PINT TAKEN FROM WOMAN'S EAR

Swallowed Three Years Ago and Traveled Through Body Without Causing Trouble

Mount Joy, Pa., Nov. 7.—After she had suffered intense pain for about three weeks in one of her ears, the wife of Emanuel D. Sensenig, of near Martie Forge, was relieved when her daughter extracted a pin from the ear. Three years ago Mrs. Sensenig swallowed a pin, and it worked its way through her body. At the time she was greatly frightened and used prescribed remedies. No untoward results followed until a few weeks ago she felt a pain along the side of her neck and ear which increased daily until her daughter made an examination. She found a piece of iron or metal and when it was taken out the discovery was made that it was the pin swallowed three years ago.

FORTY DRAFT MEN CALLED TO NATIONAL ARMY

Carlsdale, Pa., Nov. 7.—To fill the first contingent from Cumberland county to the National Army, the board of District No. 2 has issued a call for forty men next on the list to appear for examination next Wednesday. No. 1 board is contemplating a similar call.

TOWN MEETING MEN MAY WIN CONTEST

[Continued from First Page.] ing candidates. The regular Republicans claim the election of their entire ticket. The complete vote of Philadelphia was as follows: Receiver of Taxes—W. F. Kondrick (Regular Republican) 114,236; T. P. Armstrong, (Town Meeting) 104,395. Register of wills—J. B. Sheehan, (Regular Republican) 105,874; W. G. Smith (Town Meeting) 103,204. City Treasurer—F. A. Shover, (Regular Republican) 109,037; W. L. Nicholson (Town Meeting) 106,250. Rotan District Attorney—Samuel P. Rotan, who was on the Regular Republican ticket and was endorsed by the Town Meeting party, was re-elected district attorney by more than 140,000 majority. The Town Meeting party was the outright of the Fifth ward killing in primary election day, independent organization of the party as a protest against the alleged methods used by adherents of the Vares brothers, who control the city organization, to win the leadership of the ward from the Penrose-McNichol faction.

VARES MAY LOSE

Prior to the primary election United States Senator Penrose and State Senator J. P. McNichol made an agreement with the Vares to support a set of four candidates, each side naming two. When the Town Meeting party was organized Senator Penrose joined forces with that body. Returns show that the Town Meeting party elected many candidates to councils, but whether the Vares lost control of these bodies may not be determined until the official count is made. All of the sitting judges of the various courts, who were candidates in yesterday's election to succeed themselves upon the bench, were re-elected. The surprise of the judicial election, however, was the strong race made by Judge Eugene C. Bonnell, of the Municipal Court, who opposed Judge William H. Stankle for a place on the bench of Common Pleas Court No. 5. Judge Bonnell polled 80,866 votes, the largest vote by far of any of the judges who failed of election, his successful opponent getting 102,251 votes. Many of the Town Meeting voters supported Judge Bonnell, and he received the votes of the Penrose-McNichol forces who cut the Smith-Vare ticket. His biggest votes were received in the independent wards, where Town Meeting candidates were given majorities.

WEST SHORE NEWS

REPUBLICANS WIN ON WEST SHORE

Five Towns Elect Burgesses; West Fairview Defeats School Loan

Republican candidates for office in West Shore towns were elected with sweeping majorities, early reports indicate. Four Republicans and one Democrat were elected to the office of borough. Dr. Walter R. Deitz was elected burgess of Lemoyne with a big majority; Butt, in New Cumberland; Zacharias in Camp Hill; Hoon in West Fairview, and Hummel in Wormleysburg. The fight for burgess at Camp Hill was closely contested between the winner and Carl Deen, at present a councilman. The figures were: Zacharias, 150, and Deen, 130. Burgess Hummel at Wormleysburg would not file a petition for nomination to that office, but at the primaries was assured of that office when he was nominated with little opposition by voters of both parties. Wormleysburg council only through the election was able to fill the vacancies in council that have been caused at intervals during the year by resignations. The members elected were: Wright, Baum, Boose, Miller, Miller and Howard. The \$15,000 loan to be used in remodeling the borough school at West Fairview was defeated by a vote of 62 to 49, thereby holding up these improvements for a year. The school-rooms have been congested for two years and efforts have been made to build additional rooms and remodel the present buildings. What course will be followed now is not known. James A. Pryor, of Lemoyne, a candidate on the prohibition ticket for sheriff, was given a large vote in his home town and along the West Shore.

