, general agent, Harrisburg, were the other addresses of the meeting. The lecture and address program was well attended, and many helpful suggestions were offered.

At 1 o'clock a special dinner was served for the agents at the Engineers Club. Before leaving the Y. M. C. A. however, the members were photographed in a group. After dinner the rest of the afternoon was devoted to an entertainment by Superintendent E. Z. Gross conducted the members over the city park system in automobiles.

Supreme Court Upholds Town Meeting Party

[Continued from First Page.]

Philadelphia, Nov. 1.—The State Supreme Court to-day upheld the right of the Town Meeting Party to have the names of its councilman candidates in the Forty-sixth ward placed on the ballot, reversing a decision yesterday of Judge Vassallo, of the court of common pleas, in which he ruled that the Town Meeting Party candidates had been illegally named by petition. Vassallo had been legally nominated at the primary by the Washington Party.

Decision on a parallel ruling by Judge Carr regarding councilman candidates in the Twenty-second ward will be announced later to-day.

HOT TEA BREAKS A COLD—TRY THIS!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive, entirely vegetable, therefore harmless.—Adv.

POLITICAL ADVERTISING

The Italian general staff, the writer says, has placed a severe ban on all descriptions of what happened during the last few days, but has permitted the sending of a description of the construction of Italian stores. The correspondent says: "The sky was constantly springing into a livid flare like an instantaneous sunset followed by a deep blinding roar. The vast clouds of smoke were outlined against the glowing heavens. Ammunition depots were being blown up, stores were being burned and bridges destroyed. The glare of explosions gave light to ghastly brilliance over the throngs of the retreating army."

The retreating army broke and lasted for three hours, often with extreme violence. It added to the hardships of the retreat, already severe enough, and must have meant the death of those wounded while covering the retreat. But it delayed the enemy's advance by swelling the rivers, softening the ground to mud and making air reconnaissance and bombing raids on congested roads and railways impossible. Such are the duties of the military engineer details are not permitted.

"The situation undoubtedly is grave but the silence which the inter-continental army now impose must not be construed as an indication that things are worse than they actually are. The blow has been severe but it will not crush Italy."

WOMAN'S UNIT PRAISED

The report of the adjutant of the Pennsylvania Motor Messengers Service, just issued from the Philadelphia office, gives favorable mention to Harrisburg's motor messengers and their captain, Mrs. Lorne Hummel, captain of the local organization. Captain Hummel's report to the adjutant shows that thirty automobiles are in active service here.

BUILDING MUCH NEEDED HOUSES

Big Increase in Number of Dwellings Being Erected Over Last Year

The erection of dwelling houses in the city during the last month shows a big increase over the record for October 1916, despite the high cost of materials and labor. During the month in 1916 less than a dozen residences were built, most of them for private individuals. Last month building permits were issued for the construction of twenty-two homes, most of them to be built of brick with modern improvements. A number of the houses are being erected by contractors and will be sold.

In addition to the permits for residences the following were taken out for large structures: Brick school building for open-air pupils, being built at Fifth and Seneca streets, \$30,000; Second Baptist Church, \$20,000, and apartments at Sixth and Verbeke streets, to cost more than \$20,000.

During the month twenty-two permits were issued for structures to cost \$146,160. Last year in October 45 permits were issued for buildings costing \$140,526.

A permit was issued to-day to Joseph Pomraning, contractor, for the erection of a one-story brick garage for the Hershey Creamery Company, South Cameron street. It will be of brick and will cost \$2,000.

MRS. LOUISA CRUM Mrs. Louisa E. Crum, aged 74, widow of Benjamin Crum, died early today at the home of her daughter, Mrs. H. B. Wolbert, 301 Briggs street, of pneumonia. Funeral services will be held at 10 o'clock Monday morning at the Rev. Mr. Miller officiating. Burial will be made in Shoop's Church Cemetery. Surviving Mrs. Crum are a daughter, Mrs. H. B. Wolbert; a son, H. W. Crum; a sister, Miss Sarah Fox, and seven grandchildren. Mrs. Crum was a former resident of Progress.

Some of the others are held at El Paso, where they will face court-martial before a separate court-martial on other charges growing out of the riot.

Twenty-two persons were killed in the riot at Houston. Of this number three were Houston police officers and one was Captain J. W. Matles, of the Second Illinois Field Artillery.

Shipbuilding Officials Will Confer With Strikers; 3,500 Fail to Report

Quincy, Mass., Nov. 1.—Officials of the Fore River plant of the Bethlehem Shipbuilding Company were prepared to-day to confer with committees representing striking machinists and other employees in the hope of adjusting wage differences without further delaying government shipbuilding work. It was estimated that 3,500 men failed to report this morning. Other departments of the plant were affected, it was said.

S. W. Wakeman, manager of the plant, expressed a willingness to hear the grievances of the men. The chief demand, according to union leaders, is that the company shall put in writing and live up to an understanding effected some months ago to raise wage to the navy war scale.

Court-Martial Opens For Colored Infantrymen By Associated Press San Antonio, Tex., Nov. 1.—The court-martial trial of the sixty-four enlisted men of the Twenty-fourth Infantry, negro, charged with murdering a white man during the riot at Houston the night of August 23 last, began at Fort Sam Houston this morning.

Colonel J. A. Hull, judge advocate, is conducting the prosecution, and Major D. V. Sutphen, assisting. The defendants are represented by Major Harry S. Greier.

The defendants are all from Companies I, M, K and L, which were sent to Houston to guard Government property during the construction of Camp Logan.

The negroes are part of a total of 100 men who were arrested shortly after the riot, and who have been in confinement since. Some of the others are held at El Paso, where they will face court-martial before a separate court-martial on other charges growing out of the riot.

Twenty-two persons were killed in the riot at Houston. Of this number three were Houston police officers and one was Captain J. W. Matles, of the Second Illinois Field Artillery.

CLOTHING FIRM TO BE INCORPORATED

Holman, Haeseler Company Will Ask For State Charter Tomorrow

Announcement was made to-day of the incorporation of the clothing business of A. W. Holman, at 228 Market street.

The new firm will be the Holman-Haeseler Company, and will handle men's furnishing as well as clothing. A. W. Holman, who founded the store a little more than two years ago, and Fred Haeseler will be the principals in the company, and P. Edgar Young, who has been with the store since it was started, will also be interested.

Mr. Holman has had a very successful career since going into business. He is well known in business circles and a prominent member of the Rotary Club. Mr. Haeseler has been connected with the business about one month, coming to Harrisburg from Middletown, where he was manager of a large clothing and men's furnishing house. He has been in the clothing business about twenty years. Mr. Hess is a nephew of Harrisburger, and has been identified with the clothing business almost since his school days. Since the Holman store was started it has been enlarged twice and improvements are now being made. Application for a charter will be made to-morrow.

Snow Covers Potato and Bean Crops in N. Y. State By Associated Press Buffalo, N. Y., Nov. 1.—From two to four inches of snow fell in western New York during the night covering thousands of acres of potatoes and beans. Farm bureaus had reported less than fifty percent of these crops out of the ground and only a quick moderation in the weather, it is said to-day, would save the unharvested crop.
