

**Made From Paper Much Used in Germany**  
 Amsterdam.—The employment of paper yarn in all directions in Germany has made enormous progress during the past year. Cloths and fabrics are entirely of paper yarn

are now widely used. The base of these is a simple one-colored paper yarn used in exactly the same way as jute, prisoners camps are now supplied with mattresses and even pillows in which the covering is made of this fabric. In fact, paper weaving has made such strides that twills are now produced, and the time is not far distant when it will be possible to obtain excellent grades of worsted made of paper, and already the first patterns of such fabrics are being exhibited.

Ready-made clothing in paper is at present confined for the most part to special workmen's clothing. Entire suits of this are exhibited, as well as aprons, overalls, and office coats. The price of paper fabrics varies between 25 cents and one dollar a yard. Ready-made workmen's aprons and overalls are sold at six dollars a dozen. For entire suits the price is about \$5.

The paper clothing is not, however, entirely confined to workmen's clothing. A beginning has been made in supplying garments for women and children. For children there is a wide variety of paper garments available. For women, the offerings are thus far confined to underclothing.

**KING CONTRIBUTES.**  
 Munich.—The King of Bavaria's contribution to the "Gold Purchasing Headquarters" of his empire, which is buying up old family heirlooms, jewels of all kinds and precious metals and stones, is a cluster of 899 pearls which have a total value of a little over \$100,000. The King already has turned in diamonds, rubies and other stones worth \$25,000.

**HELPING GERMANY**  
 London.—(Correspondence of The Associated Press.)—Swedish army officials were accused of conspiring to furnish millions of dollars' worth of wool to Germany, in the course of an action in the Prize Courts here this week. The case concerned a shipment of 1,500 bales of wool, consigned to the Swedish army, but destined, according to the Attorney General, for a German firm in Leipzig. The shipment is valued at \$700,000.

being only one of several seized en route from the Argentine Republic. **WOMAN'S ARM BROKEN**  
 Millersburg, Pa., Nov. 1.—Mrs. Sadie Etzweiler, residing in North street, fell over a bucket in the cellar of her home Wednesday evening and fractured her right arm above the elbow.
