

Letters From the Front

HARD WORK IS LOT OF MEN NEW TO AIR

Perfection in piloting fighting airplanes so that the Boche may be brought down is not at all easy, writes Walter Shaffer from Tours, France, to his parents in Dauphin.

In the following letter Shaffer, who has been flying for some weeks in preparation to winning a commission, tells us how hard it is to man a machine under adverse conditions. His neck is stiff, he says, from trying to hold his head in position against the wind.

The letter follows:
Tours, France,
Monday, Oct. 1, 1917.

Dearest Mother:
At last I received a letter from you. It was dated September 12, so I surmised that the Germans must have sunk the ones written before that time—along with the bread, "Old Reliable," and numerous other things you sent in boxes. I only received one box from you and that was a long time ago—a month, I guess. Time flies so quickly here, and since we work Sunday the same as any other day, one is hard put to keep track of dates and days. Fortunately, I have one of the former to keep so I need not worry about the latter. See, I really should be out at class to-day, but after seeing how the ground lay and that my turn would not come for several hours yet, I decided to answer your letter immediately, besides it had gone hot out on that field at 1 p. m. and since I am still feeling the exposure I went through yesterday, I had a little rest would not be amiss. You see, yesterday they worked the whole class all day, would not even let us go in to dinner until about 10 o'clock, and in the field. The fact that the early morning was raw, foggy and chilly was

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This dissolves it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

I DREADED THOSE WAKEFUL NIGHTS

They Are Gone Now

Says Mr. T. Dohoney, 633 Walnut street, Harrisburg, I was miserable when I would walk any distance I became nervous and unsteady. I just dreaded to see night come, for I would be awake for hours at a stretch unable to sleep, at times would doze for a few minutes and then awaken in a start of confusion. My stomach gave me a lot of trouble, all food seemed to disagree with me, and I was constantly bothered with pains in stomach and side.

Generally speaking, I was all to the bad as it were. Well, to make a long story short, I tried Sanpan, and my stomach has come back remarkably, my nerves are in good shape, I sleep well, and no longer dread the coming of those wakeful nights, because they are a thing of the past. Sanpan is certainly a remarkable medicine.

Sanpan is being personally introduced at Keller's Drug Store, 405 Market street, Harrisburg, where the Sanpan man is meeting the people.—Adv.

CUT OUT MEATS IF KIDNEYS ARE TROUBLING YOU

Uric Acid in meat excites Kidneys and Irritates the Bladder.

Noted Authority says we must flush Kidneys with Salts if Back hurts.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach, or rheumatism in bad weather, get from your pharmacist four ounces of Jad Salts; take half a teaspoonful in a glass of water before breakfast each morning and a few days your kidneys will act up. This famous salt is made from acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and can cure: makes a delightful effervescent lithia-water drink, and can make a mistake by taking little occasionally to keep the system clean and active.

Miss Hannah Bucher Bride of Frederick K. Ployer

Mechanicsburg, Pa., Nov. 1.—At noon to-day Miss Hannah C. Bucher and Frederick K. Ployer, both of Mechanicsburg, were married at the home of the bride, No. 411 West Main street, by the Rev. George Fulton, pastor of the Presbyterian Church, in the presence of a few friends and relatives. Following the ceremony a wedding breakfast was

served. Mr. and Mrs. Ployer left on a wedding journey, after which they will be at home to their friends at No. 401 South Market street. The bride is a member of one of the oldest Cumberland county families and is a daughter of the late George H. Bucher. Mr. Ployer is prominent in local and county affairs of public interest and was a former cashier of the Second National bank. He is an elder in the Presbyterian Church and adjutant of Col. H. J. Zinn Post, No. 415, Grand Army of the Republic, and also past commander.

Save Owls and Kill the Cats, Urges Woman

Collingswood, N. J., — "Save the owls and kill the cats" is the appeal made by Mrs. Maude R. Wright, of Pennsboro, to members of the United States Association of the First Methodist Episcopal Church here, following the newspaper publicity given a story of a flock of owls occupying the tower over the belfry and the fact that the association was about to drive the birds away because of their noise and depredations. "These birds are useful in destroy-

ing rodents, are recognized by the government as such, they are friends of the people of Collingswood, and the noise they make is innocent on their part," continued Mrs. Wright, who provided the association and church with several Audubon Society placards to put up for the protection of the owls. "If the owls must be driven from their winter quarters, please spare their lives," the appeal continues, "for it would be wicked and cruel to harm them, as they do little harm unless food is scarce, and they very seldom bother poultry and birds."

BATH QUELLS DISTURBANCE

Wenatchee, Wash.—Twelve I. W. W. in the city jail created a commotion recently, but were quelled by water from the firehose.

The men tore from its hinges an iron door in the interior of the building, and using it as a battering ram proceeded to smash things up in general, with the front door as an objective. The racket soon brought the sheriff to the scene, who was cursed and jeered by the "wobblies," and with more yelling and shouting they redoubled their efforts. Fire Department men were direct-

ed to turn on the firehose and direct a stream of water through the front door of the jail. This method proved effective immediately.

SORE THROAT
or Tonsillitis—gargle with warm, salt water then apply—
VICK'S VAPORUB
Keep a Little Vapo-Rub in Your Home

WALTER SHAFFER

Quality First-- Prices Next

Prices are, after all a second consideration. The continued healthy growth of this store's business is due mainly to the entire absence of unreliable merchandise and the certainty one has of finding the world's best production in the lines handled.

Incidentally — if you appreciate good value — you will have no fault to find with prices here.