State Label Gets Wide Recognition

Pennsylvania poultry farms which make a specialty of shipping fancy white eggs to the larger markets have adopted the label of the Bureau of Markets of the State Department of Agriculture and thousands of eggs selected and packed in accordance with instructions from the bureau are being shipped daily.

The label is a guarantee of the quality of the eggs and it also serves to create a market for Pennsylvania products which are advertised under the label. Numerous complaints of poultrymen concerning the shipment of eggs, poultry and empty crates have been received and the Bureau of Markets is investigating a number of these complaints. The Bureau stands ready to investigate any just complaints concerning delays, embargoes, conditions, practices, charges and rates in the transportation and handling of agricultural products. The Bureau will investigate any charges of freight or express shipments of the poultrymen and farmers. Under the law creating the Bureau of Markets power is given to investigate delays, embargoes, conditions, practices, charges and rates in the transportation and handling of agricultural products. The Bureau will investigate any charges of freight or express shipments of the poultrymen and farmers.

Relatives Can Find No Trace of Young Soldier

Lewistown, Pa., Nov. 7.—Every effort possible has been put forth to find a trace of Charles D. Burke, an 18-year-old youth of Yeagertown, who disappeared after being called to join the Army, but no word from him has since been received. The lad left his home in Yeagertown last summer. In August a few lines were received from him by his sister, Mrs. Francis Albright, of Yeagertown, saying, "We sail to-morrow." At Washington, D. C., on September 17, received by Mrs. Sarah Burke, of Uniontown, mother of the lad, says: "The last information concerning Charles Burke is that his address is Battery A, Seventh Field Artillery, American Expeditionary Forces." His relatives have mailed a number of letters to that address and received no replies. Mrs. Burke received a letter a few days ago from the office of the Depot Quartermaster at Washington, D. C., stating that she will receive an allotment of \$25 a month for six months commencing with September 15. This letter gave no hint of her son's whereabouts. Earle Burke, a brother of Charles, is a member of the United States Marine Corps. He wrote home about a month ago saying, "We are ready to sail for France."

GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

It becomes beautifully soft, wavy abundant and glossy at once. Save your hair! All dandruff goes and hair stops coming out. Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance. Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful. You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Danderine at any drug store or toilet counter and try it as directed. Save your hair! Keep it looking charming and beautiful. You will say this was the best money you ever spent.

U. S. Men in Trenches Discarding Army Hat

American Training Camp in France, Nov. 7.—By the Associated Press.—The wide-brimmed campaign hats for troops actually in the field have been abandoned by the United States Army in their place hats like the fatigue headgear of the French Army have been adopted. Many have been purchased and hurried to the troops now in the trenches. The new hat is a sort of fore and aft arrangement made by sewing two heavy pieces of khaki cloth with the seams front and back and adding to the sides other pieces of material which fold up on the side of the hat or may be drawn down to cover the ears. The hat is most comfortable. It also may be rolled up to pocket size or worn under shrapnel helmets. The old campaign hat was cumbersome to fold and officers recommended a change. It was so unwieldy that some of the troops discarded it entirely when they were changing to the shrapnel helmet. The old campaign hat is still worn at billets and in barracks, but many officers recommending its complete abandonment say it was designed for tropical countries.

MAXWELL Most Miles per Gallon Most Miles on Tires

\$745 F. O. B. DETROIT

Straight and sure—like an arrow that flies from the bow and imbeds itself in the bull's-eye— So have the Maxwell builders fixed a price for their product—\$745—which makes it possible for them to say:

"Below this figure there must be something lacking which we have put into the Maxwell—efficiency, durability, economy, comfort, beauty or standard equipment.

—and above this figure we could give you no greater practical utility—only larger size or richer and fancier furnishings."

This is the scientific fact—proved and demonstrated by one of the giants of the motor car industry in years of production on an immense scale.

And we stand firm on this finding of the Maxwell builders.

We believe the Maxwell to be the BEST MOTOR CAR INVESTMENT possible today.
